Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

The audit report has been corrected to the following wording

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with **Canadian generally accepted auditing standards**. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
