INFORMATION CIRCULAR

The information contained in this Information Circular, unless otherwise indicated, is as of December 8, 2015.

This Information Circular is being mailed by the management of Signal Exploration Inc. (“Signal” or the “Company”) to everyone who was a shareholder of record on November 30, 2015, which is the date that has been fixed by the directors of Signal as the record date to determine the shareholders who are entitled to receive notice of the meeting. Signal is mailing this Information Circular in connection with the solicitation of proxies by and on behalf of Signal’s management for use at the annual general meeting (the “Meeting”) of the shareholders that is to be held on Tuesday, January 12, 2016 at 11:30 a.m. at 610-700 West Pender Street, Vancouver, B.C., V7K 2R4. The solicitation of proxies will be primarily by mail. Certain employees or directors of Signal may also solicit proxies by telephone or in person. The cost of solicitation will be borne by Signal.

Under Signal’s Articles, at least two shareholders must be present in person or by proxy who are entitled to vote at the Meeting before any action may validly be taken at the Meeting. If such a quorum is not present in person or by proxy, the Meeting will be rescheduled.

PART 1 – VOTING

HOW A VOTE IS PASSED

All matters that will come to a vote at the Meeting, as described in the attached Notice of Meeting, are ordinary resolutions and can be passed by a simple majority – that is, if more than half of the votes that are cast are in favour, and then the resolution is approved. In addition, approval of the resolution approving the Company’s 10% rolling Stock Option Plan and grants thereunder are to be passed by a simple majority of the votes cast by persons who are not insiders or associates of insiders of Signal. See Part 3 – The Business Of The Meeting.

WHO CAN VOTE?

If you are a registered shareholder of Signal as at November 30, 2015, you are entitled to notice of and to attend the Meeting and cast a vote for each share registered in your name on all resolutions put before the Meeting. If the shares are registered in the name of a corporation, a duly authorized officer of the corporation may attend on its behalf, but documentation indicating such officer’s authority should be presented at the Meeting. If you are a registered shareholder but do not wish to, or cannot, attend the Meeting in person you can appoint someone who will attend the Meeting and act as your proxyholder to vote in accordance with your instructions (see “Voting By Proxy” below). If your shares are registered in the name of a “nominee” (usually a bank, trust company, securities dealer or other financial institution) you should refer to the section entitled “Non-registered Shareholders” set out below.

VOTING BY PROXY

If you do not come to the Meeting, you can still make your votes count by appointing someone who will be there to act as your proxyholder. You can either tell that person how you want to vote or you can let him or her decide for you. You can do this by completing a form of proxy.

In order to be valid, you must return the completed form of proxy to Signal’s transfer agent, TMX Equity Transfer Services Inc., 200 University Avenue, Suite 300, Toronto, Ontario, M5H 4H1 (Facsimile: 416-595-9593) no later than 48 hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting or any adjournment thereof.

What Is A Proxy

A form of proxy is a document that authorizes someone to attend the Meeting and cast your votes for you. A form of proxy is enclosed with this Information Circular. You should use it to appoint a proxyholder, although you can also use any other legal form of proxy.

Appointing A Proxyholder

You can choose any individual to be your proxyholder. It is not necessary for the person whom you choose to be a shareholder. To make such an appointment, simply fill in the person’s name in the blank space provided in the enclosed form of proxy. To vote your shares, your proxyholder must attend the Meeting. If you do not fill a name in the blank space in the enclosed form of proxy, the person’s name in the form of proxy will be deemed to be appointed to act as your proxyholder. Such persons are directors and/or officers of Signal (the “Management Proxyholders”).

Instructing Your Proxy

You may indicate on your form of proxy how you wish your proxyholder to vote your shares. To do this, simply mark the appropriate boxes on the form of proxy. If you do this, your proxyholder must vote your shares in accordance with the instructions you have given.

