INFORMATION CIRCULAR

(As at November 1, 2019 except as indicated)

ASANTE GOLD CORPORATION (the “Company”) is providing this Information Circular and a form of proxy in connection with management’s solicitation of proxies for use at the annual general meeting (the “Meeting”) of the Company to be held on Monday December 9, 2019 and at any adjournments thereof. Unless the context otherwise requires, when we refer in this Information Circular to the Company, its subsidiaries are also included. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder’s behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the “Management Proxyholders”).

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person’s name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company’s registrar and transfer agent, Computershare Trust Company of Canada, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered” shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSP’s, RRIF’s, RESP’s and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a “Nominee”). If you purchased your shares through a broker, you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to the Company are referred to as “non-objecting beneficial owners (“NOBOs”). Those non-registered holders who have objected to their Nominee disclosing ownership information about themselves to the Company are referred to as “objecting beneficial owners” (“OBOs”).

The Company is not sending the Meeting materials directly to NOBOs in connection with the Meeting, but rather has distributed copies of the Meeting materials to the Nominees for distribution to NOBOs.

The Company does not intend to pay for Nominees to deliver the Meeting materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* to OBOs. As a result, OBOs will not receive the Meeting Materials unless their Nominee assumes the costs of delivery.

NOTICE-AND-ACCESS

The Company is not sending the Meeting materials to shareholders using “notice-and-access”, as defined under NI 54-101.

REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a shareholder, his or her attorney authorized in writing or, if the shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value (the shares”), of which 64,055,757 shares were issued and outstanding as at November 1, 2019. Persons who are registered shareholders at the close of business on November 1, 2019 will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. Stock Option Plans and Other Incentive Plans

The Board of Directors of the Company implemented a Stock Option Plan (the “Plan”) effective September 7, 2011. The number of shares which may be issued pursuant to options previously granted and those granted under the Plan is a maximum of 10% of the issued and outstanding shares at the time of the grant. In addition, the number of shares which may be reserved for issuance to insiders as a group is 10%, to any one individual may not exceed 5% of the issued shares on a yearly basis or 2% if the optionee is engaged in investor relations activities or is a consultant.

The purpose of the Plan is to allow the Company to grant options to Directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to five years as determined by the Board of Directors of the Company and are required to have an exercise price no less than the closing market price of the Company’s shares prevailing on the day that the option is granted. Pursuant to the Plan, the Board of Directors may from time to time authorize the issue of options to Directors, officers employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries. The Plan contains no vesting requirements, but permits the Board of Directors to specify a vesting schedule in its discretion. The Plan provides that if a change of control, as defined therein, occurs, all shares subject to option shall immediately become vested and may thereupon be exercised in whole or in part by the option holder.

If the optionee ceases to be an eligible person as a result of termination for cause of such optionee by the Company any outstanding option held by such optionee on the date of such termination, whether in respect of option shares that are vested or not, shall be cancelled as of that date. If the optionee ceases to be an eligible person due to his or her retirement at the request of his or her employer earlier than the normal retirement date under the Company's retirement policy then in force, or due to his or her termination by the Company other than for cause, or due to his or her voluntary resignation, the option then held by the optionee shall be exercisable to acquire unissued option shares at any time up to but not after the earlier of the expiry date and the date which is 90 days (30 days if the optionee was engaged in investor relations activities) after the optionee or, the Board of Directors of the Company may, in its sole discretion if it determines such is in the best interests of the Company, extend the expiry date of the option of an optionee to a later date within a reasonable period.

OVERSIGHT AND DESCRIPTION OF DIRECTOR AND NAMED EXECUTIVE OFFICER COMPENSATION

Compensation of Directors

Compensation of Directors of the Company is reviewed annually and determined by the Board. The level of compensation for directors is determined after consideration of various relevant factors, including the expected nature and quantity of duties and responsibilities, past performance comparison with compensation paid by other issuers of comparable size and nature, and the availability of financial resources. In addition, key management and directors have deferred cash compensation until the liquidity position improves.

In the Board's view, there is, and has been, no need for the Company to design or implement a formal compensation program for directors. While the Board considers option grants to directors under the Option Plan from time to time, the Board does not employ a prescribed methodology when determining the grant or allocation of Options. Other than the Option Plan, as discussed above, the Company does not offer any long term incentive plans, share compensation plans or any other such benefit programs for directors.

