EVITRADE Health Systems Announces TULIP™ System Testing to begin in Asia

VANCOUVER, BC, Thursday, October 13, 2016 – EVITRADE Health Systems Corp. (CSE:EVA, OTCQB: AXHLD) (the “Company” or “EVITRADE”) announces TULIP™ system testing to begin in Asia, (Hong Kong, Hangzhou, Nanning and Taiwan).

"With our doctor-supervised TULIP™ study and sponsored research program showing satisfactory progress in North America, we are now looking to Asia to begin testing of the TULIP™ outpatient consumer health system. The focus will be on marketability and usability in both a clinical and home setting", said Syd Au, Chairman and CEO.

About EVITRADE Health Systems Corporation (CSE: EVA, OTCQB: AXHLD)

EVITRADE (formerly Auxellence Health Corp.), was founded in 2013 to provide online services for resolving common health problems.

The company offers a physiologically interactive computing platform that integrates medical devices and artificial intelligence applications into a fully automated, personal health management system for hypertension, arrhythmia, diabetes, and obesity.

The current focus is on the normalization of cardiometabolic power in terms of blood pressure, blood glucose, and body weight – and the monitoring of the physiological response to medical solicitations, mainly medication, diet, exercise, and lifestyle changes.

About TULIP™

The TULIP™ system is an online self-service intended for adults interested in normalizing blood pressure, heart rate and rhythm, blood glucose, and body weight. Measurement procedures, conditioning protocols, and session schedules are prescribed automatically from data acquired by the user's TULIP™ device – a blood pressure monitor with interactive protocols that can feed medical records and expert systems useful in testing, tracking and treating common health conditions.

The Tulip™ medical device has received Health Canada and CE Mark certifications.
