The accompanying notes are an integral part of these unaudited condensed interim consolidated financial statements

1. Nature of operations and going concern

Gideon Capital Corp. (the "Company" or "Gideon") was incorporated on June 15, 2011 under the *Business Corporations Act* (Ontario). The Company intends to carry on business as a capital pool company ("CPC"), pursuant to Policy 2.4 (the "CPC Policy") of the TSX Venture Exchange (the "Exchange"). The registered office of the Company is located at 36 Lombard St, Suite 700, Toronto, Ontario, Canada, M5C 2X3. As at September 30, 2013, the Company has not commenced commercial operations and has no assets other than cash, sundry receivable, prepaid expenses and deposits and securities of Monterra S.A. ("Monterra"). The Company will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction (as such term is defined in the CPC Policy).

The Company must complete a Qualifying Transaction, which is subject to the approval of the Exchange and, in the case of a Non-Arms Length Qualifying Transaction (as such term is defined in the CPC Policy) must also receive Majority of the Minority Approval (as such term is defined in the CPC Policy). The Exchange could suspend the trading of the Company's common shares or delist these shares if the Company does not complete an approved Qualifying Transaction within the prescribed time.

The ability of the Company to continue as a going concern is dependant upon, among other things, being able to obtain additional financing, and maintaining positive operating cash flows. These unaudited condensed interim consolidated financial statements have been prepared on the basis that the Company is a going concern and do not include adjustments that would be necessary should the Company be unable to continue as a going concern. Such adjustments may be material.

During the six months ended September 30, 2013, the Company incurred a net income of $300,813 (six months September 30, 2012 - net loss of $58,777) and, as of that date, the Company has an accumulated deficit of $501,865 (March 31, 2013 - accumulated deficit of $802,678). The ability of the Company to carry out its business plan rests with its ability to secure additional equity and other financing. Although the Company has been successful in obtaining financing in the past, the Company will require continued support. These material uncertainties cast significant doubt about the Company's ability to continue as a going concern.

On June 1, 2012, the Company entered into an amalgamation agreement (the "Amalgamation Agreement") with Monterra. The transactions contemplated in the Amalgamation Agreement, once completed, would have constituted the Company's Qualifying Transaction pursuant to the CPC Policy (the "Monterra QT").

On May 7, 2013, the Company announced the termination of the Amalgamation Agreement for the acquisition of 100% of the common shares of Monterra. Accordingly, the common shares of Gideon resumed trading on the Exchange at the opening of the market on May 9, 2013.

2. Significant accounting policies

(a) Statement of compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC"). These unaudited condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by IASB and interpretations issued by IFRIC. The policies applied in these unaudited condensed interim consolidated financial statements are based on IFRSs issued and outstanding as of November 29, 2013**,** the date the Board of Directors approved the statements. Except as noted below, the same accounting policies and methods of computation are followed in these unaudited condensed interim consolidated financial statements as compared with the most recent audited consolidated financial statements as at and for the year ended March 31, 2013. Any subsequent changes to IFRS that are given effect in the Company's annual consolidated financial statements for the year ending March 31, 2014 could result in restatement of these unaudited condensed interim consolidated financial statements.

2. Significant accounting policies (continued)

(b) Change in accounting policies

Certain pronouncements were issued by the IASB or the IFRIC that are mandatory for accounting periods after March 31, 2013. The following new standards have been adopted:

(i) IFRS 10 – Consolidated financial statements (“IFRS 10”) was issued by the IASB in May 2011. IFRS 10 is a new standard which identifies the concept of control as the determining factor in assessing whether an entity should be included in the consolidated financial statements of the parent company. Control is comprised of three elements: power over an investee; exposure to variable returns from an investee; and the ability to use power to affect the reporting entity’s returns. IFRS 10 is effective for annual periods beginning on or after January 1, 2013. At April 1, 2013, the Company adopted this pronouncement and there was no material impact on the Company's unaudited condensed interim consolidated financial statements.

