

Pascal Biosciences Announces Management Changes

VANCOUVER, BRITISH COLUMBIA, March 22, 2021- Pascal Biosciences Inc. (“**Pascal**” or the “**Company**”) (TSXV:PAS) (OTC:BIMUF), a biotechnology company that specializes in cancer, cannabinoids, and Covid-19 is announcing several management changes following its recent capital raise. First, Chairman of the Board Karoly Nikolich is stepping down from the Board of Directors. “We are thankful for Karoly’s many contributions to Pascal,” stated CEO Dr. Patrick Gray. “We will miss his guidance, but we understand his devotion to his own very successful company, Alkahest.” Second, Pascal’s Vice President of Business Development Kevin Egan is being promoted to Chief Business Officer. “Kevin has been in the biotech industry since 1981 and has seen success at Amgen, ICOS, and CMC-ICOS”, said Dr. Gray. “Kevin is largely responsible for coordinating our successful partnerships with both SoRSE Technology and Y Biologics. Pascal is very fortunate to have his leadership and business skills. With our new financing, Kevin will play a key role in bringing in additional partners for our programs.” In addition, Chief Financial Officer, Judi Dalling, will be retiring at the end of April. Dr. Gray stated, “Judi has been with our company since the very start and has always done a great job managing our finances and complying with TSXV regulations. We will miss her and wish her the best in retirement”.

ABOUT PASCAL BIOSCIENCES INC.

Pascal is a biotechnology company targeting innovative therapies for serious diseases, including COVID-19. Pascal is also developing treatments for cancer with targeted therapies for acute lymphoblastic leukemia and cannabinoid-based therapeutics. Pascal's leading portfolio also comprises a small molecule therapeutic, PAS-403, that is advancing into clinical trials for the treatment of glioblastoma, and PAS-393, an immuno-stimulatory cannabinoid to be used in combination with checkpoint inhibitor therapy which is being developed collaboratively with SoRSE Technology.

Forward-Looking Statements

DISCLAIMER

Certain statements in this press release contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 or forward-looking information under applicable Canadian securities legislation that may not be based on historical fact, including without limitation statements containing the words “believe”, “may”, “plan”, “will”, “estimate”, “continue”, “anticipate”, “intend”, “expect” and similar expressions. Such forward-looking statements or information involve known and unknown risks, uncertainties and other factors that may cause our actual results, events or developments, or industry results, to be materially different from any future results, events or developments express or implied by such forward-looking statements or information. Such factors include, among others, our stage of development, lack of any product revenues, additional capital requirements, risk associated with the completion of clinical trials and obtaining regulatory approval to market our products, the ability to protect our intellectual property, dependence on collaborative partners and the prospects for negotiating additional corporate collaborations or licensing arrangements and their timing. Specifically, certain risks and uncertainties that could cause such actual events or results expressed or implied by such forward-looking statements and information to differ materially from any future events or results expressed or implied by such statements and information include, but are not limited to, the risks and uncertainties that: products that we develop may not succeed in preclinical or clinical trials, or future products in our targeted corporate objectives; our future operating results are uncertain and likely to fluctuate; we may not be able to raise additional capital; we may not be successful in establishing additional corporate collaborations or licensing arrangements; we may not be able to establish marketing and the costs of launching our products may be greater than anticipated; we have no experience in commercial manufacturing; we may face unknown risks related to intellectual property matters; we face increased competition from pharmaceutical and biotechnology companies; and other factors as described in detail in our filings with the Canadian securities regulatory authorities at www.sedar.com. Given these risks and uncertainties, you are cautioned not to place undue reliance on such forward-looking statements and information, which are qualified in their entirety by this cautionary statement. All forward-looking statements and information made herein are based on our current expectations and we undertake no obligation to revise or update such forward-looking statements and information to reflect subsequent events or circumstances, except as required by law.
