MANAGEMENT'S DISCUSSION AND ANALYSIS
As at and for the Period Ended August 31, 2023, 2022 and 2021
(with Comparative AUDITED Figures as at November 30, 2022)

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

INTRODUCTION

The following information, prepared as of October 27, 2023, should be read in conjunction with the audited consolidated financial statements of Aether Global Innovations Corp. (formerly Plymouth Rock Technologies Inc.) (“the Company” or “Aether” or “AETH”) for the nine-month period ended August 31, 2023 as well as the audited consolidated financial statements of the Company for the year ended November 30, 2022 (“Financial Statements”); including the notes thereto. The Financial Statements and financial data contained in this discussion and analysis are presented in accordance with International Financial Reporting Standards (“IFRS”). The reporting currency is the Canadian dollar.

The following discussion and analysis provide information that management believes is relevant to the assessment and understanding of the Company’s results of operations and financial condition. Certain statements herein contain forward-looking statements relating to the operations or to the environment in which we operate, which are based on our operations, forecasts, and projections. Forward-looking statements are not guaranteed of future performance. They involve risks, uncertainties and assumptions; and actual results may differ materially from those anticipated in these forward-looking statements. The risks include those outlined under the “Risk Factors” section of this management discussion and analysis (“MD&A”) and elsewhere in the Company’s public disclosure documents. Included in the risk factors is the public health crisis caused by the pandemic, COVID-19 which caused disruptions in global supply chain, business operations and financial markets. As of report date, the crisis has not altered the ability of the Company to progress and test its technologies.

BUSINESS OVERVIEW AND OVERALL PERFORMANCE

The Company was incorporated under the *Business Corporations Act* of British Columbia on October 17, 2011. The head office, principal address and registered and records office of the Company are located at 700 – 1199 West Hastings Street, Vancouver, B.C., V6E 3T5.

On August 1, 2023, the Company changed its name to Aether Global Innovation Corp from Plymouth Rock Technologies Inc.

The Company’s common shares are listed on the CSE under the symbol “AETH”, on the Frankfurt Stock Exchange under the Symbol: 4XA, WKN# - A2N8RH and on the OTC Markets Group (“OTCQB”) under the symbol: PLRTF.

Aether is a pioneering company that takes great pride in collaborating with industry partners and academia as part of a consortium. Our primary goal is to revolutionize the drone technology market by providing cutting-edge automation and development solutions. Through our services, we strive to offer clients real-time critical reports and updates, empowered by the latest software and data gathering capabilities.

Drones have seen a remarkable rise in adoption, with applications ranging from domestic to defense scenarios. As we look towards the future, we firmly believe that automation and AI will continue to play a pivotal role in enhancing the capabilities and services provided by drones.

Our focus lies in serving large property and critical infrastructure owners, operators, and their management teams. By delivering bespoke services, we empower them to make well-informed decisions that can significantly impact their operations.

At Aether, we concentrate on three core service areas for UAV/Drone management and surveillance solutions:

UAV/Drone Design & Development: We are dedicated to creating innovative and state-of-the-art unmanned aerial vehicles. Our team of experts works tirelessly to design drones that meet the specific needs of our clients.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

Automation & Integrations: Embracing the power of automation, we streamline drone operations and integrate them seamlessly with existing systems. This synergy ensures maximum efficiency and effectiveness in every mission.

Drone Base Station Technologies: We are at the forefront of advancing drone base station technologies, optimizing connectivity and communication to enhance the performance of UAV fleet.

With a commitment to excellence and a vision for the future of drone technology, Aether is poised to shape the landscape of automation and data gathering, setting new standards for the industry.

On March 31, 2022, the British Columbia Securities Commission (“BCSC”) issued a temporary management cease trade order (“MCTO”) under *National Policy 12-203 Management Cease Trade Orders*, made at the request of the Company. This MCTO (citation: 2022 BCSECOM 103) prohibited the Company’s insiders from trading in the securities of the Company until such time as the annual audited financial statements for the year ended November 30, 2021, the management’s discussion and analysis, and the related Chief Executive Officer and Chief Financial Officer certificates (“the Required Filings”) and all continuous disclosure requirements have been filed by the Company, and the MCTO has been lifted. The Company’s inability to file the Required Filings before the required March 30, 2022 filing deadline is a result of Covid-19 related and other delays in obtaining information with respect to a U.K. subsidiary acquired during the fiscal period. The Company has applied for and has been granted a MCTO by the BCSC.

On May 13, 2022, the Company filed the Required Filings¹ and the BCSC lifted the MCTO on May 16, 2022.

