The accompanying notes are an integral part of these condensed interim financial statements.

1. Nature and Continuance of Operations

Rheingold Exploration Corp. (the "Company") was incorporated under the laws of the province of British Columbia on 29 July 2010.

The Company is a mining exploration company that is exploring for gold and other precious metals in the Rainy River district of northwestern Ontario. The Company's current objective is to maximize shareholder value by exploring and developing its Pattullo mineral project in a cost effective and technically sound manner.

The Company's registered and records office is 128 Dunsmuir Street, Vancouver, BC, V6B 1X7.

The Company's condensed interim financial statements for the three and nine month periods ended 31 October 2015 and 2014 have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. The continuing operations of the Company are dependent upon the Company being able to satisfy its liabilities as they become due and to obtain the necessary financing to acquire, explore and develop its mineral property interests, the attainment of profitable mining operations or the receipt of proceeds from the disposition thereof. The Company had a net loss of $157,565 for the nine month period ended 31 October 2015 (2014 - $104,130) and had working capital of ($34,511) as at 31 October 2015 (31 January 2015 - $20,551).

The Company had cash and cash equivalents of $8,323 at 31 October 2015 (31 January 2015 - $31,268) but management cannot provide assurance that the Company will ultimately achieve profitable operations or become cash flow positive, or raise additional debt and/or equity capital. However, management believes that the Company's capital resources should be adequate to continue operating and maintain its business strategy during fiscal 2015. However, if the Company is unable to raise additional capital in the near future, due to the Company's liquidity problems, management expects that the Company will need to curtail operations, liquidate assets, seek additional capital on less favorable terms and/or pursue other remedial measures. These condensed interim financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

2. Significant Accounting Policies

Basis of Presentation

These condensed interim financial statements have been prepared on the basis of accounting policies and methods of companies consistent with those applied in the Company's annual financial statements for the year ended 31 January 2015.

Statement of Compliance

The condensed interim financial statements of the Company have been prepared in accordance with International Accounting Standards ("IAS") 34, "*Interim Financial Reporting*" using accounting policies consistent with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC").

Significant accounting judgments, estimates and assumptions

The preparation of the Company's condensed interim financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities and contingent liabilities at the date of the condensed interim financial statements and reported amounts of income and expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates.

Areas requiring a significant degree of estimation and judgment relate to the recoverability of the carrying value of exploration and evaluation assets, fair value measurements for financial instruments and share-based payments, the recoverability and measurement of deferred tax assets and liabilities, and ability to continue as a going concern. Actual results may differ from those estimates and judgments.

Changes in accounting policies

A number of standards and amendments were issued effective for accounting periods beginning on or after 1 January 2014. Many of these updates are not applicable to the Company. As of 1 February 2014, the Company adopted the following IFRS standards and amendments:

IAS 32 (Amendment) *'Offsetting Financial Assets and Financial Liabilities'* is effective for annual periods beginning on or after 1 January 2014 that clarifies the application of offsetting requirements.

IFRS 2 (Amendment) *'Share-based Payment'* clarifies the definition of "vesting condition". The amendments are effective for stock options granted beginning on or after 1 July 2014.

The adoption of the above standards did not have a significant impact on the Company's financial statements.

Accounting standards issued but not yet effective

At the date of authorization of these financial statements, the IASB and IFRIC have issued the following new and revised standards, amendments and interpretations which are not yet effective during the year ended 31 January 2015:

IFRS 9, '*Financial Instruments*': The IASB has undertaken a three-phase project to replace IAS 39 'Financial Instruments: Recognition and Measurement' with IFRS 9 'Financial Instruments'. In November 2009, the IASB issued the first phase of IFRS 9, which details the classification and measurement requirements for financial assets. Requirements for financial liabilities were added to the standard in October 2010. In July 2014, the IASB issued the final elements of IFRS 9. IFRS 9 introduces new requirements for classifying and measuring financial assets, as follows:

- Financial assets meeting both a "business model" test and a "cash flow characteristics" test are measured at amortized cost (the use of fair value is optional in some limited circumstances).

- Investments in equity instruments can be designated as "fair value through other comprehensive income" with only dividends being recognized in profit or loss.
- All other instruments (including all derivatives) are measured at fair value with changes recognized in profit or loss.
- The concept of "embedded derivatives" does not apply to financial assets within the scope of the standard and the entire instrument must be classified and measured in accordance with the "business model" test and "cash flow characteristics" test.

- The revised financial liability provisions maintain the existing amortized cost measurement basis for most liabilities. New requirements apply where an entity chooses to measure a liability at fair value through profit or loss – in these cases, the portion of the change in fair value related to changes in the entity's own credit risk is presented in other comprehensive income rather than within profit or loss.

The amendments are effective for annual periods beginning on or after January 1, 2018.

IAS 1 "*Presentation of Financial Statements'* is an amendment to clarify certain aspects focused on the areas of clarification of concept of materiality and aggregation of items in the financial statements, the use and presentation of subtotals in the statement of loss and comprehensive loss, and providing of additional flexibility in the structure and disclosures of the financial statements to enhance understandability. The amendment is applicable to annual periods beginning on or after January 1, 2016.