If you do not give any instructions as to how to vote on a particular issue to be decided at the Meeting, your proxyholder can vote your shares as he or she thinks fit. If you have appointed the Management Proxyholders as your proxyholder, they will, unless you give contrary instructions, vote your shares at the Meeting as follows:

- ✓ **FOR the setting of the number of directors at 4;**
- ✓ **FOR the election of the proposed nominees as directors;**
- ✓ **FOR the appointment of Saturna Group Chartered Accountants LLP, as the auditor for Signal;**
- ✓ **FOR the resolution to authorize the directors to fix the remuneration to be paid to the auditor; and**
- ✓ **FOR the resolution to approve and ratify the Company's 10% rolling Stock Option Plan**

For more information about these matters, see Part 3 – The Business of the Meeting. **The enclosed form of proxy gives the persons named on it the authority to use their discretion in voting on amendments or variations to matters identified in the Notice of Meeting.** At the time of printing this Information Circular, the management of Signal is not aware of any other matter to be presented for action at the Meeting. If, however, other matters do properly come before the Meeting, the persons name on the enclosed form of proxy will vote on them in accordance with their best judgment, pursuant to the discretionary authority conferred by the form of proxy with respect to such matters.

Changing Your Mind

If you want to revoke your proxy after you have delivered it, you can do so at any time before it is used. You may do this by (a) attending the Meeting and voting in person; (b) signing a proxy bearing a later date; (c) signing a written statement which indicates, clearly, that you want to revoke your proxy and delivering this signed written statement to Signal at 4550 Prime Street, North Vancouver, B.C., V7K 2R4; or (d) in any other manner permitted by law.

Your proxy will only be revoked if a revocation is received by 5:00 (Vancouver time) in the afternoon on the last business day before the day of the Meeting, or any adjournment thereof, or delivered to the person presiding at the Meeting before it (or any adjournment) commence. If you revoke your proxy and do not replace it with another that is deposited with us before the deadline, you can still vote your shares but to do so you must attend the Meeting in person. **Only registered shareholders may revoke a proxy. If your shares are not registered in your own name and you wish to change your vote, you must, at least 7 days before the Meeting, arrange for your nominee to revoke your proxy on your behalf (see below under “Non-Registered Shareholders”)**

NON-REGISTERED SHAREHOLDERS

If your shares are not registered in your own name, they are likely held in the name of a “nominee”, usually a bank, trust company, securities dealer or other financial institution. Your nominee must seek your instructions as to how to vote your shares.

Accordingly, unless you have previously informed your nominee that you do not wish to receive material relating to shareholders' meetings, you will have received this Information Circular from your nominee, together with a form of proxy or voting instruction form. If that is the case, **it is most important that you comply strictly with the instructions that have been given to you by your nominee on the voting instruction form.** If you have voted and wish to change your voting instructions, you should contact your nominee to discuss whether this is possible and what procedures you must follow.

If your shares are not registered in your own name, we will not have a record of your name and, as a result, unless your nominee has appointed you as a proxyholder, will have no knowledge of your entitlement to vote. If you wish to vote in person at the Meeting, therefore, please insert your own name in the space provided on the form of proxy or voting instruction form that you have received from your nominee. If you do this, you will be instructing your nominee to appoint you as proxyholder. Please adhere strictly to the signing and returning instructions provided by your nominee. It is not necessary to complete the form in any other respect, since you will be voting at the Meeting in person.

PART 2 – VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The authorized capital of Signal consists of an unlimited number of common shares. At the close of business on November 30, 2015; 10,350,000 common shares were outstanding. Under Signal's Articles and pursuant to the Business Corporations Act (British Columbia), the number of directors cannot be fewer than 3. Signal currently has four directors.

The following are the nominees proposed for election as directors of Signal together with the number of common shares and stock options that are beneficially owned, directly or indirectly, or over which control or direction is exercised, by each nominee. Each of the nominees has agreed to stand for election and management of the Company is not aware of any intention of any of them not to do so. If, however, one or more of them should become unable to stand for election, it is likely that one or more other persons would be nominated at the Meeting for election and, in that event, the persons designated in the form of proxy will vote in their discretion for a substitute nominee.

