

SQUATEX ENERGY AND RESSOURCES INC.
(AN OIL AND GAS EXPLORATION COMPANY)

Condensed Interim Financial Statements
(Unaudited)

For the six-month periods ended September 30, 2022 and 2021

Notice of Disclosure of Non-auditor Review of Condensed Interim Financial Statements

Pursuant to National Instrument 51-102, Part 4, subsection 4.3(3)(a) issued by the Canadian Securities Administrators, if an auditor has not performed a review of the condensed interim financial statements, they must be accompanied by a notice indicating that the condensed interim financial statements have not been reviewed by an auditor.

The accompanying condensed interim financial statements of the Company for the interim periods ended September 30, 2022 and 2021 have been prepared in accordance with International Financial Reporting Standards. The accompanying condensed interim financial statements are the responsibility of the Company's management.

The Company's independent auditors, MNP S.E.N.C.R.L., s.r.l. / LLP, have not performed a review of these condensed interim financial statements in accordance with the standards established by Chartered Professional Accountants of Canada for a review of condensed interim financial statements by an entity's auditor.

SQUATEX ENERGY AND RESOURCES INC.

(An oil and gas exploration company)

Notes to the Condensed Interim Financial Statements**September 30, 2022**

(Unaudited - in Canadian dollars)

1. Nature of operations and generalities

Squatex Energy and Resources inc ("the Company) specializes in oil and gas exploration of oil sites in the Basses-Terres du St-Laurent, Bas St-Laurent and Gaspésie in Quebec, Canada. Since April 3, 2017, the Company has been listed on the Canadian Stock Exchange, under the symbol SQX.

The condensed interim financial statements of the Company have been prepared in compliance with IAS 34 Interim Financial Reporting. They use the same accounting policies as those described in the Company's annual financial statements for the year ended March 31, 2022, prepared in compliance with International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and interpretations of Financial Reporting Interpretations Committee ("IFRIC").

These condensed interim financial statements do not include all disclosures required under IFRS for complete financial statements and should therefore be read in conjunction with the Company's annual financial statements for the year ended March 31, 2022. The annual financial statements of the Company are available on the SEDAR website at: www.sedar.com.

The Company is incorporated under the Canadian Business Corporations Act.

The address of the Company's registered office and its principal place of business is 500-7055, boulevard Taschereau, Brossard (Québec), Canada, J4Z 1A7.

These financial statements were approved and authorized for publication by the Board of Directors on November 22, 2022.

2. Going Concern and COVID-19**2.1 Going concern**

These condensed interim financial statements have been prepared in accordance with IFRS and on the basis of the going concern assumption, meaning the Company will be able to realize its assets and discharge its liabilities in the normal course of operations. To determine whether the principle of going concern is valid, management takes into account all the information at its disposal concerning the Company's prospects for at least the next 12 months following the end of the period of its financial information presentation.

The Company has not yet found an oil and gas property containing deposits that are economically recoverable, the Company has not yet generated any income or cash flows from its operations. As at September 30, 2022, the Company had a negative working capital of \$ 2,199,214 and a accumulated deficit of \$ 10,056,267.

SQUATEX ENERGY AND RESOURCES INC.

(An oil and gas exploration company)

Notes to the Condensed Interim Financial Statements**September 30, 2022**

(Unaudited - in Canadian dollars)

2. Going Concern and COVID-19 (cont'd)**2.1 Going concern (cont'd)**

Furthermore, there is uncertainty about the future of oil and gas exploration in Quebec. Since 2011, a moratorium on shale gas exploration has been imposed in Quebec. This moratorium could have been lifted when the new Hydrocarbons Law (the "Law") was put in place in September 2018. However, certain regulations of this new law cause additional difficulties for oil and gas operations. On April 12, 2022, Bill 21 was passed by the National Assembly of Quebec. This law puts an end to all oil and gas research and exploitation activities in Quebec and the government of Quebec will compensate companies that hold permits, such as Squatex. Squatex is currently considering alternative exploration activities in the energy sector. The obligations, in relation to the exploration permits, are contested by the Company.

The Company's ability to continue as a going concern is dependent upon its ability to raise additional financing for the pursuit of other activities, on the compensation by the Government of Quebec and the continued support from its suppliers and the company under common control. While management has been successful in securing financing in the past, there can be no assurance that such sources of funding or initiatives will be available to the Company. These material uncertainties cast a significant doubt regarding the Company's ability to continue its operations, and accordingly, the appropriateness of the use of IFRS applicable to a going concern.