The British Columbia Securities Commission issued a cease trade order affecting the Company on November 4, 2022 for failure to file the following required disclosure:

1. interim financial report for the period ended August 31, 2022,
2. interim management’s discussion and analysis for the period ended August 31, 2022,
3. certification of interim filings for the period ended August 31, 2022.

The cease trade order was rescinded on December 19, 2022.

During the Feb-May, 2023, the Company has pivoted its direction towards a drone management and solutions business. Together with a new set of management and Board of Directors (see **DIRECTORS**), the Company is soaring new heights with new key partners for success.

In March 2023, the Company completed a non-brokered private placement for aggregate gross proceeds of \$1,684,000 (see **LIQUIDITY and CAPITAL RESOURCES**).

On April 11, 2023, the Company signed a Memorandum of Understanding (“MOU”) for a Strategic Partnership with iDroneImages Ltd. (“IDI”). Aether views this as a strategic partnership addressing 3 core strategic focus areas for the company - management and monitoring, automation, and drone infrastructure (i.e. docking stations).

Management and Monitoring: Drones have become an increasingly popular tool for use with critical infrastructure, such as oil and gas facilities and pipeline, large mining and construction sites, and government facilities.

Automation: It will be a critical focus area, as pre-determined flight paths with seamless operations will be important for infrastructure monitoring and management.

Drone's infrastructure (the Docking Stations): The Strategic Partnership with IDI, provides a leading-edge drone in the box solution, which helps address these specific and important focus areas.

¹ Required Filings include financial statements for the period ended and Management’s Discussion and Analysis

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

On May 7-12, 2023, the Company together with IDI and Watchdog Equipment showcased the integration of a self-operating drone-in-the-box technology from IDI with the mobile renewable power platform from Watchdog Equipment in the Governor's Hurricane Conference in Palm Beach, Florida, USA. The Company's goal is to offer a three-pronged solution – Drone Management and Monitoring, Automation and Integration and a Drone Base Station Infrastructure and Technology.

In June 2023, the Company has initiated the liquidation and closing of its UK subsidiaries, Plymouth Rock Technologies UK Limited and Tetra Drones Limited. The Company has also divested from its US subsidiary, Plymouth Rock Technologies USA.

On July 19, 2023, Aether signed an MOU for a Strategic Partnership with Protegimus Protection Ltd (“Protegimus”). The MOU is non-binding until finalized and will focus initially on Collaborative Business Development efforts specifically focused on critical infrastructure and security applications for remote monitoring (DiaB), this includes, (i) establishing key strategic objectives and client programs for new regions, specifically Asia Pacific and the Middle East and (ii) identifying additional services and capabilities for fixed and mobile aerial support operation center (ASOC) services, which are all of mutual interests to Aether and Protegimus.

In July 2023, the Company completed a non-brokered private placement for aggregate gross proceeds of \$594,420 (see **LIQUIDITY and CAPITAL RESOURCES**).

On August 16, 2023, the Company signed an MOU for a strategic partnership with Grupo Senseta Inc. a deep tech, AI and big data-driven cybersecurity and intelligent drone services company. The Strategic Partnership MOU is non-binding until finalized and will focus initially on collaborative product development focused on critical infrastructure and security applications for monitoring, surveillance and data collection of government facilities, critical infrastructure and pipelines, electrical grids and waterways.

On August 21, 2023 the Company and IDI signed an MOU for a strategic partnership with Limitless Integration LLC, an integration solutions and deployment service provider for safety and security communications and surveillance technologies. The Strategic Partnership MOU is non-binding until finalized and will focus initially on collaborative product integrations and deployment with a focused around large-scale facilities and critical infrastructure operations.

Partnership with IDI

During the period ended August 31, 2023, the Company provided facility agreements with a third party to fund the latter's new and existing business opportunities. This solidifies the Company's commitment to further its partnership with IDI and the move towards autonomous drone applications through further development of a dedicated drone docking station.

On May 29, 2023, further to the MOU signed by the Company and IDI, the Company signed a facility agreement with IDI wherein the Company will provide a total of \$84,929 (£50,000). The agreement provides for a 5% annual interest rate and the Company has the option to convert the full amount to 5% of the diluted share capital of the third party and no conversion was made to date.

On July 25, 2023, the Company signed another facility agreement with IDI to provide £35,000 for general corporate purposes and it has sent a total of £35,000 (\$60,151). The agreement provides for a 5% annual interest rate and the Company has the option to convert the full amount to 3.5% of the diluted share capital of the third party and no conversion was made to date.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

On August 11, 2023, the Company signed another facility agreement with IDI to provide £15,000 for general corporate purposes and it has sent a total of £15,000 (\$26,017). The agreement provides for a 5% annual interest rate and the Company has the option to convert the full amount to 1.5% of the diluted share capital of the third party and no conversion was made to date.

