NEWS RELEASE

RAILTOWN BROADENS OFFERING WITH LAUNCH OF ROOT CAUSE DISCOVERY FOR JAVASCRIPT

Burnaby, BC – April 13, 2022 - Railtown AI Technologies Inc. (CSE: RAIL) ("**Railtown**" or the "**Company**") is pleased to announce the release of Railtown Root Cause Discovery for JavaScript.

JavaScript is the most popular programming language with over 12 million developers worldwide, running on over 150 million applications and over 1.5 billion websites. (According to ZDNET zdnet.com). Adding a JavaScript solution to our product lineup that includes our .NET solution exposes the Railtown Machine Learning Platform to an even bigger and broader marketplace of developers and applications. Being able to service both .NET, which is one of the most popular backend programming languages, and JavaScript, which is the most popular frontend programming language, uniquely positions Railtown to be the Single Source of Truth for Root Cause Discovery for both the backend and the frontend of any application.

Railtown CEO Cory Brandolini states "This new roll-out of Railtown for JavaScript is part of our overall strategy of applying our Machine Learning Engine to all applications built in any programming language thus providing the most accurate Single Source of Truth to the Root Cause of any error or bug within any application".

Railtown CTO Marwan Haddad comments "Catching all issues at their root cause is crucial and will drive down inefficiencies in software engineering, improve the health of the application, eliminate critical and damaging bugs, and drive developer velocity".

ABOUT RAILTOWN AI TECHNOLOGIES INC.

Railtown has developed a SAAS-delivered solution for software development teams that utilizes AI to drive optimizations and deliver insights at every stage of software development. Railtown converts CI/CD systems to full CI/CD/CM (continuous monitoring) systems - monitor, diagnose, and prioritize errors from the whole CI/CD environment on a single platform. Railtown's Continuous Machine Learning Application will empower developers to accelerate innovation while ensuring their applications reliability and increasing velocity.

This news release contains forward-looking statements relating to the future operations of the Company and other statements that are not historical facts. Forward-looking statements are often identified by terms such as "will", "may", "should", "intends", "anticipates", "expects" and similar expressions. All statements other than statements of historical fact included in this release, including, without limitation, statements regarding the future plans and objectives of the Company, the commencement of trading of the Company's common shares on the CSE, are forward-looking statements that involve risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future

events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from the Company's expectations are risks detailed from time to time in the filings made by the Company with securities regulators.

Readers are cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company. As a result, the Company cannot guarantee that any forward-looking statement will materialize, and readers should not place undue reliance on any forward-looking information. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The forward-looking statements contained in this news release are made as of the date of this news release and the Company will only update or revise publicly any of the included forward-looking statements as expressly required by Canadian securities law.
