1. INCORPORATION AND NATURE OF OPERATIONS

Lamêlée Iron Ore Ltd. (Formerly Gimus Resources Inc.) (the «Company») is an exploration Company with activities in Canada.

On December 20, 2013, the Company closed an agreement with Fancamp Exploration Ltd. and Champion Iron Mines Ltd. to purchase 29 mining claims located in the Fermont District known as the Lamêlée Lake property in counterpart of:

- i. Issuance of 43,000,000 common shares to Fancamp Exploration Ltd. at a price of \$0.12 per share for a total value of \$5,160,000;
- ii. Issuance of 2,000,000 common shares to Champion Iron Mines Ltd. at a price of \$0.12 per share for a total value of \$240,000;
- iii. assignment and transfer of a covenant from Fancamp Exploration Ltd. of a 1.5% net smelter royalty payable to a third party, of which 0.5% may be repurchased for an amount of \$1,500,000;
- iv. granting of a 1.5% net smelter royalty payable to Fancamp Exploration Ltd. of which 0.5% may be repurchased for an amount of \$1,500,000.

The acquisition of the mining claims was accounted for as an asset acquisition, as these mining claims do not have the mineral reserves and other inputs, nor any significant processes that would enable it of producing outputs and consequently be considered a business as defined in IFRS 3.

The Company's financial year ends on September 30.

2. GOING CONCERN

These financial statements were prepared on a going concern basis, using the historical cost, except for the financial assets accounted for at fair value through profit and loss.

The Company's ability to continue as a going concern depends on its ability to realize its assets and to obtain additional financing. While it has been successful in doing so in the past, there can be no assurance it will be able to do so in the future. As at March 31, 2014, the Company has a deficit of \$1,669,036. The application of IFRS on a going concern basis may be inappropriate, since there is a doubt as to the appropriateness of the going concern assumption.

For the six-month period ended March 31, 2014

2. GOING CONCERN (Continued)

These financial statements do not reflect the adjustments to the carrying values of assets and liabilities, the reported amounts of revenues and expenses and the classification of statement of financial position items if the going concern assumption was deemed inappropriate, and these adjustments could be material. Management did not take these adjustments into account as it believes in the validity of the going concern assumption.
