About XRApplied Technologies Inc. (XRA)

XRA is an immersive technology solutions provider that specializes in bringing cost-efficient AR/VR e-commerce applications to large and small businesses. We accomplish this through a suite of proprietary products and services (AR catalog, toy gamification, AR App e-commerce, AR/VR interactive games) that we bring to the masses via our exclusive XRA Marketing Platform.

About the Metaverse

One of the biggest catalysts for the growth of AR/VR/MR is undoubtedly the recent rebranding of Facebook to Meta. This has sent a signal that Facebook’s “Metaverse” will play an essential role in how we connect in the future. Successfully taking advantage of the opportunities of the metaverse will require a diverse set of skills, including 3D modelling, AR/VR implementation and NFT/ smart contract coding and marketing. We believe that we are one of only a handful of Companies with the depth of talent to help industries embrace the metaverse and become early adopters to gain a significant market advantage.
