

Koios Partners with Rocky Mountain Soda on New Production Line

/NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES FOR DISSEMINATION IN THE UNITED STATES./

VANCOUVER, Aug. 27, 2018 /CNW/ - Koios Beverage Corp. (CSE:KBEV) (OTC:SNOVF) (the "**Company**" or "**Koios**"), is pleased to announce it has entered into a co-packaging agreement with Golden Global Goods, the parent company of Rocky Mountain Soda.

The agreement gives Koios access to Rocky Mountain's high-volume production line, so the functional beverage maker can now produce a lower minimum amount of product at any given time, while achieving the same cost-effectiveness that could otherwise only be gained through mass production.

"We can now tweak, innovate and create new additional products on demand, without being married to any one beverage or flavour," said Chris Miller, Koios founder and CEO. "The flexibility of producing in smaller batches allows us to be incredibly competitive by keeping less of our operating capital tied up in aging inventory.

"More of our resources can be focused on innovation and awareness of the brand which will drive sales," Miller added. "This new system creates several advantages over traditional models. Our production runs will remain short, which means we can move from one product to another easily. This method will reduce our costs on raw materials, shipping, storage, warehouse fees, production and co-packing.

Rocky Mountain Soda is known for its high quality, hand-crafted sodas made in small batches. Koios will purchase two new tanks on behalf of Rocky Mountain Soda, of which it will have priority use for two years under the exclusive agreement. The tanks will be used to mix and create Koios's beverages, made from a proprietary blend of nootropics.

"With this new relationship and this small investment into the Rocky Mountain Soda system, we can produce product at the same cost charged by large co-packers, but produce much smaller quantities," said Miller. "We can keep our margins strong, work in an organic facility and be incredibly nimble. Furthermore, with this model, we can also scale very quickly once we start adding large national retailers."

"We're not like a large beverage company that just pumps out millions of cans of the same product year after year," Miller explains. "We are constantly refining and improving our products, and for that reason we needed a more flexible and cost-effective system of production."

The production line may also be used in future by Koios's wholly-owned subsidiary, Cannavated, to produce its new line of CBD-infused beverages.

On behalf of the Board of Directors of the Company.

About the Company's Business

The Company, through its wholly-owned subsidiary Koios, Inc., is an emerging functional beverage

company which has a large and growing distribution network of retail locations across the United States in which to sell its products. Koios has relationships with some of the largest and most reputable distributors in the United States, including Europa Sports, SportLife Distribution, KeHE, and Wishing-U-Well. Together these distributors represent more than 80,000 brick-and-mortar locations across the United States - from sports nutrition stores to large natural grocery chains including Whole Foods and Sunflower markets. Through its partnership with Wishing-U-Well, Koios also enjoys a large presence online, including being an Amazon choice product.

Koios uses a proprietary blend of nootropics and natural organic compounds to enhance human productivity without using harmful chemicals or stimulants. Koios products can enhance focus, concentration, mental capacity, memory retention, cognitive function, alertness, brain capacity and create all day mental clarity. Its ingredients are specifically designed to target brain function by increasing blood flow, oxygen levels and neural connections in the brain.

Koios recently launched a wholly owned subsidiary, Cannavated Beverages Co. to develop a line of cannabis infused, brain-healthy drinks for the legal marijuana market.

Koios is one of the only drinks in the world to infuse its products with MCT oil. MCT oil is derived from coconuts and has been shown to help the body burn fat more effectively, create lasting energy from a natural food source, produce ketones in the brain, allowing for greater brain function and clarity, support healthy hormone production and improve immunity.
