

GLOBALIVE TECHNOLOGY REPORTS RESULTS FOR SECOND QUARTER OF 2019

TORONTO, ONTARIO – (August 27, 2019) Globalive Technology (TSX-V: LIVE) (the “Company”), a technology and software commercialization firm developing and investing in innovative solutions to disrupt traditional industries, including retail consumer finance, today announced its financial and operational results for the second quarter of 2019 (the “Financial Period”).

For a summary of the financial results, see the Selected Q2 Financial Highlights set out below as well as more detailed information contained in the Company’s interim financial statements and related management discussion and analysis quarterly highlights which are available on the Company’s SEDAR page at www.sedar.com.

SELECTED Q2 OPERATIONAL HIGHLIGHTS

Key operational developments for the Company in the second quarter of 2019 included:

- **Interest in FLX Holding Corp. / Flexiti Financial Inc.:** On January 9, 2019 and February 20, 2019, the Company announced it is exercising its call right to acquire 2629331 Ontario Inc. (“262 Ontario”), the controlling shareholder of FLX Holding Corp. (“FLX”), the parent company of Flexiti, under a previously disclosed put, call and right of first refusal agreement dated June 21, 2018. The exercise of the call right is subject to certain conditions precedent, including the Company’s satisfaction that adequate financing can be obtained to fund FLX and Flexiti. There can be no assurance at this time that a transaction will be completed.
- **Consolidated Billing Platform (Sponsor):** The Company has been engaged with its business partner, Sponsor Energy Inc. (“Sponsor”), in developing a utility commerce management platform that bundles the billing for utility services and other similar household bills into a single consolidated invoicing and payment regime for Neighbor Billing Inc. (“Neighbor”). On June 4, 2019, the Company completed a transaction to sever its relationship with Sponsor, with the result that the Company is now the sole owner of Neighbor and its associated intellectual property, but has granted limited licenses to Sponsor to allow it to use certain of the intellectual property for a business in the utilities market.
- **Blockchain/Cryptocurrency Business Ventures:** The Company continues to wind-down its business ventures in the blockchain and cryptocurrency space, including its former business ventures with HyperBlock Inc. and Business Instincts Group Inc.
- **Investments:** The Company has made and continues to make strategic investments in existing and potential future collaborators and other strategic partners. During the Financial Period the Company allocated a small amount of capital into Xtreme Blockchain Labs Inc. and PitchPoint Solutions Inc. After the Financial Period the Company also made a capital allocation in Civic Resources Group Inc.
