Dear Sirs/Mesdames;

**Re: Orca Touchscreen Technologies Ltd. (the "Issuer")**  
**SEDAR Filing Project Number: 02323001**  
**Submission Number 2 - Amended Material Document**  
**Filed 08 December 2015**

An Amendment to Services Agreement dated October 31, 2015 was filed under the above Project on December 8, 2015 as submission number 2 as an amended material document.

That Amendment was incorrectly executed as S. Jeong had signed as both authorized signatory of the Issuer and as witness to that signature, and these typed signatures were reflected in Submission 2.

That Amendment has now been correctly executed with G. Woo signing as authorized signatory of the Issuer and S. Jeong signing as witness to that signature.

Accordingly, we now submit for filing the AMENDED Amendment to Services Agreement marked "*Amended SEDAR Version*" in the header, which reflects G. Woo as authorized signatory of the Issuer and S. Jeong as witness to that signature.