On September 30, 2023, the Company signed another facility agreement with IDI to provide £10,000 for general corporate purposes and it has sent a total of £10,000 (\$17,093). The agreement provides for a 5% annual interest rate and the Company has the option to convert the full amount to 1% of the diluted share capital of the third party and no conversion was made to date.

As of the reporting date, the Company has loaned a total of £110,000 (\$188,190) to IDI and the Company has the option to convert the full amount to 11% of the diluted share capital of the third party and no conversion was made to date.

On September 6, 2023, the Company has signed a Profit and Intellectual Property Share Agreement with IDI. The agreement is broken into two-parts.

- a) Profit sharing: profit sharing on all IDI's NeXus and NeXusPlus Drone-in-a-Box (Diab) sales from date of the signed agreement. Aether will assist IDI in its business development, marketing and sales of its DiaB product line by tapping into the Company's global network of business and security leaders. The Company will provide new customer and industry research, marketing support, client prospecting and sales negotiations, and customer experience (CX) feedback from buyers. Aether will receive 25% percent of the profits earned for the sales of the IDIPLYER's DiaB solutions.
- b) Software Intellectual Property Sharing: joint-ownership of all intellectual property (IP) software co-development from date of the signed agreement. Aether will hire a software engineer to work directly with IDIPLYER to design and develop DiaB software solutions to meet individual client's needs, which will help secure sales of IDIPLYER's DiaB product line. Each company will own 50% of the IP software developed.

The Technology

IDI's Drone-in-a-Box ("DiaB") Solution provides users with the system that can support their needs while being cost-effective. The drone in a box solution provides organizations the ability to make critical decisions based on real time data being provided by autonomous drones. This solution has a myriad of applications for critical infrastructure monitoring, oil and gas and agriculture.

On September 19, 2023, the company signed a MOU with STA QSTP LLC ("STA"), a cutting edge, innovative and bespoke technology solutions provider. STA has deep expertise in aerial solutions that feature rugged UAVs with intelligent control systems and enhanced safety and security features. The technology firm offers smart UAV solutions and applications with mission critical sensors and payloads that offer bespoke intelligent aerial solutions for each client's particular needs.

On October 19, 2023, signed Strategic Joint Venture Partnership MOU with RufDiamond Ltd., a distributor and retrofitter of all-terrain vehicles and equipment built to withstand the harshest of conditions. The joint venture will look to identify business opportunities to exploit the development, integration and deployment of an automated drone solution from RufDiamond's retrofitted all-terrain FatTruck vehicle platforms.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

RESULTS OF OPERATIONS

Discontinued Operations and Loss of Control

During the period ended August 31, 2023, the Company, due to lack of oversight and difficulty in obtaining complete books and records, as well as the resignation of key management personnel in its UK (PRT UK and Tetra Drones) and US (PRT USA) subsidiaries, have lost control over the operations and met the definition of discontinued operations. As such, assets, liabilities and results of operations that can be distinguished operationally and for financial reporting purposes from the rest of the Company have been terminated and reported separately in the financial statements and was deconsolidated for financial reporting purposes.

Nine months ended August 31, 2023 and 2022

During the nine months ended August 31, 2023, the Company had a comprehensive income of \$270,545 compared to a comprehensive loss of \$2,027,185 for the period ended August 31, 2022. The decrease in comprehensive losses were primarily driven by the following:

- Accounting and audit fees of \$64,214 (August 31, 2022 - \$173,552). The amount decreased in the current period due to a lower cost charged by new auditors for the 2022 year-end financial audit. Yearend 2021 audit fee final billing spilled over through the first two quarters of the year. The higher audit fees resulted from the difficulty in getting complete records from the UK subsidiaries – PRT UK and Tetra Drones which also caused the Company to go under an MCTO.
- Business development expenses of \$329,714 (August 31, 2022 – \$107,165) increased due to the new direction taken by the Company. The Company has engaged a team of experienced consultants who aids in building strategies and helps introduce the Company to new key partners that will help the Company grow.
- Consulting fees of \$90,324 (August 31, 2022 – \$270,011) decreased significantly from last year due to the cancellation of the consulting fees contract with a director during the current year (see **TRANSACTION WITH RELATED PARTIES**). The consulting fees were previously paid in shares.
- Investor relations of \$236,908 (August 31, 2022 – \$Nil) were paid to a consultant for advisory services. The services generally relate to capital markets advice and assistance in dealing with strategic investors for the Company.
- General office expenses of \$15,420 (August 31, 2022 – \$7,594) increased slightly due development and maintenance of new website of the company and the additional investor activities during this period.
- Rent of \$4,500 (August 31, 2022 - \$5,988) decreased due to the lower fixed rent fees in the current year.
- Legal fees of \$139,709 (August 31, 2022 – \$48,923) increased due to compliance related to the change of board and retention of legal counsel for advisory services regarding the discontinued subsidiaries.
- Management fees of \$77,127 (August 31, 2022 - \$Nil) decreased from last year’s \$96,391 accounted under “loss from discontinued operations” due to lower fees charged by the new management team. In addition, a compensation of \$27,127 was paid to the former interim CEO of the Company. (See **Transactions with Related Parties**).
- Transfer agent and filing fees of \$47,521 (August 31, 2022 – \$50,368) remained similar as compared to the previous year.
- Travel expenses of \$3,467 (August 31, 2022 - \$Nil) was spent for business trips to attend conferences for the current year.
- Stock-based compensation of \$59,785 (August 31, 2022 - \$Nil) refers to the portion of the value of the stock options granted by the Company which are expensed during the period (See **Capital Stock**).
- Gain on disposal of subsidiaries of \$1,310,951 (August 31, 2022 – \$Nil) pertains to the net amount that the Company has gained from the disposal of the subsidiaries mentioned above.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

