

Biome Grow Welcomes Former Ontario Minister of Health, George Smitherman as Senior Vice President of Corporate Affairs

Toronto, Ontario (March 15, 2019)– Biome Grow Inc. (**“Biome” or the “Company”**) (CSE: **BIO**) (Frankfurt: **6OTA**) (OTCQB: **BIOIF**) – We are pleased to announce that Mr. George Smitherman has joined Biome Grow’s executive management as Senior Vice President of Corporate Affairs. In this role, George will be leveraging his experience and knowledge in the Canadian health care sector to accelerate Biome’s growth in new operating verticals. His portfolio of responsibilities will include clinical infrastructure in Canada and international markets, domestic retail operations, and international regulatory development work in jurisdictions that are looking to launch medical cannabis programs.

George has served as a Member of the Ontario Legislature for a 10-year period in both opposition and government, where he was appointed Deputy Premier and then Minister of Health and Long-Term Care for 5 years. As a Director of Biome Grow, George has been instrumental with the company since its inception. George will remain a board member while in this role.

“George is an exceptional addition to our team and has the experience to enhance our global expansion strategy, lead our clinical strategy and retail plans which are expected to be launched in 2019,” said Khurram Malik, Biome Grow CEO. “George’s expertise in health policy and green energy and infrastructure, provides Biome Grow with a unique competitive advantage as we look to enhance the Biome platform in 2019 and beyond.”

Biome is a Canadian-based company with national and international business interests.

Forward-looking Statements

This news release contains forward-looking statements and forward-looking information within the meaning of applicable securities laws. These statements relate to future events or future performance. All statements other than statements of historical fact may be forward-looking statements or information. Generally, forward-looking statements and information may be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "proposed", "is expected", "budgets", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases, or by the use of words or phrases which state that certain actions, events or results may, could, would, or might occur or be achieved. Such forward-looking statements and information reflect management's current beliefs and are based on assumptions made by and information currently available to Biome, including, among other things, assumptions and expectations with respect to: Biome's global expansion strategy, clinical strategy and retail plans, the Cannabis Act and its regulations continuing to exist and operate as expected; changes in cannabis research or the general public's perception of cannabis; and the ability to operate the business as expected.

These forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially from those expressed or implied in the forward-looking statements. Readers are further cautioned not to place undue reliance on forward-looking statements as there can be no assurance that the plans, intentions or expectations upon which they are placed will occur. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated. The forward-looking statements speak only as of the date on which they are made, and Biome, or any of its subsidiaries undertakes no obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise, except as required by law. The forward-looking statements contained in this news release are expressly qualified by this cautionary statement.
