**1. NATURE OF BUSINESS**

Mojave Jane Brands Inc., formerly High Hampton Holdings Corp., (the “Company”) was incorporated in British Columbia on November 12, 2010. The registered office address of the Company is 1500 – 1055 West Georgia Street, P.O. Box 11117, Vancouver, BC, V6E 4N7. The principal place of business address is 8 Wellington Street East, Toronto, Ontario, MCE 1C5. The Company is a reporting issuer in British Columbia, Ontario and Alberta, and its common shares are traded on the Canadian Securities Exchange under the symbol “JANE”, on the Frankfurt Exchange under symbol “FSE: 0HCN” and on the USA: OTC under the symbol “HHPHF”.

The Company’s principal business is the manufacturing, processing and sale of cannabis extracts. The Company ceased generating revenues since November 2019 as it vacated its leased premise in Coachella, CA, and plans to continue to seek out other potential strategic alliances, joint venture, acquisition or merger opportunities with existing licensed producers or entities offering products or services in the cannabis industry.

These consolidated financial statements have been prepared based on accounting principles applicable to a going concern, which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception with an accumulated deficit to November 30, 2019 of \$57,591,494. The Company will be dependent on additional financing to meet its operating requirements over the next twelve months. Several alternatives including, but not limited to completing a financing, are being evaluated with the objective of funding ongoing activities and obtaining additional working capital. The continuing operations of the Company are dependent upon its ability to continue to raise adequate financing and to commence profitable operations in the future and repay its liabilities arising from normal business operations as they become due. These material uncertainties cast significant doubt on the entity’s ability to continue as a going concern. These consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

**2. BASIS OF PREPARATION****Statement of compliance**

These condensed unaudited interim consolidated financial statements of the Company have been prepared in accordance with International Financial Reporting Standards (“IFRS”), as issued by International Accounting Standards Board (“IASB”) and interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”), applicable to the preparation of interim financial statements, including International Accounting Standard (“IAS”) 34 *Interim Financial Reporting*.

The condensed interim consolidated financial statements do not include all of the disclosures required for a complete set of annual financial statements and should be read in conjunction with the audited annual financial statements for the year ended August 31, 2019, which have been prepared in accordance with IFRS as issued by the IASB.

**Basis of measurement**

These consolidated financial statements have been prepared on a historical cost basis except for certain financial instruments that are measured at revalued amounts or fair values. In addition these financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

**2. BASIS OF PREPARATION (cont'd...)****Basis of consolidation**

These consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. The financial statements of the subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. All inter-company transactions, balances, income and expenses are eliminated in full on consolidation.

The legal subsidiaries of the Company as of November 30, 2019 are as follows:

<b>Name of Subsidiary</b>	<b>Place of Incorporation</b>	<b>Ownership Interest</b>	<b>Functional Currency</b>
420 Realty LLC	USA	100%	US Dollar
8 Points Management LLC	USA	100%	US Dollar

- (i) The subsidiary is inactive and had no transactions during the year ended August 31, 2019 and the three months ended November 30, 2019.

**Functional and presentation currency**

These consolidated financial statements are presented in Canadian dollars, which is the functional currency of the Company. The functional currencies of the Company's subsidiaries are noted above and the financial statement items of the subsidiary are measured using that functional currency.

**3. SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies set out in the Company's audited annual consolidated financial statements for the year ended August 31, 2019 were consistently applied to all the periods presented unless otherwise noted below.

**Comparative information**

Certain comparative information in these financial statements has been reclassified to conform to the presentation of the current period financial statements.

**3. SIGNIFICANT ACCOUNTING POLICIES (cont'd...)**

**New accounting policy**

**IFRS 16 – Leases**

This standard replaces IAS 17, Leases. IFRS 16 eliminates the classification as an operating lease and requires lessees to recognize a right-of-use asset and a lease liability in the statement of financial position for all leases, with exemptions permitted for short-term leases and leases of low value assets. In addition, IFRS 16 changes the definition of a lease; sets requirements on how to account for the asset and liability, including complexities such as non-lease elements, variable lease payments and option periods; changes the accounting for sale and leaseback arrangements; and introduces new disclosure requirements. Under IFRS 16, a lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. Right-of-use assets will be initially measured at cost, which includes the initial measurement of the lease liabilities and other costs, less lease incentives. Lease liabilities will initially be measured at the present value of future lease payments and subsequently measured at amortized cost using the effective interest method. IFRS 16 is effective for annual reporting periods beginning on or after January 1, 2019 with early application permitted in certain circumstances and may be applied retrospectively to each prior period presented (full retrospective approach) or with the cumulative effect of adoption recognized at initial application (modified retrospective approach). The modified retrospective approach offers the option, on a lease by lease basis, to either measure the right-of-use asset retrospectively using the discount rate as at the date of initial application or to measure the right-of-use asset at an amount equal to the lease liability.

