

**Pascal Biosciences Inc.**

**-Unaware of Any Material Change -  
FOR IMMEDIATE RELEASE**

**VANCOUVER, BRITISH COLUMBIA, April 9, 2018 - Pascal Biosciences Inc. (TSX.V: PAS)** ("Pascal" or the "Company"): At the request of IIROC, the Company wishes to confirm that the Company's management is unaware of any material change in the Company's operations that would account for the recent increase in market activity.

**ABOUT PASCAL BIOSCIENCES INC.**

Pascal Biosciences Inc. is a drug discovery and development company focused on harnessing the body's immune system to fight cancer. The Company's three significant technologies are:

1. Utilizing proprietary screening systems for identifying novel compounds that are able to restore immune recognition and killing of cancer cells;
2. Exploiting the regulation of specific calcium channels expressed by cells of the immune system. By regulating these calcium channels, immune activity can be controlled to combat cancers, infections and autoimmune diseases; and
3. Developing a therapeutic monoclonal antibody for B-cell precursor acute lymphoblastic leukemia, the most common childhood leukemia, in collaboration with the University of New Mexico.

On Behalf of the Board of Directors

Dr. Patrick W. Gray, President and CEO

**DISCLAIMER**

Certain statements in this press release contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 or forward-looking information under applicable Canadian securities legislation that may not be based on historical fact, including without limitation statements containing the words "believe", "may", "plan", "will", "estimate", "continue", "anticipate", "intend", "expect" and similar expressions. Such forward-looking statements or information involve known and unknown risks, uncertainties and other factors that may cause our actual results, events or developments, or industry results, to be materially different from any future results, events or developments expressed or implied by such forward-looking statements or information. Such factors include, among others, our stage of development, lack of any product revenues, additional capital requirements, risk associated with the completion of clinical trials and obtaining regulatory approval to market our products, the ability to protect our intellectual property, dependence on collaborative partners and the prospects for negotiating additional corporate collaborations or licensing arrangements and their timing. Specifically, certain risks and uncertainties that could cause such actual events or results expressed or implied by such forward-looking statements and information to differ materially from any future events or results expressed or implied by such statements and information include, but are not limited to, the risks and uncertainties that: products that we

develop may not succeed in preclinical or clinical trials, or future products in our targeted corporate objectives; our future operating results are uncertain and likely to fluctuate; we may not be able to raise additional capital; we may not be successful in establishing additional corporate collaborations or licensing arrangements; we may not be able to establish marketing and the costs of launching our products may be greater than anticipated; we have no experience in commercial manufacturing; we may face unknown risks related to intellectual property matters; we face increased competition from pharmaceutical and biotechnology companies; and other factors as described in detail in our filings with the Canadian securities regulatory authorities at [www.sedar.com](http://www.sedar.com). Given these risks and uncertainties, you are cautioned not to place undue reliance on such forward-looking statements and information, which are qualified in their entirety by this cautionary statement. All forward-looking statements and information made herein are based on our current expectations and we undertake no obligation to revise or update such forward- looking statements and information to reflect subsequent events or circumstances, except as required by law.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release may contain assumptions, estimates, and other forward-looking statements regarding future events. Such forward-looking statements involve inherent risks and uncertainties and are subject to factors, many of which are beyond the Company's control that may cause actual results or performance to differ materially from those currently anticipated in such statements.