Compensation of NEOs

Compensation of NEOs is reviewed annually and determined by the Board. The level of compensation for NEOs is determined after consideration of various factors, including the expected nature and quantity of duties and responsibilities, past performance, comparison with compensation paid by other issuers of comparable size and nature, and the availability of financial resources. In the Board's view, there is, and has been, no need for the Company to design or implement a formal compensation program for NEOs.

Elements of NEO Compensation

Salary

The Company's CEO and CFO receive annual consulting fees. The Board reviews consulting fees annually to ensure that they reflect each respective NEO's performance and experience in fulfilling his/her role. Due to relatively small size of the Company, limited cash resources, and the early stage and scope of the Company's operations, NEO's receive limited consulting fees relative to industry standards. The Board does not currently have a plan in place to materially increase NEOs' consulting fees.

Option Plan

As discussed above, the Company provides an Option Plan to motivate NEOs by providing them with the opportunity, through Options, to acquire an interest in the Company and benefit from the Company's growth. The Board does not employ a prescribed methodology when determining the grant or allocation of Options to NEO's. Other than the Option Plan, the Company does not offer any long term incentive plans, share compensation plans, retirement plans, pension plans, or any other such benefit program to NEOs.

Pension Plan Benefits

The Company does not have a pension plan that provides for payments or benefits to the NEOs at, following, or in connection with retirement.

MANAGEMENT CONTRACTS

No management functions of the Company are performed to any substantial degree by a person other than the Directors or executive officers of the Company.

CORPORATE GOVERNANCE DISCLOSURE

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and, therefore, these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Independence of Members of Board

The Company's current Board consists of five directors, three of whom are independent based upon the tests for independence set forth in National Instrument 52-110 ("NI 52-110"). Florian Riedl-Riedenstein, Alex Heath and Abdel-Majeed Haroun are independent. Douglas MacQuarrie is not independent as he is the CEO of the Company; and Bashir Ahmed is not independent as he is the Vice President of the Company.

Management Supervision by Board

The operations of the Company do not support a large Board of Directors and the Board has determined that the current constitution of the Board is appropriate for the Company's current stage of development. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent Directors are however able to meet at any time without any members of management including the non-independent Directors being present. Further supervision is performed through the use of special committees as required and through the audit committee which is composed of a majority of independent Directors who meet with the Company's auditors without management being in attendance. The independent Directors also have access to the Company's outside legal counsel as required, and its officers.

Risk Management

The Board of Directors is responsible for adoption of a strategic planning process, identification of principal risks and implementing risk management systems, succession planning and the continuous disclosure requirements of the Company under applicable securities laws and regulations.

The audit committee is responsible for the risk management items set out in the audit committee charter.

Participation of Directors in Other Reporting Issuers

The participation of the Directors in other reporting issuers is described in the table provided under "Election of Directors" in this Information Circular.

Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. information respecting the functioning of the Board of Directors, committees and copies of the Company's corporate governance policies;
2. access to recent, publicly filed documents of the Company, technical reports and the Company's internal financial information;
3. access to management and technical experts and consultants; and
4. a summary of significant corporate and securities responsibilities.

Board members are encouraged to communicate with management, auditors and technical consultants, to keep themselves current with industry trends and developments and changes in legislation with management's assistance and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet responsibilities to shareholders. The Board has adopted a Code of Conduct and has instructed its management and employees to abide by the Code.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mineral exploration industry are consulted for possible candidates.

Compensation of Directors and the CEO

The independent Directors are Florian Riedl-Riedenstein, Alex Heath and Abdel-Majeed Haroun. These Directors have the responsibility for determining compensation for the Directors and senior management.

To determine compensation payable, the independent Directors review compensation paid for Directors and CEOs of companies of similar size and stage of development in the mineral exploration industry and determine an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the Directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation the independent Directors annually review the performance of the CEO in light of the Company's objectives and consider other factors that may have impacted the success of the Company in achieving its objectives.

Board Committees

The Company has an Audit Committee comprised of Alex Heath, Bashir Ahmed and Florian Riedl-Riedenstein. Special Committee's comprised of independent and non-conflicted Directors are formed to review any proposed non-arm's length transactions. The Executive Directors are actively involved in the operations of the Company and the size of the Company's operations does not warrant a larger board of Directors. The Board has determined that additional committees beyond the audit committee and special committee are not necessary at this stage of the Company's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual Directors and each of its committees. To assist in its review, the Board conducts informal surveys of its Directors.

Nomination and Assessment

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President and CEO. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

Expectations of Management

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with a high level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives within the funding capabilities of the Company.