The Company adopted IFRS 16 on September 1, 2019. On initial adoption, the Company has elected to record right-of-use assets based on the corresponding lease obligation. Right-of-use asset and lease obligation of \$318,118 were recorded as of September 1, 2019, with no impact on deficits. When measuring the present value of lease obligations, the Company discounted remaining lease payments using its incremental borrowing rate at September 1, 2019, which was a weighted-average rate of 12%.

**4. CAPITAL MANAGEMENT**

The Company manages its capital structure and adjusts it, based on the funds available to the Company to support the growth and development of its subsidiaries and additional acquisition opportunities. The Board of Directors does not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business. The Company defines capital to include all components of its shareholders' equity.

Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable. There were no changes in the Company's approach to capital management during the three months ended November 30, 2019. The Company is not subject to externally imposed capital requirements.

**5. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES**

The preparation of the Company's consolidated financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities and contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from those estimates and judgments. The impacts of such estimates are pervasive throughout the financial statements and may require accounting adjustments based on future occurrences. Revisions to accounting estimates are recognized in the period in which the estimate is revised.

Areas requiring a significant degree of estimation and judgment by the Company's management relate to but are not limited to:

- whether an indication of impairment loss or a reversal of an impairment loss exists for property, plant and equipment and finite lived intangible assets;
- determining the fair values of identifiable assets acquired, liabilities assumed, contingent consideration for business combinations and asset acquisitions;
- judgments used in determining if an acquisition constitutes a business combination or asset acquisition;
- judgments used in determining whether the Company has acquired significant influence over an entity;
- discount rates and cash flows used to calculate the recoverable amounts for cash generating units for the purposes of determining whether an impairment of goodwill and indefinite lived intangible assets exists;
- estimates and judgments used in determination of the fair value less cost to sell of assets held for sale and finite lived intangible assets;
- amortization methods and periods used for property, plant and equipment and finite lived intangible assets;
- estimates and judgments used in determination of the manufacturing costs, selling costs, wastage and expected yield for inventory;
- the collectability of accounts or loans receivable;
- the fair value measurements for financial instruments;
- the recoverability and measurement of deferred tax assets and liabilities;
- the fair value estimation of share-based payments and awards;
- whether the Company has sufficient financing to operate as a going concern; and
- determining the classification of contingent consideration as a financial liability or equity.

Actual results may differ from those estimates and judgments.

**6. ACQUISITION**

On November 12, 2018, the Company acquired all the issued and outstanding shares of Mojave Jane, LLC (“Mojave Jane LLC”). In consideration, the Company issued an aggregate of 8,974,352 common shares of the Company with the shares being subject to escrow until certain milestone conditions are met, triggering a staggered share release.

	\$
Contingent share consideration	3,805,830
Contingent consideration provision	627,478
Cash advances	66,053
<b>Total consideration</b>	<b>4,499,361</b>
<b>Assets acquired:</b>

<b>Less liabilities assumed:</b>	
Accounts payable and accrued liabilities	(40,765)
Deferred income tax liability	(301,245)
<b>Net assets acquired</b>	<b>4,499,361</b>

The contingent consideration provision relates to royalty payments due to former shareholders of Mojave Jane LLC. The royalty was calculated as 5.5% of Mojave Jane LLC’s forecasted net income and is payable over the subsequent five years from the date of acquisition on November 12, 2018 and was discounted for the time value of money. The contingent consideration provision was re-measured at August 31, 2019 and a gain on write-down of contingent provision of \$609,696 has been recorded in the consolidated statement of comprehensive loss.

As part of the Company’s acquisition of Mojave Jane LLC, the Company acquired intangible assets consisting of trademarks and brand, customer relationships, management agreements and licenses. Refer to Note 12 for a list of the intangible assets acquired.

As at August 31, 2019, the Company recognized an impairment of \$3,395,788 pertaining to the goodwill of Mojave Jane LLC and an impairment of \$342,671 pertaining to the intangible assets due to decline in the estimated recoverable amount of the assets from future related cash flows.

**10. ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS**

During the year ended August 31, 2019, the Company initiated a plan to dispose of certain asset groups. As a result, certain asset groups were reclassified as assets held for sale as at August 31, 2019. The asset groups classified as held for sale are as follows.

1) Coachellagro Corp. (“Coachellagro”)

During the year ended August 31, 2017, the Company acquired Coachellagro in order to develop its cannabis production business. Coachellagro owns a parcel of land in Coachella, California, where the Company intended to build a facility. During the year ended August 31, 2019, the Company determined that it would no longer pursue the development of the land and committed to a plan to locate a buyer for the land. As a result, the Company reclassified Coachellagro as an asset held for sale and recorded an impairment of \$5,077,872 to write down the asset group to the lesser of its carrying value and fair value less cost to sell, which was determined through an assessment of the market value of similar parcels of land.

