

Form 51-102F3
MATERIAL CHANGE REPORT

ITEM 1 Reporting Issuer

BEE VECTORING TECHNOLOGIES INTERNATIONAL INC. (the “Company”)
Suite 1430 – 800 West Pender St.
Vancouver, BC V6C 2V6

ITEM 2 Date of Material Change

March 28, 2018

ITEM 3 News Release

A press release setting out information relating to the material change described herein was issued by the Company on March 28, 2018 and disseminated through the facilities of Nasdaq/Globenewswire.

ITEM 4 Summary of Material Change

The Company announced the closing the closing of its non-brokered private placement of 12,000,000 units of the Company at a price of \$0.25 per unit for gross proceeds of C\$3,000,000. Each unit consists of one common share and one common share purchase warrant (“Unit”). Each common share purchase warrant entitles the holder to purchase one additional common share at a price of C\$0.35 per common share until March 28, 2020.

The Company also announced that it has granted a total of 600,000 incentive stock options to directors of the Company, subject to TSX Venture Exchange acceptance. Each option is exercisable to purchase one common share of the Company for five years at a price of C\$0.25 per common share in accordance with the terms of the Company’s stock option plan.

ITEM 5 Full Description of Material Change

Bee Vectoring Closes Private Placement

Mississauga, ON – March 28, 2018 – Bee Vectoring Technologies International Inc. (the “Company” or “BVT”) (TSXV: BEE) is pleased to announce the closing of its non-brokered private placement of 12,000,000 units of the Company at a price of \$0.25 per unit for gross proceeds of C\$3,000,000 (the “Offering”).

Each unit consists of one common share and one common share purchase warrant (“Unit”). Each common share purchase warrant (“Warrant”) entitles the holder to purchase one additional common share at a price of C\$0.35 per common share until March 28, 2020.

“With this funding secured, we will be able to aggressively pursue our commercialization strategy over the course of 2018 and into 2019,” stated Ashish Malik, CEO of Bee Vectoring Technologies. “With the anticipated EPA approval of our technology and chemical compositions in 2018, having a strong balance sheet will be critical as we aim to capture market share on a global scale.”

BVT will apply the net proceeds of the Offering to support its commercialization plans for the US, continue projects that selectively expand its addressable market opportunity including developing additional crops and advancing registration activities in new countries, and for general working capital purposes.

There were no finders fees paid pursuant to the Offering.

All securities issued or issuable under the Offering are subject to a four-month hold period expiring on July 29, 2018 in addition to such other restrictions as may apply under applicable securities laws in jurisdictions outside of Canada.

Final closing of this Offering is subject to final acceptance by the TSX Venture Exchange.

The Company also announces that it has granted a total of 600,000 incentive stock options to directors of the Company, subject to TSX Venture Exchange acceptance. Each option is exercisable to purchase one common share of the Company for five years at a price of C\$0.25 per common share in accordance with the terms of the Company’s stock option plan.

About [Bee Vectoring Technologies International Inc.](#)

BVT has developed and owns patent-pending bee vectoring technology that is designed to harmlessly utilize bumblebees and honeybees as natural delivery mechanisms for a variety of powdered mixtures comprised of organic compounds that inhibit or eliminate common crop diseases, while at the same time stimulating and enhancing the same crops. This unique and proprietary process enables a targeted delivery of crop controls using the simple process of bee pollination to replace traditional crop spraying, resulting in better yields, superior quality and less impact on the environment without the use of water or disruptions to labour.
