FOR IMMEDIATE RELEASE

Explorex Resources Inc. Announces Appointment of Vice President of Exploration

August 8, 2012 – Vancouver, BC. **Explorex Resources Inc.** (TSX-V: EX) is pleased to announce the appointment of Patrick Forseille as Vice President of Exploration.

Mr. Forseille is a professional Geoscientist who also has a Bachelor of Commerce degree in accounting. Both geological and finance skills have been applied to various public companies over the past fifteen years in mineral exploration and the oil and gas exploration and production. He has served in differing capacities including comptroller, exploration manager, chief financial officer and corporate secretary. Prior to this, he was employed as an accountant and geologist with Cameco Corp and Imperial Oil Resources Ltd.

“We are excited to welcome Mr. Forseille to our experienced and knowledgeable corporate team and we look forward in working together on our Procupine Property project.” Bill Wishart, President and CEO of Explorex Resources Inc.

About Explorex Resources Inc.

Explorex Resources Inc. is a Canadian junior exploration company focusing on discovering great Canadian mineral deposits. Explorex Resources’ corporate team has dozens of years of experience in the mining and financial industries and has entered into a joint venture agreement to explore the Porcupine Property in ore rich Atlantic Canada.

Disclaimer for Forward-Looking Information

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or the accuracy of this news release.

Certain of the statements made and information contained herein constitutes “forward-looking information” within the meaning of the Securities Act (British Columbia). This includes statements concerning the Company’s plans at its mineral properties, which involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking information. Forward-looking information is subject to a variety of risks and uncertainties which could cause actual events or results to differ from those reflected in the forward-looking information, including, without limitation, the availability of financing for activities, risks and uncertainties relating to the interpretation of drill results and the estimation of mineral resources and reserves, the geology, grade and continuity of mineral deposits, the possibility that future exploration, development or mining results will not be consistent with the Company’s expectations, metal price fluctuations, environmental and regulatory requirements, availability of permits, escalating costs of remediation and mitigation, risk of title loss, the effects of accidents, equipment breakdowns, labour disputes or other

unanticipated difficulties with or interruptions in exploration or development, the potential for delays in exploration or development activities, the inherent uncertainty of production and cost estimates and the potential for unexpected costs and expenses, commodity price fluctuations, currency fluctuations, expectations and beliefs of management and other risks and uncertainties. In addition, forward-looking information is based on various assumptions. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in forward-looking statements. Accordingly, readers are advised not to place undue reliance on forward-looking information. Except as required under applicable securities legislation, the Company undertakes no obligation to publicly update or revise forward-looking information, whether as a result of new information, future events or otherwise.
