

## Canadian Metals appoints new member to the board of directors

MONTREAL, Sept. 17, 2018 -- **Canadian Metals Inc. (The “Company”)** (CSE: CME) is pleased to announce the appointment of Mr. Roger Urquhart to the board of directors.

Roger Urquhart is a graduate of McGill University in Montreal, he received his B.Eng./M.Eng. Metallurgy in 1968 and 1970. He also received his Ph.D. Metallurgy from the University of Witwatersrand, Johannesburg in 1973. He worked as Research Engineer from 1970-74 at Mintek in Johannesburg and from 1974-76 at QIT-Fer et Titane in Tracy. He then joined Chromasco in Beauharnois as Plant Metallurgist and Director of Metallurgy from 1976-80. From 1980 to 2012, at Fenco Lavalin, SNC-Lavalin and Hatch, in various functions as Director of Metallurgy and Vice-President he participated and was responsible for numerous feasibility studies, project executions and due diligence.

Much of his career is dedicated to ferroalloys including many silicon projects. He is the author of numerous technical papers and presentations at all the major metallurgy conferences.

**René Boisvert, President of The Company comments:** I feel very fortunate to have Roger joining our board. His vast experience in ferroalloys and silicon in particular will be welcomed as we are right now evaluating different proposals from major equipment suppliers and engineering firms to execute our feasibility study for the Phase I of the Baie-Comeau Silicon project. Roger is one of the very few technical experts in the world in this field and his contribution is welcomed for what I believe will be the most advanced silicon plant in the world.

**Roger Urquhart stated:** After hearing what The Company is planning to build in Baie-Comeau, a real technological breakthrough for silicon, I am excited to join and bring my experience and advice to the board and management of the company.

### **About Canadian Metals Inc.**

Canadian Metals is a diversified resource company focused on creating shareholder value through the development of large-scale industrial mineral portfolios in specific commodities and jurisdictions that will fuel the new energy economy. The company is uniquely positioned to pursue this strategy in silicon, precious and base metal assets.

### **Cautionary Statements Regarding Forward-Looking Information**

Certain statements included herein may constitute “forward-looking statements”. All statements included in this press release that address future events, conditions, or results, including in connection with the prefeasibility study, its financing, job creation, the investments to complete the project and the potential performance, production, and environmental footprint of the ferrosilicon plant, are forward-looking statements. These forward-looking statements can be identified by the use of words such as “may”, “must”, “plan”, “believe”, “expect”, “estimate”, “think”, “continue”, “should”, “will”, “could”, “intend”, “anticipate”, or “future”, or the negative forms thereof or similar variations. These forward-looking statements are based on certain assumptions and analyses made by management in light of their experiences and their perception of historical trends, current conditions, and expected future developments, as well as other factors they believe are appropriate in the circumstances. These statements are subject to risks, uncertainties, and assumptions, including those mentioned in the Corporation’s continuous disclosure documents, which can be found under its profile on SEDAR ([www.sedar.com](http://www.sedar.com)). Many of such risks and uncertainties are outside the control of the Corporation and could cause actual results to differ materially from those expressed or implied by such forward-looking statements. In making such forward-looking statements, management has relied upon a number of material factors and assumptions, on the basis of currently available information, for which there is no insurance that such information will prove accurate. All forward-looking statements are expressly qualified in their entirety by the cautionary statements set forth above. The Corporation is under no obligation, and expressly disclaims any intention or obligation, to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as expressly required by applicable law.

Neither the CSE nor its Regulation Services Provider accepts responsibility for the adequacy or accuracy of this release.
