Dear Sir,

I made a loan of \$400,000 to your company & Mr. Nelson Skalbania had personally guaranteed the loan. The loan carried an interest of 10% for 3 months.

I confirm that the loan of \$400,000 has now been paid in full.

On Sep 14, 2017, Mag One agreed to pay the interest & other expenses by issuing 100,000 shares of Mag One. The deemed price for the MDD stock is deemed to be 20 cents. Thus \$20,000 was paid to compensate for the interest and other expenses outstanding.

One of the amount owed by MDD & paid by me was the expenses of \$13,000 that Mr. Lucky Janda incurred on Mag One business.

I accept this payment of \$20,000 first as a deduction of out of pocket expenses of \$13,000 and the balance of \$7,000 for interest & legal expenses for the loan.

I confirm that Mag One doesn't owe me any money as of this date.

Yours truly,

Kiran Janda
