The accompanying notes to the unaudited condensed interim consolidated financial statements are an integral part of these statements.

1. Nature of Operations and Going Concern

Revive Therapeutics Inc. ("Old Revive") was incorporated pursuant to the provisions of the Business Corporations Act (Ontario) on August 7, 2012.

Mercury Capital II Limited ("Mercury") was incorporated under the Business Corporations Act (Ontario) on March 27, 2012 with the intent on becoming a "Capital Pool Company" ("CPC") pursuant to Policy 2.4 - Capital Pool Companies (the "CPC Policy") of the TSX Venture Exchange (the "Exchange"). On December 30, 2013, the Company (as defined below) completed a triangular amalgamation whereby Old Revive shares were exchanged for Mercury shares on the basis of one (1) Mercury share for each one (1) Old Revive share (the "Amalgamation"). The Amalgamation was accounted for as a reverse takeover ("RTO") whereby Old Revive was identified as the acquirer for accounting purposes. The transaction was Mercury's Qualifying Transaction (as such term is defined in the CPC Policy) completed in accordance with the policies of the Exchange. Mercury had no significant assets other than cash with no commercial operations at the time of the RTO. Concurrently with the completion of the RTO, Mercury changed its name to "Revive Therapeutics Ltd." (the "Company" or "Revive").

The Company is focused on the development and commercialization of drugs for underserved medical needs. The Company's registered and legal office is located at 5 Director Court, Suite 105, Vaughan, Ontario, L4L 4S5.

These unaudited condensed interim consolidated financial statements were prepared on a going concern basis of presentation, which assumes that the Company will continue operations for the foreseeable future and be able to realize the carrying value of its assets and discharge its liabilities and commitments in the normal course of business. To date, the Company has not earned revenue and has an accumulated deficit of $4,363,594 as at September 30, 2015 (June 30, 2015 - $3,450,795). As at September 30, 2015, the Company had cash and cash equivalents of $1,790,469 (June 30, 2015 - $2,492,072) and a working capital of $1,409,803 (June 30, 2015 - $2,279,058). The Company’s ability to continue as a going concern is dependent upon its ability to obtain additional financing and or achieve profitable operations in the future. Management is aware, in making its assessment, of material uncertainties related to events or conditions that cast substantial doubt upon the Company's ability to continue as a going concern. These unaudited condensed interim consolidated financial statements do not reflect adjustments that would be necessary if the going concern assumption were not appropriate. These adjustments could be material. Management is actively pursuing funding options, being financing and alternative funding options, required to meet the Company's requirements on an ongoing basis.

2. Significant Accounting Policies

Statement of compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board (“IASB”). These unaudited condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full audited annual financial statements.

The policies applied in these unaudited condensed interim consolidated financial statements are based on IFRS issued and outstanding as of November 25, 2015, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these unaudited condensed interim consolidated financial statements as compared with the most recent annual consolidated financial statements as at and for the year ended June 30, 2015. 2. Significant Accounting Policies (continued)

Recent accounting pronouncements

IFRS 9 - Financial Instruments ("IFRS 9") was issued by the IASB on November 12, 2009 and then issued in its final form on July 24, 2014 and will replace IAS 39 - Financial Instruments: Recognition and Measurement ("IAS 39"). IFRS 9 replaces the multiple rules in IAS 39 with a single approach to determine whether a financial asset is measured at amortized cost or fair value and a new mixed measurement model for debt instruments having only two categories: amortized cost and fair value. The approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 39. IFRS 9 is effective for annual periods beginning on or after January 1, 2018. The Company is in the process of assessing the impact of this pronouncement.

IFRS 15 - Revenue from Contracts with Customers ("IFRS 15") was issued by IASB in May 2014, replacing IAS 11 - Construction Contracts, IAS 18 - Revenue, and several revenue-related interpretations. IFRS 15 establishes a single revenue recognition framework that applies to contracts with customers. The standard required an entity to recognize revenue to reflect the transfer of goods and services for the amount it expects to receive, when control is transferred to the purchaser. Disclosure requirements have also been expanded. IFRS 15 is effective for years beginning on or after January 1, 2018, with early adoption permitted. The standard may be applied retrospectively or using a modified retrospective approach. The Company is in the process of assessing the impact of this pronouncement.
