PlantX Announces Monthly Gross Revenue of \$1,089,502 for January 2021 (CNW Group/PlantX Life Inc.)

For the month of December 2020 and during the highly dynamic holiday season, the Company achieved gross revenue of \$1,029,883. This was surpassed by January 2021's revenue, which exceeded management's expectations given that e-commerce sales were expected to be slower following the holiday season. This success during one of the slowest e-commerce periods of the year highlights the tremendous impact the Company continues to have in the plant-based marketplace. The Company's growth continues to be driven by its marketing and branding efforts, as well as the Company's innovative partnerships. The strong sales figures reflect PlantX's values-driven approach to successfully meeting consumer demand.

"It is truly encouraging to achieve yet another incredible revenue milestone and to start the new year with such vigor and success," said PlantX CEO Julia Frank. "There are many other colourful growth opportunities on the horizon, and we're confident that our financial trajectory will reflect the remarkable and increasing value our Company brings to the plant-based industry."

The financial results disclosed in this press release are management prepared and have not been audited or reviewed by the Company's auditors. Unless otherwise indicated, all amounts are expressed in Canadian dollars.