The carrying amounts and classification of assets, liabilities, revenues and expenses presented in the condensed interim financial statements and the statement of financial position have not been adjusted as would be required if the going concern assumption was not appropriate. These adjustments could be material.

2.2 COVID-19

In addition, in March 2020, the World Health Organization declared a global pandemic following the emergence and rapid spread of a new strain of coronavirus ("COVID-19"). The epidemic and subsequent measures to limit the pandemic have contributed to significant declines and the volatility of the financial markets. The pandemic has affected global business activity, including by significantly reducing global demand for crude petroleum. The full extent of COVID-19's impact on the Company's business and future financial performance is currently unknown, but may be material. The Company monitors developments in order to be able to take appropriate measures if necessary.

3. Application of International Financial Reporting Standards (IFRS) new and modified**3.1 Standard adopted during the period**

There are no new standards and interpretations which were adopted by the Company during the interim period.

3.2 Existing standards not yet in force

At the date of the approval of these condensed interim financial statements, new standards and interpretations to existing standards and new modifications have been issued but are not yet in force, and the Company has not adopted them early. Management anticipates that all of the positions will be adopted in the Company's accounting policies during the first fiscal year beginning after their effective date.

Management believes that there are no new standards and interpretations that are likely to be relevant to the condensed interim financial statements of the Company.

SQUATEX ENERGY AND RESOURCES INC.

(An oil and gas exploration company)

Notes to the Condensed Interim Financial Statements

September 30, 2022

(Unaudited - in Canadian dollars)

4. Critical accounting estimates, judgements and assumptions

When preparing these condensed interim financial statements, management undertakes a number of judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results are likely to differ from the judgments, estimates and assumptions made by management, and will seldom equal the estimated results. Information on significant judgments, estimates and assumptions that have the greatest impact on the recognition and measurement of assets, liabilities, revenues and expenses with regards to the presentation of the condensed interim financial statements are not different from those presented in the annual financial statements of March 31, 2022.

Estimates and assumptions are continually revised and are based on historical experience and other factors, including expectations regarding future events that are believed to be reasonable under the circumstances.

5. Accounts receivables

SQUATEX ENERGY AND RESOURCES INC.

(An oil and gas exploration company)

Notes to the Condensed Interim Financial Statements

September 30, 2022

(Unaudited - in Canadian dollars)

11. Financial expenses

	For the three-month periods ended September 30		For the six-month periods ended September 30	
	2022	2021	2022	2021
	\$	\$	\$	\$
Interests due to a company under common control	28 114	21 361	54 132	41 092
Interest and other bank expenses	11 868	7 016	21 647	16 147
	39 982	28 377	75 779	57 239

12. Transactions with related parties

The related parties of the Company include key executives and companies controlled by them, as explained below.

Unless otherwise specified, none of the transactions include special characteristics or conditions and no guarantees were given or received.

Transactions with key management

Key management includes directors (members of the management committee or not) and senior executives. There is no compensation paid or payable to key management for services as employees. The fees charged by them or by a company controlled by them are presented below:

	For the three-month periods ended September 30		For the six-month periods ended September 30	
	2022	2021	2022	2021
	\$	\$	\$	\$
Exploration and evaluation expenditures net of tax credits	7 216	12 273	10 310	22 889
Professional services	16 837	10 872	24 056	17 877
Financial expenses	28 114	21 361	54 132	41 092

As at September 30, 2022, there is an outstanding balance of \$ 2,299 (\$ 9,299 at March 31, 2022) resulting from these operations plus interest payable of \$ 286,664 (\$ 232,532 at March 31, 2022). The due to a company under common control of \$ 787,600 (\$ 672,600 at March 31, 2022) is also considered a related party transaction.

On April 1, 2021, a company under common control terminated its agreement for compensation for its services, for the services of the President. No value has been assigned to these services.

13. Comparative figures

Certain figures for the three-month period ended September 30, 2021 and for the six-month period ended September 30, 2021 have been reclassified to make their presentation identical to that adopted in the three-month period ended September 30, 2022 and the six-month period ended September 30, 2022. These reclassifications had no effect on the reported net loss.
