

## EVITRADE Health Announces LOI with Tree Chest Safety Corp. To Bring Healthcare Safety to a New Level

VANCOUVER, BC, Thursday August 23, 2018 – EVITRADE Health Systems Corp. (CSE:EVA, OTCQB:AXHLF) (the “Company” or “EVITRADE”) announces the signing of a non-binding letter of intent (“LOI”) with Tree Chest Safety Corp. (TREE). TREE manufactures and markets lockable air tight storage compartments specifically designed to store and preserve products while preventing children from accessing the contents.

“We look forward to leveraging TREE’s assets and industrial design and also look at their product with the potential of an ISO13485 medical device application” said C.K. Cheung, CEO of EVITRADE.

“This technology furthers the development of offerings for the company’s end to end healthcare systems” continued C.K. Cheung, “The Company is excited to adding this diversity to the Company’s offerings”.

Pursuant to the LOI with TREE, Evitrade has agreed to negotiate with TREE to complete a transaction (the “Proposed Transaction”) whereby Evitrade will acquire all of the outstanding shares of TREE for a combination of cash and shares. The result of the Proposed Transaction would be that TREE would become a wholly-owned subsidiary of Evitrade.

Management continues to strive to seek optimal business and commercialization strategies for the Company. Due to confidentiality provisions in the non-binding LOI, full details of the transaction will be available upon a final definitive agreement.
