NEWS RELEASE

GORILLA MINERALS CORP APPROVED FOR LISTING ON THE CANADIAN SECURITIES EXCHANGE TOMORROW

Vancouver, BC, December 7, 2017: Gorilla Minerals Corp. ("**Gorilla**" and/or the "**Company**") is pleased to announce that the Company's common shares will commence trading on the CSE under the symbol "**GOCO**" tomorrow, December 8, 2017.

About the Company

Gorilla holds mineral claims in B.C. constituting the New Brenda project. The New Brenda Property has been continuously held since the early 1970's as part of a regional land position. The 10,500 hectare Property has had minimal exploration reporting since the discovery of original Brenda mine. Gorilla sees opportunity in the project area for near surface "open-pitiable" structural gold systems similar to the nearby Elk gold deposit and porphyry copper gold deposits similar to the adjacent open-pit Brenda copper mine.

Gorilla is also a joint holder of the Wels project in the Yukon. The Company granted K2 Gold the option to earn a 90% interest (subject to an existing 3% NSR) in the Wels gold property. In connection with the Agreement, to date the Company has received three 500,000 share payments from K2 Gold and \$250,000.

Private Placement

On October 30, 2017 – Gorilla announced a non-brokered private placement of up to one million (1,000,000) Units at \$0.10 per Unit, each Unit consisting of a common share and a share purchase Warrant, each Warrant entitling the holder to purchase an additional share at \$0.15 per common share for proceeds of up to \$100,000 with the proceeds to be added to working capital.

About the CSE

The CSE was recognized as a stock exchange in 2004 when it began operations to provide a modern and efficient alternative for companies looking to access the Canadian public capital markets. Gorilla joins over 340 Listed Securities who have combined to raise \$500M in the past 12 months.

Forward-Looking Information

This press release may include “forward-looking information” (as that term is defined by Canadian securities legislation), concerning the Company’s business. Forward-looking information is based on certain key expectations and assumptions made by the Company’s management, including future plans for the exploration and development of its mineral properties. Although the Company believes that such expectations and assumptions are reasonable, investors should not rely unduly on such forward-looking information as the Company can give no assurance they will prove to be correct. Forward-looking statements in this press release are made as of the date of this press release. The Company disclaims any intent or obligation to publicly update any forward-looking information (whether as a result of new information, future events or results, or otherwise) other than as required by applicable securities laws
