NEWS RELEASE

RAILTOWN ACCEPTED INTO THE MICROSOFT PARTNER NETWORK AND MICROSOFT FOR STARTUPS PROGRAM

Burnaby, BC – December 29, 2021 - Railtown AI Technologies Inc. (CSE: RAIL) ("**Railtown**" or the "**Company**") is pleased to announce that it has been accepted into both *The Microsoft Partner Network* and *The Microsoft for Startups Program*.

The *Microsoft Partner Network* will expose Railtown's Application to the over 90,000 Microsoft Partners in the network (https://www.microsoft.com/azure/partners/news/article/unlock-opportunities-to-engage-customers-at-scale), making available the company's solution to many prospective customers and resellers. Additionally, Microsoft Partners receive resources to build innovative solutions and help connect with customers. With access to a broad range of products and services, partners are empowered to build and deliver solutions that can address any customer scenario. (https://partner.microsoft.com/en-ca/)

The Microsoft for Startups Program is a founder-specific service that provides up to $350,000 in Azure Cloud credits as well as a continuous feedback loop on members' application and business goals and targets. Microsoft provides a curated mentor community that allows companies to engage with a mix of diverse business and technical experts to help companies reach milestones. (https://startups.microsoft.com/)

Cory Brandolini, CEO of Railtown comments "We've built Railtown's application with .Net developers in mind as first customers; attaining Microsoft Partner status will assist us greatly in getting in front of those customers. Additionally, the Microsoft for Startups Program will further assist in customer acquisition as we move forward through our early commercialization phase."

ABOUT MICROSOFT

Microsoft (Nasdaq "MSFT") enables digital transformation for the era of an intelligent cloud and an intelligent edge. Its mission is to empower every person and every organization on the planet to achieve more.

ABOUT RAILTOWN AI TECHNOLOGIES INC.

Railtown has developed a SAAS-delivered solution for software development teams that utilizes AI to drive optimizations and deliver insights at every stage of software development. Railtown converts CI/CD systems to full CI/CD/CM (continuous monitoring) systems - monitor, diagnose, and prioritize errors from the whole CI/CD environment on a single platform. Railtown's Continuous Machine Learning Application will empower developers to accelerate innovation while ensuring their applications reliability and increasing velocity.

This news release contains forward-looking statements relating to the future operations of the Company and other statements that are not historical facts. Forward-looking statements are often identified by terms

such as "will," "may", "should", "intends", "anticipates", "expects" and similar expressions. All statements other than statements of historical fact included in this release, including, without limitation, statements regarding the future plans and objectives of the Company, the commencement of trading of the Company's common shares on the CSE, are forward-looking statements that involve risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from the Company's expectations are risks detailed from time to time in the filings made by the Company with securities regulators.

Readers are cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company. As a result, the Company cannot guarantee that any forward-looking statement will materialize, and readers should not place undue reliance on any forward-looking information. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The forward-looking statements contained in this news release are made as of the date of this news release and the Company will only update or revise publicly any of the included forward-looking statements as expressly required by Canadian securities law.