(ii) IFRS 11 – Joint arrangements (“IFRS 11”) was issued by the IASB in May 2011. IFRS 11 is a new standard which focuses on classifying joint arrangements by their rights and obligations rather than their legal form. Entities are classified into two groups: parties having rights to the assets and obligations for the liabilities of an arrangement, and rights to the net assets of an arrangement. Entities in the former case account for assets, liabilities, revenues and expenses in accordance with the arrangement, whereas entities in the latter case account for the arrangement using the equity method. IFRS 11 is effective for annual periods beginning on or after January 1, 2013. At April 1, 2013, the Company adopted this pronouncement and there was no material impact on the Company's unaudited condensed interim consolidated financial statements.

(iii) IFRS 12 – Disclosure of interests in other entities (“IFRS 12”) was issued by the IASB in May 2011. IFRS 12 is a new standard which provides disclosure requirements for entity's reporting interests in other entities, including joint arrangements, special purpose vehicles, and off balance sheet vehicles. IFRS 12 is effective for annual periods beginning on or after January 1, 2013. At April 1, 2013, the Company adopted this pronouncement and there was no material impact on the Company's unaudited condensed interim consolidated financial statements.

(iv) IFRS 13 – Fair value measurement (“IFRS 13”) was issued by the IASB in May 2011. IFRS 13 is a new standard which provides a precise definition of fair value and a single source of fair value measurement considerations for use across IFRSs. The key points of IFRS 13 are as follows:

- fair value is measured using the price in a principal market for the asset or liability, or in the absence of a principal market, the most advantageous market;
- financial assets and liabilities with offsetting positions in market risks or counterparty credit risks can be measured on the basis of an entity’s net risk exposure;
- disclosure regarding the fair value hierarchy has been moved from IFRS 7 to IFRS 13, and further guidance has been added to the determination of classes of assets and liabilities;
- a quantitative sensitivity analysis must be provided for financial instruments measured at fair value;
- a narrative must be provided discussing the sensitivity of fair value measurements categorized under Level 3 of the fair value hierarchy to significant unobservable inputs; and
- information must be provided on an entity’s valuation processes for fair value measurements categorized under Level 3 of the fair value hierarchy.

IFRS 13 is effective for annual periods beginning on or after January 1, 2013. At April 1, 2013, the Company adopted this standard and there was no material impact on the Company's unaudited condensed interim consolidated financial statements, however, certain new or enhanced disclosures are required and can be found in note 11.

2. Significant accounting policies (continued)

(b) Change in accounting policies (continued)

(v) IAS 1 – Presentation of financial statements ("IAS 1") was amended by the IASB in June 2011 in order to align the presentation of items in other comprehensive income with US GAAP standards. Items in other comprehensive income will be required to be presented in two categories: items that might be reclassified into profit or loss and those that will not be reclassified. The flexibility to present a statement of comprehensive income as one statement or two separate statements of profit and loss and other comprehensive income remains unchanged. The amendments to IAS 1 are effective for annual periods beginning on or after July 1, 2012. At April 1, 2013, the Company adopted this pronouncement and there was no material impact on the Company's unaudited condensed interim consolidated financial statements.

(vi) IAS 27 - Separate financial statements ("IAS 27") was effective for annual periods beginning on or after January 1, 2013, as a result of the issue of the new consolidation suite of standards, IAS 27 has been reissued, as the consolidation guidance will now be included in IFRS 10. IAS 27 will now only prescribe the accounting and disclosure requirements for investments in subsidiaries, joint ventures and associates when an entity prepares separate financial statements. At April 1, 2013, the Company adopted this pronouncement and there was no material impact on the Company's unaudited condensed interim consolidated financial statements.

(c) Recent accounting pronouncements

(i) IFRS 9 – Financial instruments ("IFRS 9") was issued by the IASB in October 2010 and will replace IAS 39 - Financial instruments: recognition and measurement ("IAS 39"). IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the multiple rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. Most of the requirements in IAS 39 for classification and measurement of financial liabilities were carried forward unchanged to IFRS 9. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 39. IFRS 9 is effective for annual periods beginning on or after January 1, 2015. Earlier application is permitted. The Company is currently assessing the impact of this pronouncement.

