

GeoNovus Media announces production of short film "THE FUTURE" intended for submission for the 2016 Academy Awards®

Editors Note: There is a video associated with this Press Release.

May 4, 2015, VANCOUVER, BC - GEONOVUS MEDIA CORP. (CSE: GNM) ("GeoNovus" or the "Company") a new digital media company with a focus on motion picture production, distribution, music creation and music publishing is excited to announce that the Company and Triton Films Inc. are to begin pre-production of a new short film intended for Oscar[™] contention called 'THE FUTURE".

The visually ground-breaking sci-fi short for <u>GeoNovus Media</u>, will be produced by OscarTM winning Executive Producer Tim Marlowe (GNM Director) and Gabriel Napora (GNM Advisory Board) of <u>Triton Films</u> and will feature the latest in visual effects technology.

GeoNovus Media and Triton Films are currently casting A-list talent for this short film and finalizing locations and crew. Upon completion the short will be submitted to Hollywood for contention at the 2016 Academy Awards.

<u>Colin Wiebe</u> comments: "To quote author Steven Pressfield, "Don't prepare. Begin". Today marks a significant milestone for GNM. We are officially in production and we're all excited to be working with such world-class talent. We have begun."

CAUTIONARY NOTE REGARDING FORWARD LOOKING STATEMENTS:

This news release may contain forward-looking information within the meaning of applicable securities laws ("forward-looking statements"). Although management of the Company believes that the expectations and assumptions on which such forward looking statements and information are based are reasonable, undue reliance should not be placed on the forward-looking statements and information since no assurance can be given that they will prove to be correct. Forward-looking statements and information are provided for the purpose of providing information about the current expectations and plans of management of the Company relating to the future. Readers are cautioned that reliance on such statements and information may not be appropriate for other purposes, such

as making investment decisions. Since forward-looking statements and information address future events and conditions, by their very nature they involve inherent risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of factors and risks. These include, but are not limited to, the risks associated with the media and entertainment industry in general such as competition; incorrect assessment of the value of acquisitions and failure to realize the anticipated benefits of acquisitions; ability to access sufficient capital from internal and external sources; failure to obtain required regulatory and other approvals and changes in legislation, including but not limited to tax laws and government regulations. Accordingly, readers should not place undue reliance on the forward-looking statements, timelines and information contained in this news release. Readers are cautioned that the foregoing list of factors is not exhaustive. The forward-looking statements and information contained in news releases are made as of the date thereof and no undertaking is given to update publicly or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, unless so required by applicable securities laws or the Exchange. The forward-looking statements or information contained in GeoNovus Media Corp. news releases are expressly qualified by this cautionary statement.