- Loss from discontinued operations of \$Nil (August 31, 2022 –\$1,168,492) pertains to the losses of the three subsidiaries that the Company divested from. The decrease was due to the winding down of activities in the current year.

Three months ended August 31, 2023, and 2022

During the three months ended August 31, 2023, the Company had a comprehensive loss of \$427,435 compared to a comprehensive loss of \$798,488 for the three months ended August 31, 2022. The decrease in comprehensive losses were primarily driven by the following:

- Accounting and audit fees of \$23,339 (August 31, 2022 - \$27,629), remained similar as compare to the previous period.
- Business development expenses of \$166,384 (August 31, 2022 – \$35,915) increased due to the new direction taken by the Company. The Company has engaged a team of experienced consultants who aids in building strategies and helps introduce the Company to new key partners that will help the Company grow.
- Consulting fees of \$Nil (August 31, 2022 – \$122,162) decreased significantly from last year due to the cancellation of the consulting fees contract with a director during the current year (see **TRANSACTION WITH RELATED PARTIES**). The consulting fees were previously paid in shares.
- General office expenses of \$5,583 (August 31, 2022 – \$4,139) were slightly higher due to development and maintenance of companies new website and additional investor activities during this period.
- Legal fees of \$65,063 (August 31, 2022 – \$19,318) increased due to additional costs related to advisory services on the discontinued subsidiaries as well as consultation for new businesses.
- Management fees of \$30,000 (August 31, 2022 – negative \$10,500) increased due to payment of management fees paid or accrued to the CEO in the current year (See **Transactions with Related Parties**). In previous years, the Former CEO was paid in salaries. Management fees of subsidiaries reclass to Loss from discontinued operations during the previous year.
- Transfer agent and filing fees of \$13,372 (August 31, 2022 – \$17,339) decreased due to decrease in the fees charged by the service providers.
- Stock-based compensation of \$59,785 (August 31, 2022 - \$Nil) refers to the portion of the value of the stock options granted by the Company which are expensed during the period (See **Capital Stock**).

SUMMARY OF QUARTERLY RESULTS

The following table sets out selected financial data in respect of the last eight quarters of the Company. The data is derived from the financial statements of the Company prepared in accordance with IFRS.

	Qtr3 August 31, 2023	Qtr2 May 31, 2023	Qtr1 February 28, 2023	Qtr4 November 30,2022
Total Revenues, including interest income	\$ -	\$ -	\$ -	\$ -
Net loss/(gain)	(427,435)	(698,344)	1,421,455	(661,445)
Basic and diluted loss per share from continuing operations	0.00	(0.01)	(0.00)	(0.00)
Basic earnings (loss) per share from discontinued operations	0.00	0.00	0.03	(0.01)
Diluted earnings (loss) per share from discontinued operations	0.00	0.00	0.03	(0.01)

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

	Qtr 3 August 31,2022	Qtr2 May 31, 2022	Qtr1 February 28, 2022	Qtr4 November 30, 2021
Total Revenues, including interest income	\$ -	\$ -	\$ -	\$ -
Net loss	(778,398)	(479,969)	(747,986)	(1,713,364)
Basic and diluted loss per share from continuing operations	(0.01)	0.00	(0.00)	(0.01)
Basic earnings (loss) per share from discontinued operations	(0.01)	0.00	(0.01)	(0.02)
Diluted earnings (loss) per share from discontinued operations	(0.01)	0.00	(0.01)	(0.02)

The net gain in the quarter ended August 31, 2023, compared with the previous quarter of 2023 was primarily due to gain on disposal of subsidiaries. The net loss is lower in the first quarter of 2023 compared with the 2022 quarters primarily due to increase in revenue and gross profit, lower research and development expenses, and wages, salaries and benefits.

