**GORILLA TO EXPAND REVERSE TAKE OVER WITH CNRP MINING BY  
ACQUISITION OF BALANCE OF ELMTREE GOLD PROJECT**

**Vancouver, BC - Gorilla Resources Corp.** ("Gorilla" or the "Company") is pleased to announce that it's proposed Reverse Take Over transaction ("RTO") with CNRP MINING Inc ("CNRP") a private company incorporated in British Columbia, the controlling shareholder of which is Danny Wettreich, will now be expanded to include a 100% ownership interest in the New Brunswick based Elmtree Gold property ("Elmtree"). Gorilla and CNRP are currently in negotiations to conclude a definitive agreement regarding the proposed RTO.

It is anticipated that a term of the RTO will be that CNRP acquire from Castle Resources Inc. all rights, title and interest to an option agreement (the "Castle Option Agreement") executed between Castle and Stratabound Minerals Corp ("Stratabound") whereby Castle can acquire up to a 70% interest in Elmtree.

CNRP has now signed a non-binding Letter of Intent with Stratabound to acquire all its rights, title and interest in Elmtree, including all its interest in the Castle Option Agreement. It is anticipated that upon closing of the RTO, CNRP will issue to Stratabound shares of CNRP that will be converted into 10,000,000 shares of Gorilla. CNRP will also pay \$300,000 cash payable \$100,000 at closing, \$100,000 on the six month anniversary of the RTO, and \$100,000 on the twelve month anniversary of the RTO. Stratabound will undertake to dividend all the Gorilla shares it receives to the shareholders of Stratabound (the "Stratabound Dividend") on or about the time of the RTO, and until such time as the Stratabound Dividend occurs Stratabound will assign all its voting rights to Danny Wettreich the CEO of CNRP and the proposed CEO of Gorilla. Should the Stratabound Dividend not occur by the 24 month anniversary of the RTO then the voting rights on the Gorilla shares will revert back to Stratabound.

After the RTO, Gorilla will have a total number of shares in issue of 63,844,481. Closing of the transactions shall be done in accordance with all applicable securities rules.
