

EVITRADE To Add a Supply Chain Management Element to Its Hemp Based Business Assets

VANCOUVER, BC, Friday September 14, 2018 – EVITRADE Health Systems Corp. (CSE:EVA, OTCQB: EVAHF) (the “Company” or “EVITRADE”) announces the signing of a non-binding letter of intent (“LOI”) with Western Agri Supply Solutions Corp. (“WASSC”). WASSC is an agricultural supply company that is in the business of supply sourcing and supply-chain management in the industrial Hemp markets.

“We are excited to be adding a hemp supply solution to our portfolio of Hemp assets” said C.K. Cheung, CEO of EVITRADE; “Closing the supply loop that we require for the successful operation of an extraction operation will be key to controlling one’s destiny in the ever increasingly competitive space of the North American Hemp industry.”

“Managing our own supply-chain only makes sense to us. Through this we will be better able to manage pricing and ultimately, margins for the company.” Continued C.K. Cheung.

The LOI with Western Agri Supply Solutions Corp. is pursuant to Evitrade negotiating with WASSC to complete a transaction (the “Proposed Transaction”) whereby Evitrade will acquire all of the outstanding share of WASSC in exchange for an aggregate of up to 20,000,000 shares of Evitrade issued at the deemed price of \$0.30 per share. The result of the Proposed Transaction would be that WASSC would become a wholly-owned subsidiary of Evitrade.

Management continues to strive to seek optimal business and commercialization strategies for the Company. Due to confidentiality provisions in the non-binding LOI, full details of the transaction will be available upon a final definitive agreement.
