GTO RESOURCES INC. ENTERS INTO SHARE EXCHANGE AGREEMENT

VANCOUVER, British Columbia, Canada May 29, 2014 - Further to its news release dated April 21, 2014, GTO Resources Inc. (the "Company" or "GTO") wishes to provide the following update.

The Company has executed a definitive share exchange agreement with A.C.L. Computers and Software Inc. ("ACL") effective May 23, 2014 to issue 72,000,000 common shares at \$0.05 per share, for an aggregate purchase price of \$3,600,000 to acquire all the issued and outstanding shares of ACL Computers & Software Ltd. of Maryland. The parties expect to close the share exchange transaction promptly following receipt of shareholder and regulatory approvals.

ACL was incorporated on February 15, 1994 and provides a wide range of technology integration solutions, principally to major United States government contractors such as Lockheed Martin and Boeing, among many others. ACL is one of only 30 Tier 1 Resellers authorized to buy MCM products directly from the manufacturer or distributor. All resellers that are Tier 2 or lower are required to purchase directly from an MCM Tier 1 reseller such as ACL. Shortly after acquiring the Tier 1 status, ACL won two MCM contracts with a combined value of over \$16,000,000 in revenue and is actively pursuing many other new opportunities.

Upon completion of the acquisition of ACL, the Company will dispose of its existing mining assets. The Company has applied to the Canadian Securities Exchange for the listing of its common shares with a view to eventually delisting from the TSX Venture Exchange.

Upon completion of the share exchange transaction, the directors of the Company will be Adam Radly, Robert Bates, Chip Hackley, and Randy Clifford. Mr. Radly is currently the CEO of Xumanii International Holdings Corp., Mr. Bates is the CFO of Xumanii International Holdings Corp., and Mr. Hackley is the CEO of Hermosa Capital Management LLC.
