

Foremost Lithium Announces Application to List on Upstream – A Next Generation Exchange

New Exchange Listing Application to Broaden Access to Global Audience Investing with Digital Currency & Traditional Payments

VANCOUVER, British Columbia, June 20, 2024 -- Foremost Lithium Resource & Technology Ltd. (NASDAQ: FMST) (CSE: FAT) (“Foremost Lithium”, “Foremost” or the “Company”), a North American hard-rock lithium exploration company, today announced that it has submitted an application to list its shares on [Upstream](#), a revolutionary securities trading app designed to eliminate barriers for international investment into North America while not competing with other exchanges domestically, such as Nasdaq and the Canadian Securities Exchange (“the CSE”).

Upstream was designed to provide companies like Foremost the channel to access an international, digital-first investor base that trade using USDC digital currency along with credit, debit, PayPal, and USD which could unlock liquidity and enhance price discovery. The planned uplisting is expected to enhance Foremost’s global investment exposure and potential investment opportunities. Foremost’s current shareholders and its listings on Nasdaq and CSE will not be affected upon a successful listing to Upstream.

“We believe that our application with Upstream will help Foremost potentially maximize liquidity and enhance price discovery for potential shareholders, providing reach to a new international base of investors,” said Jason Barnard, President & CEO of Foremost Lithium. *“Upstream is a fully regulated global trading app with an audience of investors who are not bound by geography or currency parameters, typically in regions where investing into a U.S. or Canadian-listed security can be an arduous process for international transactions. Upstream will act as an excellent vehicle to reach an untapped international market of potential new shareholders.”*

Approval to be listed on Upstream is subject to acceptance by MERJ. However, as an existing Nasdaq issuer, Foremost may be eligible for an expedited listing process. Existing non-U.S. and Canadian shareholders and investors outside North American markets may prepare for the potential listing by downloading Upstream from their preferred app store at <https://upstream.exchange/>, creating an account by tapping sign up, and completing a simple KYC identity verification. Note, U.S. or Canadian persons may not deposit, buy, or sell securities on Upstream.

About Upstream

Upstream, a MERJ Exchange market (<https://merj.exchange/>), is a global securities trading app. Powered by Horizon's proprietary, transparency-first, matching engine, Upstream allows investors outside of the U.S. to trade securities using just an app. For more information, please visit <https://upstream.exchange/>. Upstream is currently accepting applications to dual list at <https://upstream.exchange/getlisted>.

About Foremost Lithium

Foremost Lithium (NASDAQ: FMST) (CSE: FAT) (FSE: F0R0) (WKN: A3DCC8) is a hard-rock lithium exploration company focused on empowering the North American clean energy economy. Foremost’s strategically located lithium properties extend over 43,000 acres in Snow Lake, Manitoba, and hosts a property in a known active lithium camp situated on over 11,400 acres in Quebec called Lac Simard South.

Foremost’s four flagship Lithium Lane Projects as well as its Lac Simard South project are located at the tip of the NAFTA superhighway to capitalize on the world’s growing EV appetite, strongly positioning the Company to become a premier supplier of North America’s lithium feedstock. As the world transitions towards decarbonization, the Company’s objective is the extraction of lithium oxide (Li₂O), and to subsequently play a role in the production of high-quality lithium hydroxide (LiOH), to help power lithium-based batteries, critical in developing a clean-energy economy. Foremost Lithium also has the Winston Gold/Silver Property in New Mexico USA. Learn More at www.foremostlithium.com.
