

## CERTIFICATE OF AUTHOR

I, Robert W. Stroshein, P. Eng. do hereby certify that:

- 1) I am currently a self-employed Professional Engineer, with an office at  
106 – #3 Glacier Lane  
P.O. Box 10559 Station Main  
Whitehorse, Yukon, Canada, Y1A 7A1
- 2) I graduated with a BSc. Degree in Geological Engineering from the University of Saskatchewan at Saskatoon, SK in 1973
- 3) I am a member of the Association of Professional Engineers of Yukon Territory (Registered Professional Engineer, No. 1165).
- 4) I have worked as an Exploration Geologist for a total of thirty-seven years since graduation from university. I have been employed on base metal and gold projects in the Yukon. As an employee of Hudson Bay Exploration and Development Company Limited owner of the Wellgreen mine at the time I visited, sampled and examined nickel sulphide mineralization in 1983. I also have experience with SHGD type mineralization at Ketzra River, vein gold-silver type deposits at Mount Nansen and Grew Creek and Sedex type deposits of Macmillian Pass. All of these projects are located in Yukon.
- 5) On June 14 and August 30, 2002, I visited the Wels Property to conduct geological mapping and geochemical sampling. I am familiar with the local geology and terrain on the Property. The current snow conditions prevent an examination of the geology on the Property. A site visit is planned for the start of the 2012 exploration program in late June or early July.
- 6) I have read the definition of “qualified person” set out in the National Instrument 43-101 (“NI 43-101”) and certify that by reason of my education, affiliation with a professional association (as defined in NI 43-101) and past relevant work experience, I fulfill the requirements to be a “qualified person” for the purposes of NI 43-101.
- 7) I am the Author of the technical report titled “Geology and Exploration on the Property, Yukon, Canada” (the “Technical Report”) dated April 16, 2012. I am responsible for all items in this report including the conclusions and I have made the recommendations.
- 8) I am independent of Gorilla Resources Corp. as defined by Section 1.5 of NI 43-101 and have no interest in the Property
- 9) I have read National Instrument 43-101 and Form 43-101F, and the Technical Report has been prepared in compliance with that instrument and form.
- 10) As of April 16, 2012, to the best of the my knowledge, information and belief, the Technical Report contains all scientific and technical information that is required to be disclosed to make the Technical Report not misleading.

Dated at Whitehorse, Yukon this 16<sup>th</sup> day of April, 2012.
