

# ICESoft announces postponement of filing its annual financial statements and MD&A for the year 2019 due to COVID-19 related delays

April 27, 2020 / by news release

CALGARY, ALBERTA, April 27, 2020, ICESoft Technologies Canada Corp. (the “Corporation” or the “Company” or “ICESoft”) has postponed filing its annual financial statements and management’s discussion and analysis for the year ended December 31, 2019 (collectively the “2019 annual documents”) due to delays caused by the COVID-19 pandemic.

ICESoft is relying on exemptive relief recently granted by Canadian securities regulatory authorities that allows it to delay the filing of its annual documents required by National Instrument 51-102 by April 29, 2020. In response to the coronavirus disease 2019 pandemic, securities regulatory authorities in Canada have granted a blanket exemption allowing issuers an additional 45 days to complete their regulatory filings.

ICESoft estimates that its 2019 annual documents will be available for filing at its earliest opportunity, which is expected to occur in early May 2020. Until such time as the 2019 annual documents are filed, ICESoft’s management and other insiders are subject to a trading blackout that reflects the principles contained in section 9 of National Policy 11-207 – Failure-to-File Cease Trade Orders and Revocations in Multiple Jurisdictions.

All material business developments since the date of the last interim financial statements have been press released and filed and copies of which are available on SEDAR at [www.sedar.com](http://www.sedar.com).