IAS 24 '*Related Party Disclosures'* is an amendment to clarify that a management entity, or any member of a group of which it is a part, that provides key management services to a reporting entity, or its parent, is a related party of the reporting entity. The amendments also require an entity to disclose amounts incurred for key management personnel services provided by a separate management entity. This replaces the more detailed disclosure by category required for other key management personnel compensation. The amendment is applicable to annual periods beginning on or after July 1, 2014.

IAS 8 '*Operating Segments*' is amendment to clarify aggregation criteria, effective for annual periods beginning on or after July 1, 2014.

IFRS 11 '*Joint Arrangements'* is an amendment to clarify accounting for acquisition of interest in a joint operation. The amendment is applicable to annual periods beginning on or after January 1, 2016.

The Company has not early adopted these standards, amendments and interpretations and anticipates that the application of these standards, amendments and interpretations will not have a material impact on the financial position and financial performance of the Company.

3. Financial Instruments and Risk Management

Fair values

As at 31 October 2015, the Company's carrying values of cash and cash equivalents and trade payables approximate their fair values due to their short term maturity.

	Fair value hierarchy	FVTPL, at fair value	Other liabilities, at amortized cost
As at 31 October 2015			
Cash and cash equivalents	Level 1	8,323	-
Trade payables	N/A	-	45,752
As at 31 January 2015			
Cash and cash equivalents	Level 1	41,965	-
Trade payables	N/A	-	5,126

Disclosure of a three-level hierarchy for fair value measurements based upon transparency of inputs to the valuation of financial instruments carried on the balance sheet at fair values is as follows:

Level 1: inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2: inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability.

Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Credit risk

Financial instruments that potentially subject the Company to credit risk consist of cash and cash equivalents and amounts receivable. The Company manages its credit risk relating to cash and cash equivalents by dealing only with high-related financial institutions as determined by rating agencies. As at 31 October 2015, amounts receivable of $34,760 comprised of Goods and Services Tax/Harmonized Sales Tax ("GST/HST") receivable of $33,760 (31 January 2015 - $28,981). As a result, credit risk is considered insignificant.

Liquidity risk

The Company manages liquidity risk by maintaining an adequate level of cash and cash equivalents to meet its ongoing obligations. The Company has been successful in raising equity financing in the past; however, there is no assurance that it will be able to do so in the future. As at 31 October 2015, the Company had working capital of ($34,511) (31 January 2015 - $20,551). Liquidity risk is considered insignificant.

(Expressed in Canadian Dollars)

Other risks

Unless otherwise noted, it is management's opinion that the Company is not exposed to significant currency risk, interest rate risk and commodity price risk arising from financial instruments.

4. Amounts Receivable

The Company's amounts receivable arise from GST/HST receivable due from the government taxation authorities. This amount is non-interest bearing, unsecured and have settlement dates within one year.

5. Prepaid Expenses and Advances

The Company's prepaid expenses and advances are as follows:

	As at 31 October 2014 $	**As at 31 January 2015 (Audited) $**
Prepaid administration expenses	2,604	2,604
	2,604	2,604

6. Exploration and Evaluation Properties

Pattullo Property

On 17 June 2011, the Company entered into an option agreement to acquire a one hundred percent (100%) undivided interest in 4 unpatented mining claims located in the Pattullo and Tait townships of the Province of Ontario, Canada (the "Pattullo Property"). The Company acquired its option in the Pattullo Property through an Option Agreement with Perry Vern English, acting on behalf of Rubicon Minerals Corporation, ("Rubicon"), dated 13 June 2011, effective 17 June 2011 (the "Pattullo Agreement"). In connection with the Pattullo Agreement, the Company issued 50,000 common shares valued at $2,500 ($0.05 per common share) to an unrelated third party as a finder's fee (Notes 8 and 10). Pursuant to the Pattullo Agreement, the Company agreed to, (a) over a four year period, make cash payments to Perry Vern English for his subsequent delivery to Rubicon in the aggregate amount of $105,000; and (b) over a two year period, issue Rubicon 150,000 common shares of the Company, as follows:

a) Pay $15,000 in cash upon signing the agreement (paid);
b) Issue 50,000 common shares of the Company by 23 June 2011 (issued and valued at $2,500) (Note 8);
c) Pay $15,000 in cash on 17 June 2012 (paid);
d) Issue 50,000 common shares of the Company on 23 June 2012 (issued and valued at $4,000) (Note 8);
e) Pay $20,000 in cash on 17 June 2013 (paid);
f) Issue 50,000 common shares of the Company on 23 June 2013 (issued and valued at $6,000) (Note 8);

(Expressed in Canadian Dollars)

g) Pay $25,000 in cash on 17 June 2014; and
h) Pay $30,000 in cash on 17 June 2016.

The Company has granted a 2% net smelter royalty to Rubicon, 1% of which can be purchased back by the Company for $1,000,000.

10. Capital Management

Capital under management is considered to be the Company's shareholders' equity and any debt that it may issue. As at 31 October 2015, the Company's shareholders' equity was ($28,431) and it had no long-term debt. The Company's objectives when managing capital are to maintain financial strength and to protect its ability to meet its on-going liabilities, to continue as a going concern, to maintain creditworthiness and to maximize returns for shareholders over the long term. Protecting the ability to pay current and future liabilities includes maintaining capital above minimum regulatory levels, current financial strength rating requirements and internally determined capital guidelines and calculated risk management levels. The capital for expansion was mostly from proceeds from the issuance of common shares. This strategy is unchanged from fiscal 2015.

The Company is not subject to externally imposed capital requirements.