APPROVAL AND RATIFICATION OF STOCK OPTION PLAN

The Board of Directors of the Company implemented a stock option plan (the "Plan") effective November 25, 2014, which was approved by the TSX Venture Exchange (the "Exchange") and the shareholders of the Company. The number of common shares which may be issued pursuant to options previously granted and those granted under the Plan is a maximum of 10% of the issued and outstanding common share at the time of the grant. In addition, the number of share which may be reserved for issuance to any one individual may not exceed 5% of the issued shares on a yearly basis or 2% if the optionee is engaged in investor relations activities or is a consultant. Under Exchange policy, all such rolling stock option plans which set the number of common shares issuable under the plan at a maximum of 10% of the issued and outstanding common share must be approved and ratified by shareholders on an annual basis.

The TSX Venture Exchange requires Issuers to obtain shareholder approval annually of a stock option plan (the "Plan"). Shareholders approved the current 10% rolling Plan in 2014 and are being requested to approve the same form of Plan. The Corporation currently has 10,350,000 common shares outstanding. As of the date of this circular, there are 1,035,000 common shares reserved for the exercise of stock options.

Therefore, at the Meeting, shareholders will be asked to pass a resolution in the following form:

"UPON MOTION IT WAS RESOLVED that the Company approve and ratify, subject to regulatory approval, the Plan pursuant to which the directors may, from time to time, authorize the issuance of options to directors, officers, employees and consultants of the company to a maximum of 10% of the issued and outstanding common shares at the time of the grant, with a maximum of 5% of the Company's issued and outstanding shares being reserved to any one person on a yearly basis."

The purpose of the Plan is to allow the Company to grant options to director, officers, employees and consultants, as additional compensation, and as an opportunity for Signal to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to five years as determined by the Board of Directors of the Company and are required to have an exercise price no less than the closing market price of the Company's shares prevailing on the day that the option is granted less a discount of up to 25%, the amount of the discount varying with market price in accordance with the policies of the Exchange. Pursuant to the Plan, the Board of Directors may from time to time authorize the issue of options to directors, officers, employees and consultants of the Company or employee of companies providing management or consulting services to the Company. Other than options issued to consultants performing Investor Relations Activities which must vest in stages over 12 months with no more than one-quarter of the options vesting in any three month period, the Plan contains no vesting requirements, but permits the Board of Directors to specify a vesting schedule in its discretion.

The full text of the Plan will be available for review at the Meeting and may be obtained from the Corporation prior to the Meeting upon request.

Unless such authority is withheld, the Management Proxyholders intend to vote FOR the approval and ratification of the Plan.

EMPLOYMENT CONTRACTS AND TERMINATION OF TERMINATION ARRANGEMENTS

The Corporation does not have written employment agreements with the Named Executive Officers.

REPORT ON EXECUTIVE COMPENSATION

The Board of Directors collectively has the responsibility to administer the compensation policies related to the executive management of the Company, including those named in the tables above. The Company's compensation structure is designed to reward performance and be competitive with the compensation arrangements of other Canadian resource companies of similar size and scope of operations. Each executive officer's position is evaluated to establish skill requirements and the level of responsibility and this evaluation provides a basis for internal and external comparisons of positions. In addition to industry comparables, the Board of Directors considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-term

interests of the Company and its shareholders, overall financial and operating performance of the Company, and the Board of Directors' assessment of each executive's individual performance and contribution towards meeting corporate objectives.

Executive officers' compensation is currently composed of two components: base salary and stock options, with stock options being issued as an incentive for performance. Interested executives do not participate in reviews, discussions or decisions of the Board of Directors regarding this remuneration.

