Toronto, CANADA, October 5, 2018 – On October 3, 2018, Sasha Jacob acquired ownership or control of an aggregate of 49,800,000 common shares (**Common Shares**) in the capital of Biome Grow Inc. (the **Company** or **Biome**), representing approximately 46.4% of the Company's issued and outstanding Common Shares, in connection with the closing of a three-cornered amalgamation transaction (the **Transaction**) made pursuant to an amalgamation agreement dated April 25, 2018 among Biome, Cultivator Catalyst Corp. In connection with the Transaction, CCC common shareholders received five Common Shares for each common share of CCC held and the sole CCC special class C shareholder received one special class C share in the capital of the Company (**Special Class C Shares**), resulting in an aggregate of 106,164,475 Common Shares and one Special Class C Share being issued to former CCC shareholders. In addition, all of the outstanding common share purchase warrants of CCC were exchanged for common share purchase warrants of the Company on a five-for-one basis and on substantially similar economic terms and conditions as previously issued. Following the completion of the Transaction, CCC is now a wholly-owned subsidiary of the Company. The Company will conduct the principal business of CCC, as described in greater detail in the Listing Statement (a copy of which is available on SEDAR).
