Dear Sirs:

**Re: Unique Resources Corp. (the “Company”)**

We refer to the filing statement of Unique Resources Corp. (the “Company”) dated May 29, 2015 with respect to a Reverse Takeover of Bee Vectoring Technology Inc. (the “Filing Statement”).

We have reported to the directors of the Company on the following audited financial statements included in the Filing Statement:

- Statements of financial position of the Company as at September 30, 2014, 2013 and 2012.
- Statements of comprehensive loss, changes in equity and cash flows for the years ended September 30, 2014, 2013 and 2012.

We consent to the use in the above-mentioned Filing Statement of our reports to the directors of the Company on the above statements. Our reports are dated December 4, 2014 and December 18, 2013.

We have reported to the directors of the Company on the following unaudited interim financial statements included in the Filing Statement:

- Statement of financial position as at December 31, 2014.
- Statements of comprehensive loss, changes in equity and cash flows for the three months ended December 31, 2014.

We have not audited any financial statements of the Company as at any date or for any period subsequent to September 30, 2014. Therefore, we are unable to and do not express an opinion on the above mentioned unaudited interim financial statements, or on the financial position, statements of comprehensive loss, changes in equity or cash flows of the Company as at any date or any period subsequent to September 30, 2014.

We have, however, performed a review of the unaudited interim financial statements of the Company as at December 31, 2014 and for the three month period ended December 31, 2014. We performed our review in accordance with Canadian assurance standards for a review of interim financial statements by an entity’s auditor. Such an interim review consists principally of applying analytical procedures to financial data, and making enquiries of, and having discussions with, persons responsible for financial and accounting matters. An interim review is substantially less in scope than an audit, whose objective is the expression of an opinion regarding the financial statements. An interim review does not provide assurance that we would become aware of any or all significant matters that might be identified in an audit.

Based on our review, we are not aware of any material modification that needs to be made for these interim financial statements to be in accordance with International Financial Reporting Standards.

We confirm that we have read the Filing Statement and have no reason to believe that there are any misrepresentations in the information contained therein that are derived from the above financial statements upon which we have reported or that are within our knowledge as a result of our audit of such financial statements.

We have complied with Canadian generally accepted standards for an auditor's involvement with offering documents.

This letter is provided solely for the purpose of assisting the securities regulatory authorities and the TSX Venture Exchange to which it is addressed in discharging their responsibilities and should not be used for any other purpose. Any use that a third party makes of this letter, or any reliance or decisions made based on it, are the responsibility of such third parties. We accept no responsibility for loss or damages, if any, suffered by any third party as a result of decisions made or actions taken based on this letter.

Yours truly,

***“Charlton & Company”***
