NATURE OF OPERATIONS

ICESoft Technologies Canada Corp. (the "Corporation" or "ICESoft"), was incorporated on May 10, 2002 under the Canada Business Corporations Act. ICESoft and its subsidiaries develop and license a comprehensive suite of web technologies and Software as a Service (SaaS) solutions for both enterprise and government clients. The Corporation's primary products consist of its Clickware product, ICEfaces, and the SaaS-based Voyent Alert! Notification Service which is licensed to government and enterprise clients on a subscription basis.

ICESoft's head office is located at 340-600 Crowfoot Cres. N.W., Calgary, Alberta, Canada, T3G 0B4.

These condensed consolidated interim financial statements of the Corporation as at June 30, 2024 and December 31, 2023 and for the periods ended June 30, 2024 and 2023 ("Financial Statements") consist of the Corporation and its wholly-owned subsidiaries. ICESoft wholly owns ICESoft Technologies Holdings Ltd, which acts as the Corporation's main Canadian operating entity; and wholly owns ICESoft Technologies Inc., incorporated in the State of Delaware, which acts as the United States operating entity.

1. GOING CONCERN

These Financial Statements have been prepared on the basis that the Corporation will continue as a going concern, which assumes that the Corporation will be able to realize its assets and discharge its liabilities for the foreseeable future. Management is aware, in making its going concern assessment, of events and conditions that indicate the existence of a material uncertainty that may cast significant doubt upon the Corporation's ability to continue as a going concern.

As at June 30, 2024, the Corporation had negative net working capital of \$1,406,029 (December 31, 2023 - \$1,701,258) and an accumulated deficit of \$33,831,959 (December 31, 2023 - \$33,792,508). The Corporation incurred a net loss during the six months ended June 30, 2024 of \$104,558 (six months ended June 30, 2023 - \$580,152).

The Corporation has been able to generate positive cash flows from operations over each of the prior quarters. Whether and when the Corporation can generate sufficient operating cash flows to pay for its expenditures and settle its obligations as they fall due subsequent to June 30, 2024 is uncertain. Until this time, management may have to raise funds by way of debt or equity issuances. The Corporation will closely monitor its cash and will take the necessary measures to preserve cash, such as reducing spending as needed until the Corporation succeeds in gathering sufficient sales volumes to consistently achieve profitable operations and generate positive cash flows from operations.

These consolidated Financial Statements do not reflect the adjustments to the carrying values of assets and liabilities and the reported expenses and statement of financial position classifications that would be necessary were the going concern assumption inappropriate. These adjustments could be material.

2. BASIS OF PRESENTATION

- (a) Statement of compliance

These Financial Statements have been prepared in accordance with IAS 34 Interim Financial Reporting and International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"), and interpretations of the IFRS

ICEsoft Technologies Canada Corp.

Interpretations Committee (IFRIC's).

The Financial Statements were approved and authorized for issue by the Board of Directors on August 29, 2024.

(b) Basis of preparation

These Financial Statements have been prepared under the historical cost convention, except for certain financial instruments classified as financial instruments at fair value through profit and loss, which are stated at their fair value, and are expressed in Canadian dollars unless otherwise indicated. Other measurement bases used are detailed in the Corporation's annual consolidated financial statements ("Annual Financial Statements").

Certain comparative figures have been reclassified to conform to the current period's presentation.

The notes presented in these Financial Statements include only significant events and transactions occurring since the Corporation's last fiscal year end and are not fully inclusive of all matters required to be disclosed by IFRS in the Corporation's annual consolidated financial statements. As a result, these Financial Statements should be read in conjunction with the Annual Financial Statements.

These Financial Statements follow the same accounting policies and methods of application as the most recent Annual Financial Statements.

3. REVENUE

The Corporation disaggregates revenue by two major service lines: (1) "ICEfaces and Related Legacy Product" and (2) "Voyent Alert" revenue. Both categories include subscription revenue earned on software access licence agreements and support and maintenance revenue earned from providing customer-requested assistance and updates within the reporting period.

4. DEFERRED REVENUE

Timing differences between invoicing, cash collection, and revenue recognition result in accounts receivable and also result in deferred revenue on the consolidated statements of financial position. Amounts are billed in accordance with the terms of each customer contract. For most contracts, the Corporation receives payments for contract subscriptions prior to satisfying contracted obligations and recognizing revenue, resulting in deferred revenue.

The Corporation has a stock option plan ("the Plan"). Under the Plan, the Board of Directors of the Corporation may from time to time, in its discretion, grant to directors, officers, employees and

The Board of Directors will determine the price per common share and the number of common shares which may be allocated to each director, officer, employee and consultant and all other terms and conditions of the option, subject to the rules of the Canadian Securities Exchange (CSE), and the TSX Venture Exchange.

A summary of the Plan transactions for the six months ended June 30, 2024 and for the year ended December 31, 2023 are as follows:
