CORPORATE UPDATE ON LITHIUM EXTRACTION UNIT CONSTRUCTION

November 29, 2021- International Battery Metals Ltd. (the “Company”) (CSE: “IBAT”, OTC: RHHNF, FSE: 8RE) the Company announces that it has now substantially completed the construction of its first lithium extraction unit. The construction was delayed due to supply chain issues however most of these issues have been resolved. The unit will be tested in the United States in the coming months and will be fine tuned before being shipped to South America.

At the request of IIROC, Company wishes to confirm that the Company’s management is unaware of any material change in the Company’s operations that would account for the recent increase in market activity.

Dr. John Burba stated that “we are extremely excited about commencing the testing of the unit and look forward to getting it out into the field next year”

IBAT is an advanced technology company focused on lithium brine extraction. The company is in the process of creating and applying intellectual property related to lithium extraction from brines.

ON BEHALF OF THE BOARD

“Dr. John Burba”