(ii) IAS 32 - Financial instruments, presentation ("IAS 32") was effective for annual periods beginning on or after January 1, 2014. IAS 32 was amended to clarify that the right of offset must be available on the current date and cannot be contingent on a future date. Earlier application is permitted. The Company is currently assessing the impact of this pronouncement.

3. Cash restrictions

The proceeds raised from the issuance of common shares may only be used to identify and evaluate assets or businesses for future investment, with the exception that no more than the lesser of 30% of the gross proceeds from the issuance of shares or $210,000 may be used to cover prescribed costs of issuing the common shares or administrative and general expenses of the Company not related to the identification and evaluation of a Qualifying Transaction. These restrictions apply until completion of a Qualifying Transaction by the Company pursuant to the CPC Policy.

(Expressed in Canadian Dollars)

4. Loans receivable

Under the terms of the letter of intent signed by the Company with Monterra on March 2, 2012 to complete the Monterra QT, the Company advanced a loan of $25,000 to Monterra on March 31, 2012, to be used to preserve Monterra's assets. The loan was unsecured and bore interest at 5% per annum. The principal and accrued interest was payable on maturity on March 31, 2013.

On May 1, 2012, the Company granted a secured promissory note of $225,000 to Monterra that bore interest at 0.5% per month, compounded monthly. The principal and accrued interest was payable at maturity which was the earlier of May 31, 2013 or completion of the Monterra QT.

The loan was secured by a pledge agreement dated May 1, 2012 made between the parties that pledge 99.98% of the issued and outstanding shares of Terrasources Minerals S.A., a wholly-owned Ecuadorian subsidiary of Monterra, as security.

During the year ended March 31, 2013, the Company determined that the loans receivable were impaired since the loans were in default based on the terms of the promissory note agreements. As well, based on the current negotiations with Monterra, and the Company's assessment as to the full recoverability of the loans, including an assessment of the security on the secured loan, namely the shares of Terrasources Minerals S.A., the Company determined the loans receivable to be uncollectible. As such, during the year ended March 31, 2013, the Company recorded an impairment charge on the loans receivable of $263,938.

On August 9, 2013, the Company received Exchange approval for a debt re-structuring agreement entered into on July 31, 2013, with Monterra for the conversion of its secured and unsecured loans to Monterra. The Company and Monterra agreed to convert the secured loan of $225,000 plus accrued interest of $24,586, the unsecured loan of $25,000 plus accrued interest of $1,461 and $100,000 of legal expenses incurred by the Company in connection with the Monterra QT, which was subsequently terminated, into an aggregate of 7,520,948 common shares of Monterra at $0.05 per share, as part of a significant debt re-structuring by Monterra. The shares issuable to the Company represented approximately 6% of the issued and outstanding shares of Monterra upon completion of its initial re-structuring. The investment in the shares of Monterra obtained as a result of the debt re-structuring is recorded at a value of $376,047 and the Company recorded a gain on the settlement of loans receivable in the amount of $376,046.

5. Capital stock

(a) Authorized

Unlimited number of common shares.

(b) Common shares issued

	Number of Common Shares		Stated Value
Balance, March 31, 2012 and September 30, 2012	**12,500,000**	**$**	**654,393**
Balance, March 31, 2013 and September 30, 2013	**12,500,000**	**$**	**654,393**

(Expressed in Canadian Dollars)

6. Contributed surplus

(a) Stock options

The following table shows the continuity of options:

	Number of Options	Weighted Average Exercise Price
Balance, March 31, 2012 and September 30, 2012	**1,250,000**	**$ 0.10**
Balance, March 31, 2013	**1,250,000**	**$ 0.10**
Expired	(900,000)	0.10
Balance, September 30, 2013	**350,000**	**$ 0.10**

The following table reflects the actual stock options issued and outstanding as of September 30, 2013:

Expiry Date	Exercise Price ($)	Weighted Average Remaining Contractual Life (years)	Number of Options Outstanding	Number of Options Vested (Exercisable)	Grant Date Fair Value ($)
January 27, 2022	0.10	8.33	350,000	350,000	48,100

