**NEWS RELEASE**

August 4, 2023

**CSE: FUTR**  
**OTC: GFTRF**  
**FSE: G6M**

**GOLD'N FUTURES UPDATES UNITS OFFERING**

VANCOUVER, BC – (Newsfile – August 4, 2023) **GOLD'N FUTURES MINERAL CORP.** (CSE: FUTR) (FSE: G6M), (OTC: GFTRF) (the “**Company**” or “**Gold'n Futures**”) is pleased to provide an update respecting its non-brokered, private placement. The announcement of the offering was made yesterday in Gold'n Futures' news release, dated August 3, 2023. This Private Placement will comprise up to 18,000,000 units (“Units”) with each Unit consisting of one common share in the capital of the Company (“Common Share”) and one Common Share purchase warrant (“Warrant”). Each Unit is priced at \$0.015 and the total offering is for approximately \$270,000.

Each Warrant shall be non-transferable and exercisable to acquire one common share of the Company (a “Warrant Share”) at C\$0.05, for a period of 24 months from the closing date of the Private Placement.

The securities sold pursuant to the Private Placement including the Common Shares and Warrant Shares, will be subject to a four month and one day hold period in Canada and thereafter will be freely tradable.

The net proceeds of the Private Placement will be used to advance the Company's Hercules project and for general working capital purposes.

**About Gold'n Futures Mineral Corp.**

Gold'n Futures Mineral Corp. (CSE: FUTR) (FSE: G6M) (OTC: GFTRF) is a Canadian-based, exploration company focused on advancing its Hercules gold project. The Hercules is located 220 km northeast of Thunder Bay, Ontario, in the townships of Elmhurst and Rickaby, within the Thunder Bay North Mining District. The Project is in the heart of the Beardmore – Geraldton gold mining camp, the 4<sup>th</sup> largest gold camp in Ontario and is 40 km west of the Equinox Gold's Greenstone gold mine which reportedly hosts 6.9 million ounces in its Measured and Indicated Resources. The Property comprises 475 contiguous claim cells (10,052 ha). From the historical work and its own drill and geophysical programs, the Company has built an extensive database including reconnaissance grab samples; channel samples; a variety of geophysical surveys; and a drill hole database that includes historical and current drilling totalling in the order of 547 holes and 114,000 meters of available drill core.

**Forward-Looking Statements:**

*This news release includes certain forward-looking statements and forward-looking information (collectively, "forward-looking statements") within the meaning of applicable Canadian securities legislation. All statements, other than statements of historical fact, included herein including, without limitation, statements regarding the trading of the Company's common shares on the Canadian Securities Exchange, future capital expenditures, anticipated content, commencement, and cost of exploration programs in respect of the Company's projects and mineral properties, anticipated exploration program results from exploration activities, resources and/or reserves on the Company's projects and mineral properties, and the anticipated business plans and timing of future activities of the Company, are forward-looking statements. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Often, but not always, forward looking information can be identified by words such as "pro forma", "plans", "expects", "will", "may", "should", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates", "believes", "potential" or variations of such words including negative variations thereof, and phrases that refer to certain actions, events or results that may, could, would, might or will occur or be taken or achieved. In making the forward-looking statements in this news release, the Company has applied several material assumptions, including without limitation, that market fundamentals will result in sustained precious and base metals demand and prices, the receipt of any necessary permits, licenses and regulatory approvals in connection with the future exploration of the Company's properties, that the COVID-19 global pandemic will not affect the ability of the Company to conduct the exploration program on the Hercules Gold Project, the availability of financing on suitable terms, and the Company's ability to comply with environmental, health and safety laws.*

*Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to differ materially from any future results, performance or achievements expressed or implied by the forward-looking statements. Such risks and other factors include, among others, statements as to the anticipated business plans and timing of future activities of the Company, including the Company's option to acquire the Hercules Gold Project, the proposed expenditures for exploration work thereon, the ability of the Company to obtain sufficient financing to fund its business activities and plans, delays in obtaining governmental and regulatory approvals (including of the Canadian Securities Exchange), permits or financing, changes in laws, regulations and policies affecting mining operations, risks relating to epidemics or pandemics such as COVID-19, including the impact of COVID-19 on the Company's business, financial condition and results of operations, the Company's limited operating history, currency fluctuations, title disputes or claims, environmental issues and liabilities.*

*Readers are cautioned not to place undue reliance on forward-looking statements. The Company undertakes no obligation to update any of the forward-looking statements in this news release except as otherwise required by law.*
