

Plymouth Rock Announces Board Changes

Plymouth, Massachusetts--(Newsfile Corp. - July 31, 2020) - Plymouth Rock Technologies Inc. (**CSE: PRT**) (**OTCQB: PLRTF**) (**FSE: 4XA**) (WKN# A2N8RH) ("Plymouth Rock", "PRT", or the "Company") a leader in the development of cutting edge threat detection technologies, announced today that Thomas W. Nash, has joined the board of directors.

Thomas W. Nash is the Chairman and CEO of Xalles Holdings Inc., a Fintech holding company. Mr. Nash has provided strategic business advice to more than 200 firms worldwide from small firms to large organizations such as U.S. Bank, MasterCard, and Citibank. He also led the implementation of financial systems within the U.S. Government's Department of Defense and Department of Homeland Security as well as helped launch successful startup ventures in the payment, eCommerce and IT fields.

"On behalf of Plymouth Rock, we are thrilled to have Thomas join the board. His expertise in financial markets in both the United States and Canada, along with his highly successful technology background, will be a fantastic addition to our team as Plymouth Rock continues to grow," added Douglas Smith, Chairman & Director of Plymouth Rock Technologies.

George Stubos has resigned as a director to pursue other business ventures. The Board of Plymouth Rock on behalf of the shareholders wishes to thank Mr. Stubos for his service and contribution as board member.

About Plymouth Rock Technologies Inc.

We are on a mission to bring engineering-driven answers to the most critical problems that threaten our safety. We work with government, law enforcement and military to innovate solutions for national security, defense and space systems. The Company is developing the next generation of threat detection solutions, The PRT X1 is a purpose built multirotor Unmanned Aircraft System (UAS). The unit contains an integrated sensor package that combines Thermal detection with 4K HD real-time air-to-ground streaming. Our advanced threat detection methods fuse artificial intelligence with augmented reality interfaces to eliminate human operating error. Plymouth Rock products, both airborne and land-based, will scan for threat items at greater "stand-off" distances than current existing technologies. Our unique radar imaging and signal processing technology creates new opportunities for remotely operated, non-intrusive screening of crowds in real time.

Plymouth Rock's other core technologies include: (1) A Millimeter Remote Imaging from Airborne Drone ("**MIRIAD**"); (2) A compact microwave radar system for scanning shoe's ("**Shoe-Scanner**").

Forward Looking Statements

Certain information set forth in this news release may contain forward-looking statements that involve

substantial known and unknown risks and uncertainties. All statements other than statements of historical fact are forward-looking statements, including, without limitation, statements regarding future financial position, business strategy, use of proceeds, corporate vision, proposed acquisitions, partnerships, joint-ventures and strategic alliances and co-operations, budgets, cost and plans and objectives of or involving the Company. Such forward-looking information reflects management's current beliefs and is based on information currently available to management. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects", "is expected", "budget", "scheduled", "estimates", "forecasts", "predicts", "intends", "targets", "aims", "anticipates" or "believes" or variations (including negative variations) of such words and phrases or may be identified by statements to the effect that certain actions "may", "could", "should", "would", "might" or "will" be taken, occur or be achieved. A number of known and unknown risks, uncertainties and other factors may cause the actual results or performance to materially differ from any future results or performance expressed or implied by the forward-looking information. These forward-looking statements are subject to numerous risks and uncertainties, certain of which are beyond the control of the Company including, but not limited to, the impact of general economic conditions, industry conditions and dependence upon regulatory approvals. Readers are cautioned that the assumptions used in the preparation of such information, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, undue reliance should not be placed on forward-looking statements. The Company does not assume any obligation to update or revise its forward-looking statements, whether as a result of new information, future events, or otherwise, except as required by securities laws.