LIQUIDITY AND CAPITAL RESOURCES

The Company's approach to managing its liquidity is to ensure that it has sufficient resources to meet its liabilities as they come due and have sufficient working capital to fund operations for the ensuing fiscal year. Financing of operations has been achieved solely by equity financing. The Company anticipates that it will require significant funds from either equity or debt financing for the development of its technologies and to support general administrative expenses.

As at August 31, 2023, the Company had \$552,330 in current assets (November 30, 2022 – \$62,202) and \$128,149 in current liabilities (November 30, 2022 – \$2,087,875) for a working capital of \$424,181 compared to a working capital deficit of \$2,025,673 as at November 30, 2022. The reversal of working capital from deficit to surplus is mostly driven by discontinuance of subsidiaries.

As at August 31, 2023, the Company had a share capital balance of \$13,916,447 (November 30, 2022 – \$11,851,771) and an accumulated deficit of \$16,240,084 (November 30, 2022 – \$16,535,760). The increase share capital is due to private placement closing in March 2023, private placement closing in July 2023 and shares issued for investor relations services during the period.

Financing of operations has been achieved solely by sales loans and equity financing. However, the Company expects to generate profitable revenue in the coming years with adequate investment to support adding experienced manufacturing personnel and capital equipment. Currently the Company is primarily reliant upon the sale of equity securities, loans and some product sales in order to fund future operations. Since inception, the Company has funded limited operations through the issuance of equity securities on a private placement basis. The Company's ability to raise funds through the issuance of equity will depend on economic, market and commodity prices at the time of financing.

The Company expects to generate similar losses quarter over quarter for the next fiscal year in relation to the Company's development, administration and promotion of its technologies. As of report date, management anticipates that the funds raised to date will be sufficient to sustain operations and the development of the Companies technologies for the next fiscal year.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

Detailed discussions related to the Company's cash flows during the period ended August 31, 2023

Cash balances increased by a total of \$238,499 during the period ended August 31, 2023 (August 31, 2022 – decreased by \$333,988). During the current period, the cash increased due mainly to the funds received from private placement closed.

During the period ended August 31, 2023, cash used in operating activities was \$3,036,352 compared to cash used in operating activities of \$417,490 during the period ended August 31, 2022. The cash inflow is mainly due to the cash provided by discontinued operations.

Cash inflow in investing activities during the period ended August 31, 2023, was \$1,139,854 (August 31, 2022 – provided by investing activities \$11,507). Positive cash inflow from investing activity is mainly due to the discontinued operations. In the current year, the Company has loaned \$171,097 (£100,000) to IDI to fund the latter's new and existing business opportunities.

Cash inflow in financing activities during the period ended August 31, 2023, was \$2,134,997 compared to cash inflow by financing activities of \$71,994 during the period ended August 31, 2022. Also, during the current period the company has received subscription money of \$2,278,420 (2022 – \$Nil) in a private placement closed during the current period and paid \$233,404 share issuance cost.

PROPOSED TRANSACTIONS

As at the date of this report, the Company has no proposed transactions.

OFF-BALANCE SHEET ARRANGEMENTS

To the best of the Management's knowledge, there are no off-balance sheet arrangements that have, or are reasonably likely to have, a current or future effect on the results of operations or financial condition of the Company.

TRANSACTIONS WITH RELATED PARTIES

The amounts due to related parties are due to the directors and officers of the Company. The balances are unsecured, non-interest bearing and due on demand. These transactions are in the normal course of operations and have been valued in these financial statements at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

As at August 31, 2023, \$5,250 (November 30, 2022 - \$705,672) was due to directors and officers of the Company:

	August 31, 2023	November 30, 2022
Former CFO of the Company- Susan Gardner	\$ -	\$ 67,540
Former Director of the Company – Carl Cagliarini	-	250,179
President and CEO- Philip Lancaster	-	78,750

SIGNIFICANT ACCOUNTING POLICIES AND CRITICAL ACCOUNTING ESTIMATES

All significant accounting policies and critical accounting estimates are fully disclosed in Note 2 of the Financial Statements for the period ended November 30, 2022 that are available on SEDAR+ at www.sedarplus.ca.

FINANCIAL RISK MANAGEMENT

The Company's financial assets consist of cash, and due from related parties. The estimated fair values of cash, subscription receivable, and due from related parties approximate their respective carrying values due to the short period to maturity.

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of the fair value hierarchy are:

- a. Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities.
- b. Level 2 – inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and
- c. Level 3 – inputs that are not based on observable market data.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

For the for the period ended August 31, 2023, and November 30, 2022, the fair value of the cash, accounts receivable, accounts payable, and due from related parties approximate the book value due to the short-term nature.