Base salaries are determined following a review of market data for similar positions in Canadian resource companies of comparable size and scope of operations. The salary for each executive officers' position is then determined having regard to the incumbent's responsibilities, individual performance factors, overall corporate performance, potential for advancement, and the assessment of the Board of Directors of such matters as are presented by management.

The second component of the director and executive officers' compensation is stock options. The Board of Directors may from time to time grant stock options to executive officers under the Company stock option plan. Grants of stock options are intended to align the interests of the executive officers and directors with those of the shareholders over the longer-term.

During the year ended December 31, 2014, the Company did not grant any stock options to its executive officers.

PART 5 – AUDIT COMMITTEE

AUDIT COMMITTEE CHARTER

The text of Signal's Audit Committee Charter is attached as Appendix "A" to this Information Circular.

COMPOSITION OF AUDIT COMMITTEE

Mr. Peschke, Mr. Hahn and Mr. McCrea are members of Signal's Audit Committee. At present, both Mr. Peschke and Mr. McCrea are considered "independent" as that term is defined in applicable securities legislation.

All three members of the Audit Committee have the ability to read and understand financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by Signal's financial statements.

RELEVANT EDUCATION AND EXPERIENCE

All of the Audit Committee members are senior level business persons with extensive experience in financial matters; each has a broad understanding of accounting principles used to prepare financial statements and varied experience as to general application of such accounting principles, as well as the internal controls and procedures necessary for financial reporting, garnered from working in their individual fields of endeavour. In addition, each of the members of the Audit Committee has knowledge of the role of an audit committee in the realm of reporting companies from their years of experience as directors of public companies other than the Company.

Tax fees

Aggregate fees billed by the Company's external auditor in each of the last two fiscal years for professional services rendered for tax compliance, tax advice and tax planning were \$0 (2013) and \$0 (2012) respectively. These services included the preparation of and filing of corporate tax returns.

AUDIT COMMITTEE OVERSIGHT

At no time since the commencement of the Company's most recent financial year was a recommendation of the Committee to nominate or compensate an external auditor not adopted by the Board of Directors.

RELIANCE ON CERTAIN EXEMPTIONS

At no time since the commencement of the Company's most recent financial year has the Company relied on the exemption in Section 2.4 of MI 52-110 (De Minimis Non-audit Services), or an exemption from MI 52-110, in whole or in part, granted under Part 8 of the Multilateral Instrument 52-110.

PRE-APPROVAL POLICIES AND PROCEDURES

The Committee has not adopted specific policies and procedures for the engagement of non-audit services as described above under the heading “External Auditors”.

EXEMPTION IN SECTION 6.1 OF MI 52-110

As Signal is a “Venture Issuer” pursuant to relevant securities legislation, the Company is relying on the exemption in Section 6.1 of MI 52-110 from the requirement of Parts 3 (Composition of the Audit Committee) and 5 (Reporting Obligations).

PART 6 – CORPORATE GOVERNANCE

National Instrument 58-201 establishes corporate governance guidelines, which apply to all public companies. The Company has reviewed its own corporate governance guidelines, which comply with all public companies.

INDEPENDENCE OF THE MEMBERS OF THE BOARD

The Company’s Board consists of 4 directors, two of whom are independent based upon the tests for independence set forth in Multilateral Instrument 52-110. Mr. Hartley and Mr. Hahn are compensated for services by company.

MANAGEMENT SUPERVISION BY BOARD

The Board does not have a chairman. Mr. Hartley will act as Chairman of meetings of the Board. The Company believes that this structure best reflects the entrepreneurial leadership of the Company. The Board is satisfied that autonomy of the Board and its ability to function independently of management is protected by means such as through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members.

PARTICIPATION OF DIRECTORS IN OTHER REPORTING ISSUERS

Certain of the Directors of Signal are also directors of other reporting issuers (or equivalent) in a jurisdiction or a foreign jurisdiction as follows:

Name of Director	Other Reporting Issuer (or equivalent in a foreign jurisdiction)
N/A	

PARTICIPATION OF DIRECTORS IN BOARD MEETINGS

In the financial year ended December 31, 2014, matters requiring board approval were able to be approved by directors consent resolutions or by directors’ board meetings. The directors do have regular ongoing informal discussions. When required, the independent directors may and are encouraged to hold meetings at which non-independent directors and members are not in attendance as often as necessary.

