

Auxellence Announces TULIP™ Pre-Order Availability

VANCOUVER, BC, Monday, October 6, 2014 – Auxellence Health Corporation (CSE: AID) today announced that it will accept pre-orders from Canada and Europe for up to 1,000 Tulip™ units, at a yearly rate of \$1,200 per unit, with a lead-time of up to six months.

Following the completion of orders for the Pioneer Edition of Tulip™, the company is preparing to start production at its Ontario facility. The volume and the lead-time reflect the company's strategy of addressing the worldwide demand for autonomous health care with a uniquely comprehensive offering.

About Tulip™

TULIP™ is a medical device recently cleared for sales in Canada and Europe as a blood pressure monitor with interactive protocols. The device enables physiologically interactive health apps useful in testing, tracking, and treating common health conditions. The online system is aimed primarily at “practicing patients” interested in normalizing blood pressure, blood glucose, and body weight. Session schedules, measurement procedures, and conditioning protocols are prescribed automatically by the system from extemporaneous data acquired from the user.

About Auxellence Health Corporation (CSE:AID)

Auxellence is a technology company engaged in the provision of biomedical online services for common health problems. The company offers an extensive platform for physiologically interactive computing supporting therapeutic-diagnostic (theranostic) devices, expert systems, and recommender applications for personal health management. The initial focus is on weight management and skin conditions.

Disclaimer for Forward-Looking Information

Statements in this press release regarding the Company which are not historical facts are “forward-looking statements” that involve risks and uncertainties. Such information can generally be identified by the use of forwarding-looking wording such as “may”, “will”, “expect”, “estimate”, “anticipate”, “intend”, “believe” and “continue” or the negative thereof or similar variations. Since forward-looking statements address future events and conditions, by their very nature they involve inherent risks and