The Company is exposed to a variety of financial instrument related risks. The Board approves and monitors the risk management processes, inclusive of counterparty limits, controlling and reporting structures. The type of risk exposure and the way in which such exposure is managed is provided as follows:

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations when they become due. The Company ensures, as far as reasonably possible, it will have sufficient capital in order to meet short-term business requirements, after taking into account cash flows from operations and the Company's holdings of cash. As at August 31, 2023, the Company has cash balance of \$251,626 (November 30, 2022 - \$ 13,127) to settle current liabilities of \$128,149 (November 30, 2022 - \$2,087,875). The Company's future financial success will be dependent upon the ability to monetize its technologies or obtain necessary financing to meet its contractual obligations.

Interest Rate Risk

Interest rate risk is the risk that future cash flows will fluctuate as a result of changes in market interest rates. The Company has no significant interest rate risk due to the short-term nature of its interest generating assets.

Credit Risk

Credit risk is the risk of a loss to a counterparty to a financial instrument when it fails to meet its contractual obligations. The Company's exposure to credit risk is limited to its cash. The Company limits its exposure to credit risk by holding its cash in deposits with high credit quality Canadian financial institutions.

Foreign Currency Risk

The Company is exposed to foreign currency risk on fluctuations related to cash, due from related parties and accounts payable and accrued liabilities that are denominated in US dollars. 10% fluctuations in the US dollar against the Canadian dollar have affected comprehensive loss for the period by approximately \$Nil (2022 – \$38,297 and 2021 – \$13,064).

CAPITAL STOCK

The authorized capital of the Company consists of an unlimited number of common shares without par value. As at August 31, 2023 and report date, the following table summarizes the outstanding share capital, stock options, and share purchase warrants of the Company:

	As at	
	August 31, 2023	Report Date
Common shares	105,504,461	105,504,461
Stock Options	2,575,000	3,575,000
Share Purchase Warrants	56,855,860	56,855,860

Subsequent to the period ended August 31, 2023

There is no issuance of common shares subsequent to the period ended August 31, 2023.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

Each unit comprised one common share and one full non-transferable common share purchase warrant, with each warrant entitling the holder to purchase one additional common share at a price of \$0.50 for five years. The Company paid cash of \$63,700, issued 166,250 finders' Units with a fair value of \$66,500 and 325,750 broker warrants as finder's fees. Each finders' Unit comprised of one common share and one full non-transferable common share purchase warrant, with exercise price of \$0.50 per share for five years. The broker warrants are exercisable at \$0.50 per share for five years.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

On January 29, 2021, the Company issued 3,180,000 Units at \$0.20 per unit for proceeds of \$636,000. Each unit comprised one common share and one full non-transferable common share purchase warrant, with each warrant entitling the holder to purchase one additional common share at a price of \$0.25 for five years. The Company paid cash of \$10,480, issued 170,000 finders' Units with a fair value of \$34,000 and 222,400 broker warrants as finder's fees. Each finder's Unit comprised of one common share and one full non-transferable common share purchase warrant with exercise price of \$0.25 per share for five years. The broker warrants are exercisable at \$0.25 per share for five years.

Stock Options

The Company maintains an incentive stock option plan (the "Option Plan") which provides that the Board of Directors of the Company may from time to time, in its discretion, and in accordance with the Exchange requirements, grant to directors, officers, employees, and consultants to the Company, non-transferable options to purchase common shares, provided that the number of common shares reserved for issuance will not exceed 10% of the issued and outstanding common shares in the capital of the Company at the time of granting of options.

Subsequent to the period ended August 31, 2023:

On October 19, 2023, the Company granted an advisor aggregate of 1,000,000 incentive stock options, with an exercise price of \$0.05 per option share exercisable for a period of 5 years from the date of grant. All the stock options vested on October 19, 2023.

During the period ended August 31, 2023:

On August 18, 2023, the Company granted 2,450,000 incentive stock options to Directors, Officers and consultant with an exercise price of \$0.05 per share for a period of three years from the date of grant. The fair value was estimated using the Black-Scholes pricing model with estimated, stock price of \$0.3196, volatility 100%, risk-free rate 4.51%, dividend yield 0%, and expected life of 3 years. With these assumptions, the fair value of options was determined to be \$78,311.

2,200,000 options, 1,550,000 options and 150,000 options with exercise price of \$0.60, 0.75 and 0.50, respectively, were cancelled.

During the year ended November 30, 2022:

125,000 stock options with an exercise price of \$0.50 were cancelled.

75,000 stock options with an exercise price of \$0.50 expired unexercised.

During the year ended November 30, 2021:

During the year ended November 30, 2021, 100,000 options were exercised at \$0.60 per share and 325,000 options were exercised at \$0.50 per share.

On June 10, 2021, the Company granted 150,000 incentive stock options to a consultant, options vested on grant date and with an exercise price of \$0.50 per share for a period of five years from the date of grant. The fair value was estimated using the Black-Scholes pricing model with estimated, stock price of \$0.485, volatility 100%, risk-free rate 0.82%, dividend yield 0%, and expected life of 5 years. With these assumptions, the fair value of options was determined to be \$53,682 and the amount was recognized on the consolidated statements of loss and comprehensive loss for the year ended November 30, 2021.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

On January 21, 2021, the Company granted 1,550,000 incentive stock options to directors, consultants, and employees, options vested on grant date and with an exercise price of \$0.75 per share for a period of five years from the date of grant. The fair value was estimated using the Black-Scholes pricing model with estimated, stock price of \$0.75, volatility 100%, risk-free rate 0.43%, dividend yield 0%, and expected life of 5 years. With these assumptions, the fair value of options was estimated to be \$1,022,995 and the amount was recognized on the consolidated statements of loss and comprehensive loss for the year ended November 30, 2021.

Stock option transactions and the number of stock options outstanding as at August 31, 2023, November 30, 2022 and November 30, 2021 are summarized as follows:

	Number of Options	Weighted Average Exercise Price
Balance, November 30, 2021	4,225,000	\$ 0.64
Expired	(75,000)	0.50

COMMITMENTS AND CONTINGENCIES

On August 1, 2023, the company entered into a consulting service agreement with Triomphe Holdings Ltd. (DBA Capital Analytica). The consultant will provide Capital Market, Compliance and Business development related services for a period of 6 months starting August 1, 2023 for a total consideration of \$100,000 (\$50,000 paid as of August 31, 2023).

The Company has certain commitments related to key management compensation for \$10,000 per month with no specific expiry of terms.

RISKS RELATED TO OUR BUSINESS

The Company believes that the following risks and uncertainties may materially affect its success.

Limited Operating History

The Company has only started generating revenues in the prior year. The Company was incorporated on October 17, 2011 and has yet to generate a profit from its activities. The Company is subject to all of the business risks and uncertainties associated with any new business enterprise, including the risk that it will not achieve its growth objective. The Company anticipates that it may take several years to achieve positive cash flow from operations. However, it is optimistic due to new direction and strategy specifically around investment into new technologies and global growth opportunities through strategic partnerships.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

Substantial Capital Requirements and Liquidity

Substantial additional funds for the establishment of the Company's current and planned operations will be required. However, the company has reduced costs significantly in order to preserve capital and reach its new goals and milestones. No assurances can be given that the Company will be able to raise the additional funding that may be required for such activities, should such funding not be fully generated from operations. Revenues, taxes, transportation costs, capital expenditures, operating expenses and development costs are all factors which will have an impact on the amount of additional capital that may be required. To meet such funding requirements, the Company may be required to undertake additional equity financing, which would be dilutive to shareholders. Debt financing, if available, may also involve restrictions on financing and operating activities. There is no assurance that additional financing will be available on terms acceptable to the Company or at all. If the Company is unable to obtain additional financing as needed, it may be required to reduce the scope of its operations or anticipated expansion and pursue only those development plans that can be funded through cash flows generated from its existing operations.

Regulatory Requirements

The current or future operations of the Company require permits from various governmental authorities, and such operations are and will be governed by laws and regulations governing development, production, taxes, labour standards, occupational health, waste disposal, toxic substances, land use, environmental protection, site safety and other matters. There can be no assurance that all permits which the Company may require for the facilities and conduct of operations will be obtainable on reasonable terms or that such laws and regulation would not have an adverse effect on any development project which the Company might undertake.

Failure to comply with applicable laws, regulations and permitting requirements may result in enforcement actions, including orders issued by regulatory or judicial authorities causing operations to cease or be curtailed, and may include corrective measures requiring capital expenditures, installation of additional equipment or remedial actions. Parties engaged in operations may be required to compensate those suffering losses or damages and may have civil or criminal fines or penalties imposed upon them for violation of applicable laws or regulations. Amendments to current laws, regulation and permits governing operations and activities of companies, or more stringent implementation thereof, could have a material adverse impact on the Company and cause increases in capital expenditures or development costs or require abandonment or delays in the development of new projects.

Financing Risks and Dilution to Shareholders

The Company will have limited financial resources, no operations and hardly have revenues. There can be no assurance that the Company will be able to obtain adequate financing in the future or that such financing will be available on favorable terms or at all. It is likely such additional capital will be raised through the issuance of additional equity, which will result in dilution to the Company's shareholders.