BOARD MANDATE

The Board is responsible for approving long-term strategic plans and annual operation plans and budgets recommended by management. Board consideration and approval is also required for material contracts and business transactions.

The Board delegates to management responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on Signal’s business in the ordinary course, managing Signal’s cash flow, evaluating new business opportunities recruiting staff and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives, long-term strategic plans and annual operating plans.

POSITION DESCRIPTIONS

Given the small size of the Company’s infrastructure and existence of only two officers and four directors, the Board does not feel that it is necessary at this time to formalize position descriptions or corporate objectives for either the President or the Chief Executive Officer of the Board, in order to delineate their respective responsibilities. The Board delineates the role and responsibilities of these individuals through reference to industry norms, past practice and in the case of the President, through reference to the terms of her employment with the Company.

The Board of Directors responds to and, if it considers appropriate, approves, with such revisions as it may require, corporate objectives and recommended courses of action, which have been brought forward by the President and management. In addition to those matters, which must be approved by the Board of Directors by law, significant business activities and actions proposed to be taken by the Company are subject to Board approval.

Annual capital and operating budgets and significant changes thereto, long range plans, major changes in the organizational structure of the Company, annual financial statements, major acquisition and disposal transactions, major financing transactions involving the issuance of shares, flow-through securities and the like, acquisitions of properties, long-term contracts with significant cumulative financial commitments, appointment of senior executive officers, directors' liability insurance, stock option plans, issuance of stock options and succession plans are all subject to approval of the Board of Directors, or where appropriate, a duly authorized committee of the Board of Directors.

In addition, the Board of Directors is responsible for overseeing the strategic direction of the Company, monitoring the performance of the Company's assets and assessing opportunities for and risks affecting the Company's business and assessing means to effectively deal with the Company's business.

ORIENTATION AND CONTINUING EDUCATION

While the Company does not have formal orientation and training programs, the Company provides new Board members with:

1. Information respecting the functioning of the Board of Directors, committees and copies of the Company's corporate governance policies;
2. Access to recent, publicly filed documents of the Company; and
3. Access to management;

to orient new Directors regarding the role of the Board, its committees and its Directors, and the nature and operations of the Company's business.

The Board ensures that its Directors maintain the skill and knowledge necessary to meet their obligations as Directors by encouraging Board members to: communicate with management, auditors and technical consultants; keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend industry related seminars and visit the Company's operations. Board members have full access to the Company's records.

ETHICAL BUSINESS CONDUCT

The Board monitors the ethical conduct of the Company and ensures that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

NOMINATION OF DIRECTORS

The Company does not have a nominating committee because the Board fulfills these functions.

COMPENSATION OF DIRECTORS AND CEO

The Company does not have a compensation committee as the Board of Directors is responsible for determining all forms of compensation, including long-term incentive in the form of stock options, to be granted to the CEO of the Company and the directors, and for reviewing the CEO's recommendations respecting compensation of the other officers of the Company, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of its officers, the Board considers: i) recruiting and retaining executives critical to the success of the Company and the enhancement of shareholder value; ii) providing fair and competitive compensation; iii) balancing the interests of management and the Company's shareholders; and iv) rewarding performance, both on an individual basis and with respect to operations in general.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board has appointed an Audit Committee the members of which are the following: Manfred Peschke, Brent Hahn and James McCrea. A description of the function of the Audit Committee can be found in this Circular under Audit Committee.

ASSESSMENTS

The Board does not consider that formal assessments of the Board, its committees and individual Directors would be useful at this stage of the Company's development, and thus conducts informal annual assessments of such individuals and bodies.