(b) Broker warrants

The following table shows the continuity of broker warrants:

	Number of Broker Warrants	Weighted Average Exercise Price
Balance, March 31, 2012 and September 30, 2012	**250,000**	**$ 0.10**
Balance, March 31, 2013 and September 30, 2013	**250,000**	**$ 0.10**

The following table reflects the actual broker warrants issued and outstanding as of September 30, 2013:

Expiry Date	Exercise Price ($)	Number of Broker Warrants Outstanding	Grant Date Fair Value ($)
February 3, 2014	0.10	250,000	23,302

(Expressed in Canadian Dollars)

7. Net income (loss) per share

The calculation of basic and diluted income (loss) per share for the three and six months ended September 30, 2013 was based on the income attributable to common shareholders of $326,511 and $300,813, respectively (three and six months ended September 30, 2012 - loss of $15,889 and $58,777, respectively) and the weighted average number of common shares outstanding of 2,500,000 (three and six months ended September 30, 2012 - 2,500,000) for basic and diluted income (loss) per share. Diluted income (loss) did not include the effect of stock options and broker warrants for the three and six months ended September 30, 2013 and 2012, as they are anti-dilutive.

The 10,000,000 seed shares of the Company will be considered contingently issuable until the Company completes a Qualifying Transaction and, accordingly, they are not considered to be outstanding shares for the purposes of income (loss) per share calculations.

8. Related party transactions

Transactions with related parties are incurred in the normal course of business and are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties, and approved by the Board of Directors in strict adherence to conflict of interest laws and regulations.

As at September 30, 2013, the unaudited condensed interim consolidated statement of financial positions includes a balance of $2,567 due from a company controlled by the current Chief Executive Officer and Chief Financial Officer.

9. General and administrative

	Three Months Ended September 30,		Six Months Ended September 30,	
	2013	**2012**	**2013**	**2012**
Office and general	**$ (1,411)**	$ 4,674	**$ 6,245**	$ 14,399
Professional fees	**(2,252)**	15,122	**5,918**	51,146
Transaction costs	**53,198**	-	**63,099**	-
	$ 49,535	$ 19,796	**$ 75,262**	$ 65,545

10. Segmented information

The Company operates in only one business segment, namely the pursuit of a Qualifying Transaction. Other than the securities of Monterra, all of the Company's assets are located in Canada.

11. Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy establishes three levels to classify the inputs to valuation techniques used to measure fair value. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data or other means. Level 3 inputs are unobservable (supported by little or no market activity). The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

(Expressed in Canadian Dollars)

11. Fair value measurements (continued)

(a) Assets and liabilities measured at fair value on a recurring basis:

As at September 30, 2013	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Aggregate fair value
Investment in Monterra	$ -	$ -	$ 376,047	$ 376,047

(b) Fair values of financial assets and liabilities

	September 30, 2013		March 31, 2013	
	Carrying amount	**Estimated fair value**	**Carrying amount**	**Estimated fair value**
Financial assets				
Cash	**$ 460,542**	**$ 460,542**	$ 27,044	$ 27,044
Sundry receivable	**4,287**	**4,287**	13,075	13,075
Loans receivable	**-**	**-**	1	1
	$ 464,829	**$ 464,829**	$ 40,120	$ 40,120
Available-for-sale				
Investment in Monterra	**$ 376,047**	**$ 376,047**	$ -	$ -
Financial liabilities				
Accounts payable and accrued liabilities	**$ 103,884**	**$ 103,884**	$ 52,133	$ 52,133

The Company does not offset financial assets with financial liabilities.

12. Subsequent event

On November 22, 2013, the Company entered into an amalgamation agreement (the "Agreement") for the arm's length acquisition of 100% of the common shares of Bathurst Resources Corp. (“Bathurst”), subject to completion of certain conditions precedent, including, completion of a concurrent financing and receipt of all necessary regulatory and Exchange approvals, the proposed acquisition of Bathurst will qualify as the Company’s Qualifying Transaction. A comprehensive news release disclosing the material terms of the proposed Qualifying Transaction with Bathurst was issued and filed on SEDAR on November 25, 2013.
