VANCOUVER, June 19, 2018 /CNW/ - Koios Beverage Corp. (CSE: SNP; OTC: SNOVF) (the "Company" or "Koios") is pleased to announce it has formed a new distribution partnership with 5 Star Nutrition, a major retailer of Sports nutrition, weight loss and vitamin products in the United States.

Koios is a leading developer and producer of Nootropic supplements and beverages - also known as 'smart drinks' - that use a proprietary blend of nootropics and natural organic compounds to enhance human productivity without using harmful chemicals or stimulants.

5 Star Nutrition is a leading retailer of supplements for fitness and health, and is now adding the Koios line of Nootropic products for enhancement of the human mind. 5 Star has more than 40 locations and last year launched 11 new outlets on military bases across the United States, offering military members and veterans significant discounts on products.

"We are incredibly excited to be working with 5 Star Nutrition," says Koios CEO Chris Miller. "They are among the most prominent and well-known nutrition franchises in the State of Colorado, and from a volume standpoint they are one of the biggest players in the region.

"They also share similar values when it comes to creating value for the public at large," Miller says. "They do a great job with their customers and they vet their vendors' products incredibly well."

Miller says 5 Star's thorough vetting of products meant the distribution contract took a long time and was hard won.

"We have been trying to work with them for years, because they really are a quality outfit," Miller said. "In the end, I think the recent creation of our new line of highly effective Nootropic powder supplements is what ultimately nudged them to start working with us."

5 Star has already placed its lead order for Koios powdered supplements to be sold first in its Colorado Springs outlets, and the company plans to also offer a line of Koios smart beverages as well.
