1. NATURE OF OPERATIONS AND CONTINUANCE OF OPERATIONS

The Company is engaged primarily in the business of evaluating, acquiring and exploring natural resource properties. The Company's shares commenced trading on the Canadian Securities Exchange (the "CSE") under the trading symbol "TTN" on May 15, 2012. The head office of the Company is located at 1 Westmount Square, Suite 600 Westmount, Quebec, H3Z 2P9. On September 10, 2013 the Company changed its name to Amana Copper Ltd. (trading symbol "AMA").

The condensed interim consolidated financial statements were approved and authorized for issue by the Board of Directors on June 30, 2014.

The financial information is presented in Canadian Dollars ("CDN"), which is the functional currency of the Company.

These condensed interim consolidated financial statements have been prepared with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation.

In order to continue as a going concern and meet its corporate objectives, the Company will require additional financing through debt or equity issuances or other available means. There is no assurance that the Company will be able to obtain adequate financing in the future or that such financing will be on terms advantageous to the Company. Management believes the Company will require additional working capital to maintain its operations and activities for the upcoming fiscal year. These uncertainties may cast significant doubt upon the entity's ability to continue as a going concern.

The condensed interim consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence.

2. SIGNIFICANT ACCOUNTING POLICIES

a) Basis of presentation

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC"). These condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by IASB and interpretations issued by IFRIC.

The policies applied in these condensed interim consolidated financial statements are based on IFRSs issued and outstanding as of June 30, 2014, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these condensed interim consolidated financial statements as compared with the most recent annual consolidated financial statements as at and for the year ended October 31, 2013. Any subsequent changes to IFRS that are given effect to in the Company's annual consolidated financial statements for the year ending October 31, 2014 could result in restatement of these condensed interim consolidated financial statements.
