

Go Metals Data Share and Deep Learning

Vancouver, BC, August 29, 2023 – Go Metals Corp. ("Go Metals" and/or the "Company") (CSE: GOCO) is pleased to announce a mutual data sharing and service agreement with Gama Explorations Inc. for properties north of Havre-Saint-Pierre on the Cote Nord of Quebec.

Scott Sheldon, CEO of Go Metals said, “Our GeoDL application will benefit from additional high-definition EM from the region. By integrating the shared data, we can enhance our exploration models and improve targeting across company properties.”

About GeoDL

GeoDL is the Company’s deep learning application designed to enhance a variety of map sets including lineament, bedrock, outcrop and prospectivity. The tool is a next generation mining instrument to help generate higher confidence targets with less ground disturbance.

About Go Metals

Go Metals targets Canadian battery metal projects to help power a sustainable future. The Company’s flagship HSP project has multiple nickel-copper sulphide targets within a 400 square kilometre land package north of Havre-Saint Pierre, Quebec in the Nitassinan of the Innu of Ekuanitshit.

The HSP property hosts multiple magmatic sulphide targets within a potential new nickel belt spanning hundreds of kilometres across the Havre-Saint-Pierre anorthosite complex in the Grenville Province.

Over 80% of Go Metals' land package remains unexplored by the Company. Current exploration is focused on extending the original AirTEM survey flown in 2019.

Forward-Looking Information:

This press release may include “forward-looking information” (as that term is defined by Canadian securities legislation), concerning the Company’s business. Forward-looking information is based on certain key expectations and assumptions made by the Company’s management, including future plans for the exploration and development of its mineral properties, future production, reserve potential, and events or developments that the Company expects. Although the Company believes that such expectations and assumptions are reasonable, investors should not rely unduly on such forward-looking information as the Company can give no assurance, they will prove to be correct. Forward-looking statements in this press release are made as of the date of this press release. The Company disclaims any intent or obligation to publicly update any forward-looking information (whether because of new