Competition

The company has defined their objectives and has explored what was and what was not working within the organization. Aether Rock now has a clear disciplined direction that involves new focus around drone automation and development. The competition in this area only validates the company's decision to move in the direction described.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

Intellectual Property

The company is now engaged in creating additional value through the development of API's that will in turn result in ownership around valuable IP. This will also result in additional AI capability and future IP.

Reliance on Management and Dependence on Key Personnel

The success of the Company will be largely dependent upon the performance of the directors and officers and the ability to attract and retain key personnel. The loss of the services of these persons may have a material adverse effect on the Company's business and prospects. The Company will compete with numerous other companies for the recruitment and retention of qualified employees and contractors. There is no assurance that the Company can maintain the service of its directors and officers, or other qualified personnel required to operate its business. Failure to do so could have a material adverse effect on the Company and its prospects.

Governmental Regulations and Processing Licenses and Permits

The activities of the Company are subject to various government approvals, various laws governing prospecting, development, land resumptions, production taxes, labor standards and occupational health, toxic substances, and other matters. Although the Company believes that its activities are currently carried out in accordance with all applicable rules and regulations, no assurance can be given that new rules and regulations will not be enacted or that existing rules and regulations will not be applied in a manner, which could limit or curtail production or development. Amendments to current laws and regulations governing operations and activities, or more stringent implementation thereof, could have a material adverse impact on the business, operations and financial performance of the Company. Further, the licenses and permits issued in respect of its projects may be subject to conditions that, if not satisfied, may lead to the revocation of such licenses.

Conflicts of Interest

Certain of the directors and officers of the Company will be engaged in, and will continue to engage in, other business activities on their own behalf and on behalf of other companies and, as a result of these and other activities, such directors and officers of the Company may become subject to conflicts of interest. The British Columbia Business Corporations Act ("BCBCA") provides that in the event that a director has a material interest in a contract or proposed contract or agreement that is material to the issuer, the director must disclose his interest in such contract or agreement and refrain from voting on any matter in respect of such contract or agreement, subject to and in accordance with the BCBCA. To the extent that conflicts of interest arise, such conflicts will be resolved in accordance with the provisions of the BCBCA.

Litigation

The Company and/or its directors may be subject to a variety of civil or other legal proceedings, with or without merit.

As certain of the Company's officers have other outside business activities and, thus, may not be in a position to devote all of their professional time to the Company, the Company's operations may be sporadic, which may result in periodic interruptions or suspensions.

AETHER GLOBAL INNOVATIONS CORP.
(formerly Plymouth Rock Technologies Inc.)
As at and for the Period Ended August 31, 2023, 2022 and 2021

FORWARD-LOOKING STATEMENTS

This MD&A may include certain "forward-looking statements" within the meaning of applicable securities legislation. All statements, other than statements of historical facts, included in this MD&A that address activities, events or developments that the Company expects or anticipates will or may occur in the future, including such things as future business strategies competitive strengths, goals, expansion and growth of the Company's businesses, operations, plans and other such matters are forward-looking statements. When used in this MD&A, the words "estimate", "plan", "anticipate", "expect", "intend", "believe" and similar expressions are intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, risks that actual results of current exploration activities will differ, changes in project parameters as plans continue to be refined, unavailability of financing, fluctuations in precious and/or base metals prices and other factors, as outlined in the Company's preliminary long form prospectus filed on SEDAR. Although the Company has attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.

CAPITAL MANAGEMENT

The Company considers its capital structure to include net residual equity of all assets, less liabilities. The Company's objectives when managing capital are to (i) maintain financial flexibility in order to preserve its ability to meet financial obligations and continue as a going concern; (ii) maintain a capital structure that allows the Company to pursue the development of its projects and products; and (iii) optimize the use of its capital to provide an appropriate investment return to its shareholders commensurate with risk.

The Company's financial strategy is formulated and adapted according to market conditions in order to maintain a flexible capital structure that is consistent with its objectives and the risk characteristics of its underlying assets. The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of its underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares or acquire or dispose of assets.

DIRECTORS

Certain directors of the Company are also directors, officers and/or shareholders of other companies that may be engaged in the similar business of developing technologies. Such associations may give rise to conflicts of interest from time to time. The directors of the Company are required to act in good faith with a view to the best interests of the Company and to disclose any interest they may have in any project opportunity of the Company. If a conflict of interest arises at a meeting of the board of directors, any director in a conflict will disclose his/her interest and abstain from voting in the matter(s). In determining whether or not the Company will participate in any project or opportunity, the directors will primarily consider the degree of risk to which the Company may be exposed and its financial position at the time.
