Canadian Metals Announces Closing of First Tranche of Private Placement

December 21, 2020 Montréal, Québec. - Canadian Metals Inc. ("**CME**" or the "**Corporation**") (**CSE: CME**) is pleased to announce that it has completed a first tranche of its previously announced non-brokered private placement (the "**Private Placement**"), pursuant to which it has issued an aggregate of 4,375,000 units (each, a "**Unit**") at a price of \$0.08 per Unit for gross proceeds of \$350,000.

Each Unit will be comprised of one common share in the capital of the Corporation (each, a "**Share**") and one non-transferable share purchase warrant (each, a "**Warrant**"). Each Warrant will entitle the holder to purchase one additional Share in the capital of the Corporation (each, a "**Warrant Share**") for a period of 24 months from the closing date at an exercise price of \$0.15. Insiders may participate in the Private Placement.

Certain insiders of the Corporation subscribed for a total of 2,625,000 Units under the Private Placement, which is a "related party transaction" within the meaning of Multilateral Instrument 61-101 Protection of Minority Security Holders in Special Transactions ("**MI 61-101**"). The issuances to the insiders are exempt from the valuation requirement of MI 61-101 by virtue of the exemption contained in section 5.5(b) as the Corporation's shares are not listed on a specified market and from the minority shareholder approval requirements of MI 61-101 by virtue of the exemption contained in section 5.7(a) of MI 61-101 in that the fair market value of the consideration of the securities issued to the related parties did not exceed 25% of the Corporation's market capitalization. The Corporation did not file a material change report more than 21 days before the expected closing of the Private Placement as the details of the Private Placement and the participation therein by related parties of the Corporation were not settled until shortly prior to closing and the Corporation wished to close on an expedited basis for sound business reasons.

All securities issued in respect of the Private Placement will be subject to a hold period of four (4) months and a day from closing of the Private Placement in accordance with securities laws.

The proceeds of the Private Placement will be used for general working capital.
