Vancouver, British Columbia--(Newsfile Corp. - December 9, 2021) - This release is provided by Scott Taylor, who, together with joint actors Christina Barnard, Jason Barnard and affiliates (collectively, with Mr. Taylor, "we" or the "Concerned Shareholders"), hold directly and indirectly approximately 7.7%% of the issued and outstanding common shares of FAR Resources Ltd. (CSE: FAT) (FSE: F0R) (OTC Pink: FRRSF) ("FAR" or the "Company") that are entitled to be voted at the Company's annual general meeting ("AGM") to be held on December 10<sup>th</sup>, 2021.

On December 8<sup>th</sup>, 2021 The Concerned Shareholders deposited proxies with the Company's transfer agent totaling approximately 79 million shares or an astounding 49.7% of FAR's issued and outstanding common shares. Scott Taylor, the Concerned Shareholders' proposed CEO, commented "achieving virtually 50% vote support FOR dissident shareholders is remarkable given that micro-cap mining companies typically achieve less than 20% TOTAL voter turnout at AGMs." This amazing show of strength virtually guarantees that the Concerned Shareholders nominees being Scott Taylor, Pierre-Yves Tenn and Andrew Lyons will be elected as the new Board at the December 10<sup>th</sup>, 2021 Annual General Meeting. The Concerned Shareholders would like to offer a huge thank you to all shareholders who have supported them in bringing about the critical change needed at FAR to maximize the potential for future growth and shareholder returns.

Recent cashing in of options and warrants by the incumbent Board, over the past few days, suggest that Board members know their time as officers and directors is almost up and they are taking final steps to maximize their own interests.

The Concerned Shareholders and their nominees are preparing for real and positive change at FAR commencing immediately following the shareholders meeting. The new Board has a comprehensive plan for asset development, shareholder engagement and Company financing and will be providing

further details following the historic vote on December 10<sup>th</sup>, 2021.
