TARTISAN ANNOUNCEMENT REGARDING PRIVATE PLACEMENT

June 6, 2014 – Toronto, ON

Tartisan Resources Corp. (CSE:TTC; “Tartisan” or the “Company”) wishes to announce that it is extending a private placement offering on the same terms as those originally announced on February 7th and April 1st, 2014, those terms being: the non-brokered private-placement offering of up to 3 million Units of the Company (less a first tranche already closed), at a price of \$CDN 0.07 per Unit, for gross proceeds of up to \$CDN 210,000 (the “Offering”). Each Unit will consist of one Tartisan common share and one common share-purchase warrant (the “Warrants”); each full Warrant will entitle the holder to purchase one Tartisan common share at a price of \$CDN 0.14 for a period of 12 months after the closing of the Offering. A finder’s fee equal to a cash commission of 8% of the aggregate gross proceeds from the Units sold, plus finder’s warrants equal to 8% of the aggregate number of Units sold, will compensate qualified finders appointed by the Company to source subscriptions. All securities issued by the Offering will be subject to a hold period of four months plus one day from the date of issue. This extension of the Offering is subject to regulatory approval.

Net Proceeds from the Offering will be used to fund exploration of the Company’s gold, silver and base metals projects in North-Central Perú, and for working capital purposes. The planned exploration work will include preparation for diamond drilling at La Victoria, the Company’s wholly owned flagship project located in northern Ancash Department. Tartisan’s land holdings are located within 50 km of several producing mines including: La Arena owned by Rio Alto Mining Ltd. (TSXV:RIO), Lagunas Norte (Alto Chicama) owned by Barrick Gold Corporation (TSX:ABX) and Santa Rosa owned by Compañía Minera Aurífera Santa Rosa (COMARSA). Rio Alto has also recently struck a merger deal with Sulliden Gold Corp. Ltd. (TSX:SUE) which should accelerate putting Sulliden’s Shahuindo gold deposit, also in the vicinity, into production.

Tartisan has signed a letter agreement with Eloro Resources Ltd. (“Eloro”; TSXV:ELO) granting Eloro an option to earn a 50% interest in La Victoria property; this was announced on February 14, 2014. Under the terms of that agreement, Eloro can earn a

50% interest in the Property at Eloro's option by expending \$CDN 1.5 million in staged exploration and work expenditures on the Property, and making cash payments to Tartisan totalling \$CDN 150,000, all over a four year period. Tartisan and Eloro continue to work toward the execution of the definitive agreement.
