

Leviathan Announces Update

Toronto, Ontario--(Newsfile Corp. - October 18, 2018) - **Leviathan Cannabis Group Inc.** (CSE: EPIC) (the "**Company**" or "**Leviathan**") continues to move forward with the construction of its state-of-the-art hybrid greenhouse production facility located in the heart of Ontario's Niagara region.

On October 15, 2018 the Pelham Town Council ("Town") passed an interim control bylaw (the "**By-law**"). The By-Law purports to restrict the use of land in the Town for one (1) year to provide the Town with time to review its land use planning policies and regulations pertaining to cannabis related uses. The By-Law was prompted primarily by concerns expressed by some citizens about odour emissions from existing facilities in the municipality. **Leviathan's** legal counsel has not provided any legal opinion at this time. It has reviewed the Planning Act of Ontario which is the governing legislation associated with Interim Control by-laws of municipalities in Ontario. It has been instructed to write to the Town outlining our concerns regarding the By-law as it applies to our Pelham facility. It is in the process of doing so and will likely have our letter processed by early next week.

"We are confident the By-Law will not ultimately affect our build-out," stated Martin J. Doane, CEO of **Leviathan**. "Our demolition permits have already been approved and demolition will commence immediately. The **Leviathan** facility will be completely sealed with state-of-the-art, next generation technology, as a result of which there will be no material odour emissions whatsoever. Our facility will set the standard for cannabis operations, and good neighbor principles in the region. We expect to receive the appropriate building permits, regardless of the By-law. A Town Hall meeting in Pelham will be held in the next few weeks to introduce our design and build out specifics to the community and allay any of their concerns."

In addition, Leviathan's legal counsel has reviewed the By-Law and strongly questions its legality and applicability to Leviathan. They are in the process of communicating their issues to the Town including the validity of its decision to pass the By-Law in the first place.

About Leviathan Cannabis

Leviathan plans on executing a series of strategic acquisitions that extend across all vertical markets in Canada and internationally, to support the Company's proprietary brand strategy. This global reach positions the Company to be a leading multi-jurisdictional medical and recreational cannabis enterprise — one that brings together the best cannabis products, brands and expertise from Canada and around the world. The **Leviathan** portfolio currently comprises **Jekyll+Hyde Brand Builders Inc.**, a marketing services agency specializing in the cannabis sector, and **Woodstock Biomed Inc.**, a late-stage applicant under the ACMPR, which is in the process of retrofitting a substantial greenhouse production facility in Pelham, Ontario. **Leviathan** recently announced its intention to acquire **Pulse Rx Inc.**, a boutique-style pharmacy currently providing core pharmacy services to institutional clients including nursing and retirement homes. **Pulse Rx** will form an integral component in **Leviathan's** future retail distribution model for cannabis products.
