TORONTO, March 14, 2019 /CNW/ - High Hampton Holdings Corp. (CSE: HC) (FSE: 0HCN) ("**High Hampton**" or the "**Company**"), a cannabis brand and distribution company in the U.S. market, is pleased to announce that it has commenced the development of its main manufacturing and distribution centre located in the City of Cudahy, Los Angeles County.

After a necessary partial demolition, the construction and repair of the facility is now underway to implement upgrades to the existing structure that will accommodate cannabis nursery, manufacturing, processing, packaging and distribution operations, as well as, a non-retail storefront to be used for a delivery service. Conditional upon the execution of a Definitive Agreement with 2083 Group ([as previously press released on February 28th, 2019](#)), the delivery service will be provided by 2083 Group's SpeedWeed platform and serve the Greater Los Angeles area and beyond.

With temporary state licenses already secured by High Hampton's wholly-owned subsidiary 420 Realty to provide cultivation, manufacturing, non-retail storefront, and distribution for the facility, the Company expects to complete the Cudahy facility upgrade by the end of Q3 2019 with operations to commence shortly thereafter.

Tom Baird, COO of High Hampton, commented:

"The development of the Cudahy facility, which is located in southeast Los Angeles County, is important to High Hampton for a number of reasons. It will provide a near complete stack of operations within the largest cannabis market in California and will be able to service both Southern and Northern California from its strategic location with both distribution capabilities and the delivery of retail products directly to consumers in the Los Angeles market."