2) Bravo Distro LLC and 8 Points MGMT LLC (“Bravo/8 Points”)

During the year ended August 31, 2018, the Company acquired Bravo/8 Points. In consideration, the Company issued a total of 4,200,000 common shares of the Company (the “Bravo Payment Shares”). All Bravo Payment Shares are held in escrow and would be released over 24 months subject to meeting certain conditions. During the year ended August 31, 2019, the Company determined that the terms for the release of the Payment Shares held in escrow have not been met, and as a result the Company commenced actions to return these Payment Shares to treasury. Subsequent to November 30, 2019, the 4,200,000 Payment Shares were returned to treasury for cancellation.

Bravo/8 Points hold certain management contracts, non-compete agreements with its employees and a lease of a premise in Sacramento, California. During the year ended August 31, 2019, the Company determined that it would not proceed with executing its business plan for Bravo/8 Points and entered into negotiations to sell back Bravo/8 Points to its previous owners. As a result, Bravo/8 Points was reclassified as an asset held for sale.

3) 420 Realty, LLC (“420 Realty”)

The Company acquired 420 Realty during the year ended August 31, 2018. In consideration, the Company issued an aggregate of 8,047,099 common shares of the Company (the “420 Payment Shares”) and made cash payments totalling \$660,400. 420 Realty holds a lease of a building in the city of Cudahy, California, which had been granted conditional approval to cultivate, manufacture, distribute and deliver medicinal cannabis by the city of Cudahy. The lease is valid for a period of ten years plus an option period of five years.

During the year ended August 31, 2019, the Company determined that it would not proceed with its planned construction of and utilization of the leased facility and initiated a plan to locate a buyer for 420 Realty. As a result, 420 Realty was reclassified as an asset held for sale, and the Company recorded an impairment of \$6,186,695 to write down the assets held in 420 Realty to \$559,020, which represents the lower of the carrying value and fair value less costs to sell, which was determined by a re-measurement of the favorable lease intangible asset at the current estimated market rate for a similar lease.

**20. FINANCIAL INSTRUMENTS****Financial risk management**

The Company's financial risks arising from its financial instruments are credit risk, liquidity risk, interest rate risk and foreign currency exchange risk. Risk management is carried out by the Company's management team with guidance from the Audit Committee under policies approved by the Board of Directors. The Board of Directors also provides regular guidance for overall risk management.

*Credit risk*

Credit risk is the risk of potential loss to the Company if the counter party to a financial instrument fails to meet its contractual obligations. The credit risk of the Company is associated with cash, trade and other receivables, and amount due from related party. The credit risk with respect to its cash is minimal as they are held with high-credit quality financial institutions. The Company does not anticipate any default of its trade receivables, as it transacts with creditworthy customers and management does not expect any losses from non-performance by these customers.

*Liquidity risk*

The Company's approach to managing liquidity risk is to ensure that it will have enough liquidity to meet liabilities when due. As at November 30, 2019, the Company had enough cash and cash equivalents on hand to meet its current liabilities. However, the Company may need to raise additional financing over the next twelve months to meet its operating requirements (see note 1). The Company's accounts payable, loan payable and due to related parties have contractual maturities of less than 30 days and are subject to normal trade terms.

**20. FINANCIAL INSTRUMENTS (cont'd...)****Financial risk management (cont'd...)***Interest rate risk*

The Company is exposed to interest rate risk arising from cash held in Canadian financial institutions. The interest rate risk on cash is not considered significant due to its short-term nature and maturity. The exposure to interest rates for the Company is considered minimal. The Company has not used any financial instrument to hedge potential fluctuations in interest rates.

*Foreign currency exchange risk*

Foreign currency exchange risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's functional currency is the Canadian dollar and administrative expenditures are transacted in Canadian dollars. The Company funds its operations in the United States by using USD converted from its Canadian bank accounts. At November 30, 2019, the Company had financial assets of \$210,229 and financial liabilities of \$239,327 denominated in United States dollars. A 10% strengthening of the US dollar would affect net loss by approximately \$3,000. The Company does not hedge its foreign exchange risk.

**21. FAIR VALUE MEASUREMENTS**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy establishes three levels to classify the inputs to valuation techniques used to measure fair value. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data or other means. Level 3 inputs are unobservable (supported by little or no market activity). The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

As at November 30, 2019, the Company has no financial assets or financial liabilities measured at fair value. There have been no changes in these levels and no changes in classifications during the three months ended November 30, 2019.
