About Auxellence Health Corporation (www.auxellence.com) (CSE: AID, OTCQB: AXHLF)

Auxellence is a technology company engaged in the provision of biomedical online services for common health problems. The company offers an extensive platform for physiologically interactive computing supporting therapeutic-diagnostic (theranostic) devices, expert systems, and recommender applications for personal health management. The initial focus is on weight management and skin conditions.

Safe Harbour Statement - Disclaimer for Forward-Looking Information

Statements in this press release regarding the Company which are not historical facts are "forward-looking statements" that involve risks and uncertainties. Such information can generally be identified by the use of forwarding-looking wording such as "may", "will", "expect", "estimate", "anticipate", "intend", "believe" and "continue" or the negative thereof or similar variations. Since forward-looking statements address future events and conditions, by their very nature they involve inherent risks and uncertainties. Actual results could differ materially from those currently anticipated in such statements due to factors. The Company does not intend to update any changes to such statements, except as required by law. Although Management believes that the expectations represented in such forward-looking statements are reasonable, there can be no assurance that such expectations will prove to be
